The artist who is in search of attitudes descriptive of torture, and poses depicting suffering, need not go to the Christian martyrs of old. If he could only see through the walls into tens of thousands of homes all over this land, he would see women undergoing tortures in silence without complaining, before which the brief ordeals of the martyrs pale into nothingness.

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangement of the delicate and important organs that are distinctly feminine. One of the worst effects of troubles of this kind is upon the nervous system. The tortures so bravely endured completely and effectually shatter the nerves. Dr. Pierce's Favorite Prescription is an unfailing cure for all weaknesses and disease of the feminine organism. It makes it strong and healthy. It allays inflammation, heals ulceration and soothes pain. It checks exhausting drains and tones and builds up the nerves. It fits for wifehood and motherhood. Good medicine dealers sell it, and have nothing "just as good."

"Since my last child was born, thirteen years ago, I have suffered from uterine trouble," writes Mrs. Paul Devraine, of Jellico, Campbell Co., Tenn. "I consulted several doctors and took much medicine, but found no relief. I had very bad health for twelve years. Every month I was in bed a week before the monthly period and a week after. I was obliged to keep in bed for four months last summer. I was just like a corpse. I lost twenty-six pounds in four months. I was coughing so much I was considered in consumption. I suffered severely from pains in my back, bearing down pains in the womb, chills and cold sweats. After taking four bottles of Dr. Pierce's Golden Medical Discovery my coughing stopped, and after six bottles of Dr. Pierce's Favorite Prescription my periods became regular and were passed without pain. Now I am fleshy, more so than ever before. My neighbors are surprised to see me in such good health after having seen me so low."
