GOOD HEALTH
A virtuous woman's fan can frequently speak in more eloquent language than any known to the tongue of man. It can invite or repel, sigh or smile, be so haughty, tearful or passionate, to tatters or humbly seek forgiveness.
It can also tell the story of health. A woman who suffers from weakness and disease in a womanly way sits in sorrow and dejection while the pallid cheek, it gives springiness and life to the carriage. It makes the eyes sparkle with returning vitality. It imparts animation to the mind and restores the fan that long by ladies and is in the top of an invalid again speaks the eloquent language of a healthy, happy woman. Thousands of women have testified to the marvelous merits of this wonderful medicine.
For several years I suffered with prolapsus of the uterus," writes Miss A. Le. Schuster, of Box 4, Rodney, Jefferson Co., Mo. "Our physician treated me for kidney trouble, and everything else, but the result was the same. I was worse and worse. My body was emaciated, hands and feet cold, and I was unable to walk with great pain of the heart. I would suffer with nausea all night. I began taking your Favorite Prescription and began to improve right away. I have taken three bottles and now I am very much well and am very happy and thankful to you."
Keep your head up and your bowels open. The Golden Medical Discovery will put steel in your backbone, and Dr. Pierce's Pleasant Pellets will cure constipation.

CIRCUS, COMING TO MORO.
Read this and find out all about it. This is not like other circuses, but it is a Beauty just the same. It is a sample of Moore Bros. & Ginn's new Baker & Hamilton Steel frame chain drive, Long Draper Header. These Headers are made with either end or center side drive. Be sure not to give your order for any other header until you see this machine—for it is the Boss. Come in and see it. Sample at Moro and Rufus. J. S. Amos is our agent at Rufus.
MOORE BROS. & GINN.
G.A. Miloy lost 100 acres of spring wheat in a blow recently. The same tract was sown last fall and froze out—now it must be summer-fallowed. No power on earth could prevent these frantic freaks of old Boreas, but it is a source of congratulation that it is an occurrence very seldom recorded in Oregon, and is comparatively nothing at all considered with the direful calamity of a cyclone in the middle-west. Only last Monday night two Wisconsin towns, Boardman and New Richmond, were literally wiped off the earth, hundreds killed and a vast amount of property destroyed, and a similar fate was visited upon Herman, a town of 300 inhabitants in Nebraska, on the day following. We sympathize with Bro. Miloy in his loss, but let us all be thankful that it was no worse.
E.M. Florer has established a boot black stand at the popular bath and tonorial establishment of J.C. Williams. Give the young man your encouragement, everybody must start in life sometime. This is his time.
C.C. Long and wife arrived in Moro this week from Arizona. This is Mrs. L.'s first visit to Oregon and so many friends gratefully recognize them in happy expressions and kind greetings in their wedded life that they must feel perfectly at home in Sherman county.

MOORE BROS. & GINN.
G.A. Miloy lost 100 acres of spring wheat in a blow recently. The same tract was sown last fall and froze out—now it must be summer-fallowed. No power on earth could prevent these frantic freaks of old Boreas, but it is a source of congratulation that it is an occurrence very seldom recorded in Oregon, and is comparatively nothing at all considered with the direful calamity of a cyclone in the middle-west. Only last Monday night two Wisconsin towns, Boardman and New Richmond, were literally wiped off the earth, hundreds killed and a vast amount of property destroyed, and a similar fate was visited upon Herman, a town of 300 inhabitants in Nebraska, on the day following. We sympathize with Bro. Miloy in his loss, but let us all be thankful that it was no worse.
E.M. Florer has established a boot black stand at the popular bath and tonorial establishment of J.C. Williams. Give the young man your encouragement, everybody must start in life sometime. This is his time.
C.C. Long and wife arrived in Moro this week from Arizona. This is Mrs. L.'s first visit to Oregon and so many friends gratefully recognize them in happy expressions and kind greetings in their wedded life that they must feel perfectly at home in Sherman county.

STOP AND THINK!
About Headers. Are you going to buy a Header this year? If so, be sure and not give your order until you have seen our new Baker & Hamilton Chain-drive, Long Draper Header. Just think of it! This is what header men have been working at for 10 years—to get a chain-drive header with a long draper—but they have got it at last, and it, without doubt the best header ever made, and is as cheap as any good header. See our sample at Moro.

Quail are doing remarkably well in the Waiting Empire this season. Wherever they have been placed the attempt to propagate has succeeded, and the fowls take to the climate about the creek bottoms. On the Carl Peetz ranch a pair of quail come each morning to the barnyard to be fed with the domestic fowls and have become quite tame. In many places quail are seen in good sized bands. Now let them alone, you awkward squad with the pot hunters gun.

QUICK MEAL BLUE FLAME OIL STOVE
Were specially invented for ladies who desire to do their cooking comfortably in a cool kitchen, are safe and economical stoves and should not be compared to the old-fashioned, badly-smelling, yellow flame oil stove heretofore so extensively used and condemned. Common coal oil or kerosene, and not a great deal of it either, is all they require. They are always ready, no skill needed to operate.
