THE ALUM BAKING POWDERS. Names of Some of the Principal Ones Sold in this Vicinity. The recent discussion in the papers of the effect on the human system of food made from alum baking powders, and the opinions that have been published from noted scientists to the effect that such powders renders the food unwholesome, have caused numerous inquiries for the names of the various alum powders.

The following list of baking powders containing alum is compiled from the reports of State-chemist Nicholson of Nebraska, the City-chemist of St. Louis, the Food-commissioner of Minnesota, and other reliable authority:

ALUM BAKING POWDERS CONTAINING ALUM. K. C. CONTAINS ALUM. CALUMET Baking Powder Co., Chicago. HOME Baking Powder Co., San Francisco. WASHINGTON Baking Powder Co., San Francisco. PACIFIC Chemical Works, Tacoma. CRESCENT Baking Powder Co., Seattle. WHITE LILY Baking Powder Co., Tacoma. BEE-HIVE Baking Powder Co., San Francisco. BOB Baking Powder Co., San Francisco. GRANITE Baking Powder Co., Chicago. DEFIANCE Baking Powder Co., Portland. PORTLAND Baking Powder Co., Portland. Bono & Balita, Portland.

In addition to these it is learned that many grocers are selling wholesale their own private or special brands. These powders are put up for the grocer, and his name put on the labels by manufacturers of alum powders in St. Louis, Chicago, Kansas city, Tacoma, San Francisco and elsewhere. The manufacturers, it is said, in this way greatly aided by the ambition of the grocer to sell a powder with his own name on the label, especially when the grocer can make an abnormal profit upon it. Many grocers, doubtless, do not know that the powders they are pushing are alum powders which would be actually contraband in many sections of the United States.

It is quite impossible to give the names of all the alum baking powders in the market. They are constantly appearing in all sorts of disguises, under all kinds of cognomens, and at all kinds of prices, even as low as five and ten cents a pound. They can be avoided however, by the housekeeper who will bear in mind that all baking powders sold at 25c, or less per pound are liable to contain alum, as pure cream of tartar baking powders cannot be produced at anything like this price.

It is a common thing for people to go walking or climbing mountains with pikes, but there is a young lady in our town who is exceedingly up-to-date. She goes driving with a Pike.

Our Summer Fallow Machine is the only Weed Destroyer. We can handle a few more orders this season and would like to put them in different parts of the country as an advertisement, but "first come, first served" is our motto. We warrant it to work in any kind of land, harrowed or unharrowed, and not to clog in any kind of weeds, stubble or wild oats. If you order we pay all expense you may be at giving it trial, if the machine is not all we represent, don't CULTIVATE weeds with other machines, when you can KILL THEM with ours.

People who have used them say this: "I am using the first machine you put on the market, and believe that it is the best for the average farm, being easily managed by two horses on ordinary ground, the ease with which the depth of the knives is regulated, the fact that it never clogs, KILLS ALL WEEDS, and leaves no furrow, makes it the best machine. R. Sigman.

"I have over 400 acres of summer fallow and am using your 10-ft cut Weed Destroyer. After several days first I find it the only one that will do good work in all kinds of weeds or wild oats. S. B. Johnston."

"I am handling 400 acres of summer fallow with one of your 10-ft machines. A large part of it is as heavy stubble as Wasco county ever produced. It leaves the ground in splendid shape, does not clog, KILLS THE WEEDS and is a pleasure to handle. J. A. Stevens."

"On my farm near Dufur may be seen one of your 10-ft Weed Destroyers in operation. Your best advertisement would be to have the farmers come and see it work. I consider it far superior to anything in the market. Melvin Sigman."

For full particulars address the makers, Anderson & Patison, Dufur, Oregon.

Persons troubled with diarrhoea will be interested in the experience of Dr. W. M. Bush, clerk of Hotel Dorrance, Providence, R. I. He says: "For several years I have been all a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by A. D. Bolton & Co.

The wolf of starvation howls at the doors of those who are well-to-do and surrounded by a family of health, in the majority of cases is starvation, pure and simple. It means that body, brain, nerve, bone and sinew are insufficiently nourished. Improper, insufficient nourishment is starvation.

When a man's head aches it is because the tissues of the brain do not receive sufficient nourishment from the blood, or receive impure and unhealthy nourishment. When a man gets nervous and sleepless, it means that the blood is not properly nourishing the nerves. When his skin breaks out with blotches and pimples and eruptions, it means that the skin is being fed upon the impurities of the blood. Almost every known disease is primarily due to improper nourishment through the blood, which is the life-stream.

Dr. Pierce's Golden Medical Discovery is the greatest of all blood-making and life-giving agents. It gives edge to the appetite, corrects all disorders of the digestion, makes the assimilation of the life-giving elements of food perfect, invigorates the liver, promotes secretion and excretion, and vitalizes the whole body. It makes men muscular, firm, and kindred affections, which, if neglected, lead up to consumption. It is the best of all nerve tonics and restoratives. Kept by all medicine dealers.

"I was taken ill in February, 1905, with headache and pain in my back. Dr. Pierce's Golden Medical Discovery was recommended to me. I had been told that I was just as well as I could be, but I had not been told that I was just as well as I could be. I thought I was going to die. I used two bottles of Dr. Pierce's Golden Medical Discovery and it made me sound and well. I saved my life. No remedy relieves constipation so quickly and effectively as Dr. Pierce's Pleasant Pellets. They never grip."

Restore the County Roads. To the Editors. I see by The Peoples' Republic that Mr. Lytle thinks of tearing up the railroad from Biggs to Moro, to get the benefit of the advance on rails made by the trust. If he does so, that meeting of the farmers called by The Republic to talk over railroad matters should take decisive steps to compel Mr. Lytle to restore the county roads and make them as good as they were before his iron was put down. But whether the iron is torn up or not on any such threats, the county needs the public highways destroyed by the private railway. Farmer.
