

The Observer.

Moro City Official Paper. OFFICIAL PAPER OF SHERMAN CO. MORO, OREGON.

D. C. IRELAND & SONS, EDITORS. FRIDAY, OCTOBER 6, 1900.

Love's young dream is all right, but the first pumpkin pie comes along about now.

Thus far Boston and J.J. Valentine are the only foreign powers that have recognized the Filipino government.

The Oregonian learns, "that the government is not fully decided on the Cello boat railway scheme."

Rubbernecks at Astoria and Portland appear to think that a government transport is a big thing no matter how little water she draws.

Honolulu, which wants its harbor enlarged, evidently thinks it has been in this country long enough to be getting some of the benefits of the river and harbor bills.

The Astorian, the 2d oldest newspaper in Oregon (the Enterprise at Oregon city being 1st), established by the senior editor of The Observer, has expanded to a 7-column quarto daily.

The recent waiters' convention provided for a burial benefit for each member. This will be good news to people who long desired to kill a waiter, but hesitated on account of expense.

Hon. C.M. Cartwright's Silver King mine is proving to be the best mining property in Crook county. The last of the hoisting machinery for the mine is now ready to sail from Moro in prairie schooners.

A Dalles city attorney, who is not a very keen Moody man was asked by a Sherman county farmer what Malcomb was doing now? O, was the reply, "he is busy fixing his fences for the next campaign." "Is that so; gosh darn it I hadn't heered that he was a farmin'."

It pleases us to chronicle the fact that Messrs. Anderson & Patison of Dufur have made a very satisfactory arrangement for having their weed destroyer manufactured wholesale in the east. If there's anything we love to see destroyed—it's weeds. And theirs is the machine to do it.

These latter day parades are for revenue only. In New York at the Dewey display called together military and civic societies and people from all states north of the gulf and east of the Rocky mountains who dropped \$10,000,000 into the pockets of the Gothamites, and much more into railway coffers.

San Franciscans harshly criticize Hon. John Barrett's address on the possibilities of a great trade with this coast in the Orient. Perhaps California is satisfied with present conditions. Not having resources such as the Pacific Northwest possess it is clearly evident why Mr. Barrett failed to impress the people there with the force of his convictions. For one ignorantly ignored Oregon has stood by the dignity, the rights and the honor of California ever since the days of old—but for the future Web-foot dignity, rights and honor must be inquired after and sustained. Oregon believes Mr. Barrett, and will profit by his advice.

People who realize what an educational town should be, are watching the whisky move in Forest Grove, and 'good government' at Dufur with considerable interest. There is law enough at the Grove if it was only enforced. But the Hatchet says, 'the college teaches the abstruse theory of ethics, the church preaches the letter of theology, confining itself to studies of two thousand years ago, the temperance union celebrates the recurring anniversaries of Frances Willard and the drug store keeps on selling without restraint, free from the expense and restrictions to which saloonkeepers are subject, to whomsoever has the price, regardless of age, or sex, or habit—to child, woman or inebriate.'

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies—deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever—nine cases out of ten are caused by catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness, caused by catarrh, that cannot be cured by stalls catarrh cure. Send for circulars, free F. J. Cheney & Co., Toledo, Ohio. Sold by druggists, etc. Hall's Family Pills are the best.

On the 22d, at 10.30 a. m., stamps began thumping rock at the Gold Eagle mine, Greenhorn district, owned by 21 residents of the Dalles who have put up about \$1,800 each the past two years. Its assessment days are now practically ended and we predict that this mine will soon become as famous as its near neighbors the Bonanza and the Red Boy. T. A. Hudson, one of the owners, just from there, reports a veritable boom on in that region.

Hon. H. W. Scott is a 'jolly good fellow,' as all big editors are; but when it comes to 'retorting' a country jay, is actually bungling in his method. He refers to The Astorian editor as a 'pin-head!' The Helix Homestead, Weston Leader, or 'Bro Jones of The Tocsin,' could give Harvey pointers that would enable him to discount Old Tom Dryer, Asahel Bush or Billy Adams when the Oregon style was immensely popular.

Reports from the Alaska earthquake show that it was fortunate the boundary was not fixed months ago.

DesChutes in the Field.

Joseph J. Miller has a Complete Stock and Invites the Farmers Trade. As Messrs. Atwood and Higinbotham have each stated through the Observer what they can do for the farmer, I think it advisable to invite attention to what we can do in a similar manner at DesChutes for the farming community of Sherman county, and ask them to come here and see for themselves. We sell wood low enough to make it an object for them to come to DesChutes, and lumber also, and as for storage that has been reduced to 40 cents a ton. We make no extra charge on wheat, only 40 cents a ton all the year around.

As for Dry Goods and Groceries, etc., you can get them here at the catalogue prices for the same article in The Dalles, adding freight only on heavy goods.

Our road is in good condition in the John Fulton canyon, and we keep a man all the time on it to keep it good. We bar no sand here, as Mr. Atwood does at Biggs and Rufus, and all who haul here will have their grain so much nearer to market with equal facilities for shipping it, and we furnish them wood at \$3.75 to \$4.00 per cord, pine and fir. Now look at the difference in the cost of shipping by the Columbia Southern—there is no argument to combat the fact that this is the very best point in Sherman county for the farmer to meet the railroad and do business on a basis of economy. I invite them to come here once and give it a trial. JOSEPH J. MILLER, DesChutes (Biggs, P.O.) Oregon.

Warehouse Charges, Wood, Etc.

The Higinbotham Warehouse Company has Wholesaled the Purpose for Which They Were Built.

The Higinbotham Warehouse Co both in Moro and Hay Canyon, lay claim for the fact that it regulated the prices on storage of wheat and caused a reduction of 15 cents on every ton held over a certain number of days. It also regulated the price on wood and didn't make it compulsory on the farmer to haul to its warehouses either.

"Live and let live," is the motto of our company, says Mr. Higinbotham, and we live up to it. But for that extra 15 cts a ton would be taxed to the farmers, and they would still be paying \$6 or \$8 per cord for wood. We have all the time given everybody the difference in freight between Hay Canon, Demos and Moro. Our opponents keep half of the difference themselves. At Rufus and Biggs there is no opposition to our opponents—and no cut in prices, either; a man must be color blind who cannot see the advantage it is to him to haul to the Higinbotham Warehouse Co., without bids for the favor which he bestows upon himself.

The lecture on the Philippines, to be given by C.E. Sanders, at Moro Opera House hall, October 12th, will comprise a history of the Oregon regiment; experiences on the transports, and in the campaigns, and a description of the islands and characteristics and customs of the Filipinos themselves.

You need not lose flesh in summer if you use the proper means to prevent it. You think you can't take SCOTT'S EMULSION in hot weather, but you can take it and digest it as well in summer as in winter. It is not like the plain cod-liver oil, which is difficult to take at any time. If you are losing flesh, you are losing ground and you need

Scott's Emulsion and must have it to keep up your flesh and strength. If you have been taking it and prospering on it, don't fail to continue until you are thoroughly strong and well.

Circuit Court Proceedings

- Full term, Oct. 2, 1900. 303. Liebe v. Battman. W. H. Wilson and Gordon & Condon for plaintiff, A.S. Bennett for defendant. 304. Columbia Commercial Co. v. C.W. Tracy. Confirmation granted. 305.
