Tom Callaghan had two new header beds and a Plano, yet unloaded, at his house as we passed on the 23d.

If you want to see choice lumber call and inspect that at the City Foundry. It came from Lake's Wamic mill.

If you fail to see what you want in E. Peoples' Moro Furniture store just ask for it. He has such a large stock that it is impossible to keep everything in sight all the time.

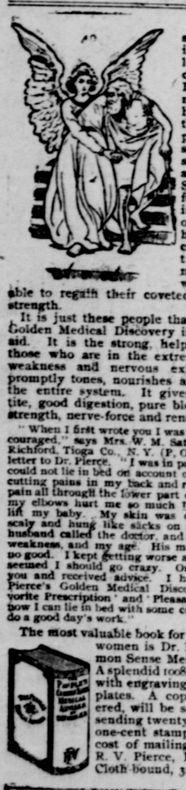
An article in the Portland Commercial Reporter on supporting the local flour mills and boycotting any effort to cripple them as inimical to the farming community will be read with interest.

The day has passed forever when you can do better than you can by giving your orders to Jos. T. Peters & Co. in The Dalles for every kind of building materials, paints, oils, etc. Remember this.

E. Peoples is again at home. Call around and you will find him at the old place. If you don't see what you want ask for it. His big stock has just been invoiced, and is more full and complete than was expected.

Two of the prettiest places we've seen in Sherman county, on a three days ride; are the homes of our rival bachelor lords Henry Dirks and Thomas Callaghan. We wanted to stop—in fact decided to do so—but when we arrived there covered with dust we concluded to alight some other time.

The AOUW grand lodge completed business at the Dalles session on the 23d. One of the resolutions adopted was a request that subordinate lodges do not send delegates to the grand lodge who could not remain during the entire session. A tax of 25 cents was levied on the grand lodge members for the soldier monument fund, and the sum of $40 was raised.



Thousands of sick and suffering people are like the poor cripple in the Bible, who had no one to help him down to the life-giving pool before some one else slipped in ahead of him. So many sufferers feel that if they could only get a little help to overcome their extreme weakness they would then be able to regain their coveted health and strength.

It is just these people that Dr. Pierce's Golden Medical Discovery is designed to aid. It is the strong, helping hand for those who are in the extreme of bodily weakness and nervous exhaustion. It promptly tones, nourishes and builds up the entire system. It gives keen appetite, good digestion, pure blood, muscular strength, nerve-force and renewed activity.

"When I first wrote you I was completely discouraged," says Mrs. W. M. Satterly, living at Richford, Tioga Co., N. Y. (P. O. Box 40), in a letter to Dr. Pierce. "I was in pain all the time, could not lie in bed on account of severe, sharp cutting pains in my back and right hip. Had pain all through the lower part of my body and my elbows hurt me so much I could scarcely lift my baby. My skin was dry, harsh and scaly and hung like sacks on my arms. My husband called the doctor, and he said it was weakness, and my age. His medicine did me no good. I kept getting worse and weaker. It seemed I should go crazy. One day I wrote you and received advice. I have taken Dr. Pierce's Golden Medical Discovery, his 'Favorite Prescription,' and 'Pleasant Pellets,' and now I can lie in bed with some comfort and can do a good day's work."

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending twenty-one cents in one-cent stamps, to pay the cost of mailing *only*, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 31 stamps.

Wes Johnston arrived home from the east on the 22d to stand trial, having been found guilty of matrimony. The deed was committed in Illinois. We extend wishes for a long and happy life.

"To criticise the acts of public officials is not only the privilege but the duty of every paper."—Dalles City T-M. Scandalous assertion by a political trickster, unsupported in Truth is not criticism.

Assistant Cashier Hixson of Moore Bros bank, received some very fine Langshang chickens recently. The rooster is as large as an ordinary turkey, standing fully two foot high in his sox.

Johny Johnson brought in some samples of crooked neck club which is filled out good and plump. The wheat stands 4½ to 5 feet high, has a good stand and color but will not be harvested before two weeks.

"Because The Oregonian espouses the principles of the republican party is no reason why it shod endorse every act of a republican administration."—Dalles City T-M. Since when did The Oregonian do this espousal act?

"I have used Chamberlains' Cough Remedy, in my family for years and always with good results," says Mr. W. B. Cooper of El Rio. Cal. "For small children we find it especially effective." For sale by A. D. Bolton & Co

Something more than 1,000,000 feet of lumber, in logs, is now secure in the boom at the Harris Resort. The company will be ready to convert it into lumber in a short time. The mill will be located at the foot of the boom, below the orchard.

### LETTER FROM DUFUR.

If you want a Weed Destroyer Speak in Time.

The following private letter to the Observer editors best explains itself. Read it and act accordingly:

Change our advertisement! Say to your people that we havn't any more Weed Destroyers to sell this year. We have been obliged to decline orders amounting to thousands of dollars from different parts of Oregon and eastern Washington owing to not securing a sufficient amount of material for manufacturing.

The next four months will be devoted to fitting up our shop with necessary machinery and seasoned stock direct from the east and then we hope to be able to fill all orders for next springs work.

To tell you the truth, D.C., we have a first class farm implement and one that the farmer can't do without, once he sees its work, and by doing a little first class advertising we used up what was considered a seasons stock in about 30 days.

Enclosed you will find an adv. which you may substitute for the one you are now carrying.

M. J. ANDERSON.

Anderson & Patlson, Dufur, Oregon

### Kent Pencillings.

John Donohue started his machine in the hay field Monday.

Jos. Patterson will cut hay for others after harvesting his own.

Ed. Hennafin is cutting 70 acres of hay. Gibbs is his right bower.

It is surprising to the oldest settler to note the sod that has been plowed up this year out here.

Chisem, Guthrie, Hennafin, Borstel, Pat Walsh Schadewitz are about all that are with us yet in sheep.

We are all glad to see the hoss' nuisance headed cannerywards. A man who wants to speculate in horse flesh must control his own range after this.

This precinct takes in a big scope of country. All south of the Grass Valley and Rutledge lines between the John Day and DesChutes rivers and the south boundry of the county.

D. C. Ireland was an honored guest at the ranches of his sons on the 21st, 22d and 23d. The O. Man is more than delighted with the prospect. Well he may be. Messrs. Ireland have good farms, all inclosed and comfortable houses to live in where last year was bunch grass only. Their hay crop will be cut in about a week.

W. A. Norcross purchased a set of work harness of Canty & Murphy this week.

The foundry finished repairs on Chas French's threshing engine last week.

Mrs. J. M. Filloon has joined the Misses Crooks at the beach for a summer outing.

Camped in the beautiful and picturesque island at the Harris Resort were Clarence Skinner, Miss Coleman and Miss Lanphear.

Uriah Serviss, accompanied by his wife, arrived from California last week, ready to superintend his Sherman county wheat crop.

The Locust Grove meeting on the 30th will be one of unusual interest. Rev. Bell of Portland, P. E. of this district, will preach. Love-feast at 10 a.m. Young Peoples' and Sundy School rally 2 p.m. Addresses by Rev. White, of Dufur, Rev. Drake, and others. A basket dinner will be a feature of the day. Rev. Bast invites all to come and enjoy the day in the beautiful grove.

Barnum, IW; J. M. Florer ow; HS. McDanel, Rec; Sam McDonald, Treas; F. E. Brown, Financer. The grand lodge officers elected at the Dalles meeting are: D. C. Herrin, GMW; R. Feeney, GF; C. C. Hogue, GO; Wm. Colvig, E. L. Smith, N. Clark, supreme representatives.

Persons troubled with diarroea will be interested in the experience of Dr. W. M. Bush, clerk of Hotel Dorrance, Providence, R.I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by A. D. Bolton & Co.

### The Day at Harris' Resort.

As usual this summer another crowd of people enjoyed a day's outing at Harris' resort on the Des Chutes Sunday. Amongst the number were Frank Sayres and family, Chas P. Hulse and family, G. W. Brock and family, Ira Messinger, Miss Rose Tomlin, Richard Bowen and lady, Jas Belshee and lady, West Rigdon and wife, J. M. Filloon, N. Miller, Moro; C. B. Johnston and wife, Katie and Hazel Johnston, Mr. and Mrs. G. W. Johnston, Dufur; Dr. Wm. Johnston, Los Angeles, Cal., Miss Bessie Hastings, Alameda, California, Gus Niederberger and sister.

Little Miss June Brock took a tumble off a log into the river, Mrs. B. nearly denuded herself in brush making a rush after June, but the little Miss was back on to the log in ample time to prevent a calamity.

J. M. Filloon caught several fine trout and a big old porcupine.

### Across the Cascade Mountains.

Salem, Or., July 28th: Our trip over the Cascade range of mountains was uneventful with the exception of the luxuries we picked up on the way across in the way of logs in the road, fording streams almost to a swim where bridges ought to be found; climbing snow banks and breaking through; cutting our way around teams stalled on the grade; and trying to persuade the mosquitoes that we were no relatives to them. But they persisted in calling us "cousin," and kissing us. We had to pay high for all these luxuries at this end of the route before a fellow at the toll gate would let us pass.

Roads in the valley are dry. Farmers haying. No Fruit. The fern is good. They say a little clover and timothy mixed in with the fern don't hurt it.

I overheard a fellow say there was quite a phenomenon in the valley this year. After some inquiries he said that owing to the late, backward weather babies were being born now with moss clothes on, supposed to be an effort on the part of nature to counteract the clothing trust. I didn't learn but suppose there must be pockets in the clothes, and money in the pockets, so the little fellows can pay the rent to the landlords for a place to stand on—for if they have no money to pay rents with, Nature has made another mistake. T. K. PORTER.

### Moro Council Proceedings.

The council is now nearly through its preliminary work and is ready to transact business in harmony with its code having something definite to work from and a certain aim in view.

An ordinance regulating the selling of whiskey, etc, came up for consideration last meeting, and was referred to committee.

Mayor Moore, committee of one on fixing and finding a suitable series of grades for the city is not yet ready to report; the mayor says it is easy to lay out a new town and establish grades, but in an old town it is up hill work and in Moro it is nearly all hill work.

Council decided by vote to introduce an ordinance authorizing the sale of $7,500 00 bonds, out of the $10,000 00 made available by the charter, for purchase of water works and to make some needed improvements there to.

### For Common Points.

Hillsboro Independent: On the first page appears a strong plea for Common points taken from the Oregonian of Oct. 4, 1894. That was before the A&CRy was built. What was true then is true now. Last year tons and tons of wheat was carried to San Francisco at $2.25 per ton that it might be put into big ships that ought to have been loaded in Oregon waters. If the SPRyCo can carry wheat to San Francisco for $2 25 it really seems as though the ORNCo., that gets $3 40 per ton from Walla Walla and Umatilla ought to carry to deep water without extra charge. If big ships are required for wheat they ought to be called to Oregon. Let them deliver their Oriental cargoes to our railroads and take the wheat away.

After riding considerably for three days last week we appreciate the condition of L. J. Klinger when he dropped a line back to the Dispatch from Lakeview: This leaves us in good spirits and feeling like Vealcalves, only not quite so young.

Our baby has been continually troubled with colic and cholera infantum since his birth, and all that we do for him did not seem to give more than temporary relief, until we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. Since giving that remedy he has not been troubled. We want to give you this testimonial as an evidence of our gratitude, not that you need it to advertise your meritorious remedy.—G. M. Law, Keokuk, Iowa. For sale by A. D. Bolton & Co,

Prineville Journal: The article which appeared in the Journal some time ago in regard to the Grant county cattle reserve has provoked a deal of newspaper discussion pro and con. We are told that horses are the cause of the ruined ranges; that a band of speep will in a few hours transform a green sward into an ashpit, or words to that effect; that sheep do not injure the range and much more to the same effect. These are not the points at issue. Has one class of men a better right to the public domain than another, is the question. That such right is asserted is a fact which gives rise to another query, what is to be done about it?

### RECIPROCITY CORNER.

Is what Clyde T. Bonney's Place of Business is Called.

Beginning in Hood River on a small scale two years ago by the purchase of the branch house of the Columbia Packing Co., with some empty meat hooks and a few pails of lard, Mr. Bonney has added to his stock and business till he now is proprietor of a truly metropolitan store, stocked to repletion with a fine line of fresh and cured meats also a complete stock of staple and fancy groceries, provisions, Hood River fruits, country products, feed flour, hay, wood, etc., and his sales from June 1st to October 1st last year aggregated $10,000 and for that period of the present year they will foot up something like $30,000. This phenomenally rapid increase in the business of a single establishment, unpretentious at the start, is unprecedented in the history of the town. And there is a reason for it; there is no effect without cause; his place, the Glacier says, is a Reciprocity store in fact as well as name.

Besides his extensive local business, doing the business of the town Mr. B. is sole owner of the Hood River and White Salmon ferry. Until he engaged in business for himself he was in the employ of the Columbia Packing company, whose successor he now is in Hood River. He is only 24 years of age and attributes his remarkable success to hard work and a definite aim in life. His earliest hope and aspiration was for a successful business career. Bonney's customer once, is to be his customer always; he gives the public the best service possible; he is heartily in love with his business; his policy is to hold his trade and increase the volume of his business on the patronage of those who deal with Him day by day.

### The State Fair.

There appears to be no reason why Oregon should not have a successful state fair, and, with the improvement in business conditions, the public is looking forward to the fair of 1899 as a great improvement on the past few years. The actual guarantee of $5000 in premiums on agricultural products, fruits, vegetables, stock and kindered exhibits, will bring out the largest display in all departments ever shown. The racecourse with $5000 in purses has brought to the track about 100 horses now in training so that the trials of speed this year will certainly satisfy the large attendance that will be there. It is time that Oregonians take a special interest in this institution and make it a credit to our state, no matter what the metropolis thinks. The fair board will have all arrangements made for cheap rates good during the week, and special cheap rates for day excursions. President Wehrung and Secretary C. D. Gabrielson are now hard at work in the effort to bring about the best results.
