Every woman should know that there is a great home medical book that tells all about the reproductive physiology of women, and all about the usual suffering of women, and all about the treatment of gynecological ailments. It is called "Dr. Pierce's Common Sense Medical Adviser." It is used to cure 50,000,000 women every year. It is a limited time offer. It will be given away free.

This great book contains the names, addresses, photographs and experiences of hundreds of women who were once poor, less healthy, but who have been restored to robust womanly health by the use of Dr. Pierce's Favorite Prescription. This marvelous medicine acts directly on the delicate organs distinctly feminine. It makes them strong, healthy, vigorous, virile and elastic. It fits for school and motherhood. It banishes the usual suffering of motherhood of its perils. It insures the robust health of the little new-comer and a beautiful supply of nature's nourishment. It transforms weak, sickly, nervous invalids into healthy, happy wives and mothers. For a paper-covered copy of Dr. Pierce's Common Sense Medical Adviser, send 21 one-cent stamps, to cover cost of mailing only, to World's Dispensary Medical Association, Buffalo, N. Y. For elegant French cloth binding, it stamps.

Miss Edith Cain, of Clifton, Allegheny Co., Pa., writes: "After two years of suffering, I began taking Dr. Pierce's Favorite Prescription and am now entirely cured. I had been troubled with female weakness for some time and also with a troublesome drain on the system, but now I am happy and well."

In cases of constipation and torpid liver, no remedy is equal to Dr. Pierce's Pleasant Pellets. They regulate and invigorate the stomach, liver and bowels. They never fail. One little "Pellet" is a gentle laxative and two a mild cathartic. They never grip. An honest dealer will not urge a substitute upon you.

Bad management keeps more people in poor circumstances than any other cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars, and then wonders why his neighbor is getting richer while he is getting poorer. For sale by Bolton & Co.

Phil and Charley "at home." An important hotel change of recent date in Portland is that of the Imperial, in which that popular house passed into the ownership and management of Messrs. Charles W. Knowles and Philip Metchner, the latter being ex-state treasurer and the former one of the leading and most successful hotel managers on the coast. These new proprietors of the Imperial are too well known to need special commendation. When it is known, however, that they will personally receive the guests of the Imperial, there will be no question as to the character and extent of the patronage of the house. The Imperial has received most careful attention by renovators and is one of the neatest and most conveniently appointed hotels in the Pacific northwest.
