MORO, SHERMAN CO., OREGON

WEDNESDAY, NOVEMBER 21, 1907

Entered second class matter at the post office at Moro, for transmission through the United States mails.

There is not a business within the range of Sherman county (large or small) that would not be benefited by an advertisement in THE OBSERVER.

The OBSERVER has a fine stock of blank paper now and is prepared to turn out the finest, most and most artistic job work. We have the material to do it with; material that no other office has. Call and see us.

THE WONDERS OF SCIENCE.

Lung Troubles and Consumption Can be Cured.

An eminent New York chemist and scientist makes a free offer to cure readers.

The distinguished New York chemist, T. A. Shuman, demonstrating his discovery of a reliable and absolute cure for Consumption (Pulmonary Tuberculosis) and all bronchial, throat, lung and chest diseases, stubborn coughs, external effusions, general decline and weakness, loss of sleep and all conditions of wasting away, will send THREE FREE BOTTLES of his "New Scientific Treatment" to any afflicted reader of THE OBSERVER writing for them. His "New Scientific Treatment" has cured thousands permanently by its timely use, and he considers it a simple professional duty to send this simple professional duty to suffering humanity to donate a trial of his infallible cure.

Science daily develops new wonders and this great chemist, patiently experimenting for years, has produced results as beneficial to humanity as can be claimed by any modern genius. His assertion that lung troubles and consumption are curable in any climate is proven by his letters of gratitude from grateful patients and European laboratories in thousands from those cured in all parts of the world.

Medical experts concede that bronchial chest and lung troubles lead to consumption which, untreated, means speedy and certain death.

Simply write to T. A. Shuman, M. C., 38 Pine Street, New York, giving postoffice and express address, and the free medicine will be promptly sent. Sufferers should take instant advantage of his generous proposition.

Please tell the Doctor that you saw his offer in THE OBSERVER.

REWARD OFFERED FOR STRAY HORSES.

One dark brown mare, six years old, branded with a bar through it, on the right shoulder. Also one dark bay horse, two years old, branded the same.

MRS. L. H. SMITH, Hatfield, Oregon.

Page & Parry are building a brick chimney on the City Market building.

A new broom sweeps clean, but an old one gets into the corners far better.

Send in your name for THE OBSERVER; fifty-two issues all for one dollar.

I. O. Thompson lost part of his left thumb last week spitting kindlings.

The mother of our next door neighbor, Mr. Hadley, is enjoying her visit to Moro this winter.

Rev. J. W. Jenkins will preach in the Christian church at Wasco, on the last and first Sundays of each month, hereafter.

Wasco's feed and livery stable, J. M. Hoag proprietor, is one of the best places in the county to put up at. Best of feed and lots of it.

The best crops of wheat in Sherman county this year were put in either with the McSherry drill or the Right Lap, for sale by Moore Bros., Moro.

Mrs. Wm. Ralston died at Albany recently. She was a pioneer, and a sister of Judge O. N. Denny. Mrs. R. F. Pike, and a cousin of Hon. M. C. George.

The crop of 1854 Oregon boys includes Senator Geo. W. McBride, Judge R. S. Bean, Judge Taylor, ex-state Printer Frank C. Baker and Col. Robert A. Miller.

Farmers, have your envelopes printed with your return address on them? We will print 100 for \$1.00, 200 for \$1.75 and 300 for \$3.00, and furnish the envelopes. Call and see samples.

Speaking about blankets. None finer were ever seen than those on sale at the Moro Mercantile Co. stores in Sherman county. All wool, more than two yards wide and as cheap as dirt.

R. J. Ginn sold the Flying Dutchman gang plows in Sherman county, said to be the best plow in use. At all events he sells them on trial and if the plow don't come up to recommendations you can get your money back.

A Grass Valley man who was inspecting a pistol in Geo. Bourhill's office that was said to be a "dangerous weapon," remarked that if any man was to shoot him with it, and he found it out, it would go hard with the shooter.

Mrs. M. M. King is at present with her husband, Michael, who has for a long time past been a patient in a Portland hospital. Mr. King is now able to set up a little every day and hopes of his final recovery are quite cheering.

D. J. Hayes, one of our new comers, is not a stranger in these parts. In early days he brought the first load of goods here, for the Barnum store. He brought in a fine bunch of Jersey cows last week. He has purchased an interest in the Altamont stables.

Somebody around the foolish story around that A. E. Cousins' neighbors in Moro was a cold place. The fellow never had been there. The baths may be taken as hot as one likes, and none go away dissatisfied. A good smooth shave or a first class hair cut by Cousins is the next best thing in Moro, at the new Bath House and Tonsorial Parlor, opposite Bolton & Co.'s drug store.

Our young friend Arthur (Ginn) hands in for publication the nine longest words in the English language at the present writing. Can you pronounce them? Incomprehensibility. Subconsciousness. Philoprogenitiveness. Honorificabilitudinitatibus. Disproportionableness. Anthropophagularian. Transubstantiation. Pronouns. Transubstantiation.

The E. Jacobsen Book and Music Co., at The Dalles, have long held the lead in the music and piano business of the Walling Empire, and the way they do it is easy to understand. They will not deceive a customer themselves nor permit any other company to practice deception in selling musical goods. If Jacobsen knew of such practices exposure is certain. That's why people rely upon The Jacobsen Company.

The work of grading the Moro public schools goes on satisfactorily. The directors are doing all they can for the good of the district, ably seconded by the efficient teachers, but that isn't all that is necessary. Parents must interest themselves if the schools are to become a success. Visit the schools, and above everything remember the words of Rev. Nickelson; in his first Moro sermon, if you must criticize do not do so in the presence of your children.

"Plant the Yakima Apple and make money," is good advice from Tillett. The Yakima is the best apple in the world, a beautiful red and keeps till June. He sells good healthy trees at 10 cents each; standard grades delivered in Wasco at \$6.50 per 100; No. 2 grade \$3.00. Red Cuthbert raspberries \$1.50 per 100; 100 makes a splendid family patch. Blackberries \$1.00 per 100. The famous Hood River Strawberry, the best shipper in the world, \$3.00 per 1,000. Address the Hood River Nursery, Hood River, Oregon.

The M. M. Co. are agents, for the New Deal plows made by John Deere.

Mrs. Wm. Henrichs was taken painfully ill Saturday, and is now quite low.

Johnny McAllister, formerly of Croy, was married in The Dalles on the 8th to Miss Grace Bruna.

Dr. J. C. Lannier, Eye Specialist, office in the Vogt block, The Dalles, Or. Glasses fitted by the most scientific method known.

You know about how much you are indebted to THE OBSERVER. Please call for your statement. Everybody's back account must be settled this fall.

E. Jacobsen, the jolly head of the Jacobsen Music Co., was on a business trip last week to Wasco, Grass Valley and Moro. Jake is always loaded for the musical classes.

Geo. W. McNear, the leading wheat dealer of San Francisco, has bought \$300,000 worth of wheat property in Portland and will in future identify himself with Oregon interests more closely.

When you drive to Wasco with a load of wheat you will see the Columbia Commercial Co.'s big sign just west of the county road, and there is where you will get your wheat stored and forwarded for 35c per ton.

Dr. Sanders will be in Sherman county as follows: November 29th to December 5th inclusive, at Wasco. At Moro, December 6th to the 12th, inclusive. At Grass Valley, December 13th till the evening of the 16th. More dates to follow.

J. W. Kunsman of Falls City, has the contract for building T. M. Anderson's new house and barn, including the masonry work and painting. Work begun last week. The house will be built amongst the trees in a chosen spot near the gate.

Maier & Benton, the leading dealers in The Dalles, inform us that there seems to be a regular rush to secure air-tight heaters this winter. They claim to have the best in the world and their claim appears to be substantiated by the record of their sales. See ad.

A great reduction in ladies winter coats and hats at the Moro Mercantile company's store in Moro. This clearance sale will commence on Friday morning Nov. 20th and keep up until all are sold. These goods will be sold for just a little over one half the former prices; they must go, we want the room. Don't forget the date if you want a hat or cloak.

Blood and Nerves are very closely related. Keep the blood rich, pure and healthy, with Hood's Sarsaparilla and you will have no nervousness.

Hood's Pills are best after-dinner pills, aid digestion, prevent constipation.

Everybody will want to buy something for the holidays. E. Peoples, at the Moro Furniture store, can come nearer accommodating everybody than any dealer we know of in Sherman county from a nice piece of furniture to a complete suite. Besides furniture he has a grand assortment of useful and ornamental articles, all fresh, new, nice and complete. Call and see.

C. W. Stokes left Moro Sunday for his Lebanon home to eat turkey with his family. He will be back about the first of the year to work on buildings in contemplation. Charley has made things hum during his short residence among us, and leaves behind him several neat and substantial buildings erected for A. E. Cousins, the Moro Mercantile Co., in Klondyke and Monkland, the residence of N. P. Hansen at Monkland, and the Moro foundry. In all of his building operations he has much more than pleased the owners.

Jack Frost paid Moro a hasty visit early Saturday morning, that was strictly one of business. He had announced by a little flurry of snow and a breeze directly from Prof. Andrews' headquarters, but as usual, people were doubtful of the credentials of the messengers and made no preparation for his reception. There was no doubt about Jack's presence. The woman who left her house-plants exposed knew that he had come when she saw their draggled and blackened remains. So did her husband as he stepped out of doors and suddenly smote the glaze of ice in his path with his spine.

That special train of Portland merchants know nothing about Sherman county. They never stopped. It isn't actually essential that they should do so, however. If they'd follow the example of the G. Heitkemper Co., A. B. Steinbach & Co., and others who present their respects to the people through THE OBSERVER columns, a pleasant business acquaintance would soon spring up between Sherman county and Portland. We recommend the firms above referred to. They are the leading jewelers and clothiers in the metropolis, and the simple fact that they advertise here ought to be sufficient to show that they are not always putting their hands in the people's flour barrels and clothes chests without doing something to replace what they take out.

The way to introduce a good thing that people really want is to money-back it.

Schilling's Best

tea, coffee, molasses, baking powder, flavoring extracts and spices

for example.

For sale by Moro Mercantile Co

\$2000.00

Brown ticket in every package of Schilling's Best baking powder.

Yellow ticket in every package of Schilling's Best tea.

Schilling's Best baking powder and tea are because they are money-back.

What is the missing word?—not SAFE, although Schilling's Best baking powder and tea are safe.

Get Schilling's Best baking powder or tea at your grocers'; take out the ticket (brown ticket in every package of baking powder; yellow ticket in the tea); send a ticket with each word to address below before December 31st.

Until October 15th two words allowed for every ticket; after that only one word for every ticket.

If only one person finds the word, that person gets \$2000.00; if several find it, \$2000.00 will be equally divided among them.

Every one sending a brown or yellow ticket will receive a set of cardboard creeping babies at the end of the contest. Those sending three or more in one envelope will receive an 1898 pocket calendar—no advertising on it. These creeping babies and pocket calendars will be different from the ones offered in the last contest.

Better cut these rules out.

Address: MONEY-BACK, SAN FRANCISCO.
