When a man crossing some difficult place in his working career; spurring all his energies to accomplish some critical passage in his business journey, suddenly finds his health giving way and feels himself swept out of the saddle by the swift-running current of disease—then is the time when the marvelous rejuvenating properties of Dr. Pierce's Golden Medical Discovery will prove an unfailing means of rescue and restoration.

It is a very simple though eminently scientific medicine. It is not a mere stimulant like so many malt extracts. It restores healthy power by reviving the innermost sources of vitality in the nutritive system. It enables the digestive and blood-making organism to manufacture good blood abundantly and rapidly, so that the immense waste of tissue and nerve fiber entailed by hard labor is offset by a speedy upbuilding of fresh energy and strength.

A prominent and venerable Illinois physician, D. W. Vowles, M. D., of Fowler, Adams Co., writing to Dr. Pierce, says: "I send herewith thirty-one (31) cents in stamps for 'The People's Common Sense Medical Adviser' in cloth binding. With this pittance for so valuable a work (truly a gift to the public), I must express my high appreciation of the vast amount of good that you have rendered the public. A correct measure of your usefulness never has been and never will be estimated by the public; no, not even by the multitude of afflicted humanity that has been relieved and cured by your medicines. Wherever I go or have been in the United States, I find persons who have used, and are using Dr. Pierce's medicines with satisfaction, for all conditions for which they are recommended. Never has one spoken disparagingly of their action, and from having seen so often their good effects, I am also enthused with confidence in their action in cases and conditions for which they are recommended. It is not common for regular physicians to endorse and recommend proprietary medicines, but in this case I have no equivocation or hesitancy in so doing."

The elevated altitude and pure air of Arizona and New Mexico seem to affect the minds and imaginations of some men. The victims of this mysterous stream are known as "Hassayamps," and there are a good many of them in this part of the country. Some have mines to sell.

About Headers. Are you going to buy a Header this year? If so, be sure and not give your order until you have seen our new Baker & Hamilton Chain-drive, Long Draper Header. Just think of it! Patriotism and Plunder.

Most everybody is expected to blow in at Portland waiting to receive our boys from Manila, some day next month. Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer.
