A Happy Mother

Frolicking with her baby makes one of the prettiest spectacles ever seen in the home. But nothing is sadder to see than the unhappy mother, weak and nervous, striving in vain to hush the cries of her weak and nervous babe. There can be no happiness for either mother or child without health. Doctor Pierce's Favorite Prescription "has done wonders" for many a woman, by restoring her health and opening for her the way to happy motherhood. This really wonderful medicine is not a cure-all. It is a preparation specially designed to cure diseases peculiar to women. It dries debilitating drains, heals inflammation and ulceration, cures female weakness, and removes the causes which generally make women nervous and sleepless.

There is no alcohol in "Favorite Prescription" and it contains no opium, cocaine or other narcotic.

Mrs. James W. Blacker, of 629 Catherine Street, Syracuse, N. Y., writes: "Your medicines have done wonders for me. For years my health was very poor; I had four miscarriages, but since taking Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' I have much better health, and now I have a fine healthy baby."

Use Dr. Pierce's Pleasant Pellets with "Favorite Prescription" if the bowels are inactive or irregular.

DesChutes in the Field.

Joseph J. Miller has a Complete Stock and Invites the Farmers Trade.

As Messrs. Atwood and Higinbotham have each stated through the Observer what they can do for the farmer, I think it advisable to invite attention to what we can do in a similar manner at DesChutes for the farming community of Sherman county, and ask them to come here and see for themselves. We sell wood low enough to make it an object for them to come to DesChutes, and lumber also, and as for storage that has been reduced to 40 cents a ton. We make no extra charge on wheat, only 40 cents a ton all the year around.

As for Dry Goods and Groceries, etc., you can get them here at the catalogue prices for the same article in The Dalles, adding freight only on heavy goods.

Our road is in good condition in the John Fulton canyon, and we keep a man all the time on it to keep it good.

We bar no sand here, as Mr. Atwood does at Biggs and Rufus, and all who haul here will have their grain so much nearer to market with equal facilties for shipping it, and we furnish them wood at $3.75 to $4.00 per cord, pine and fir. Now look at the difference in the cost of shipping by the Columbia Southern—there is no argument to combat the fact that this is the very best point in Sherman county for the farmer to meet the railroad and do business on a basis of economy. I invite them to come here once and give it a trial. JOSEPH J. MILLER, DesChutes (Biggs, P.O.) Oregon.

The Oxygenor King is an instrument sold for self use. It makes you master of disease. You may thus get well as easy as you get sick. It is for the treatment and cure of all disease without medicine or electricity, with the oxygen of the air. It is to enable mankind to utilize one of the most remarkable and beneficial laws that an all-wise creator has put in operation. A law which is universally active the world around. This instrument causes the body to absorb oxygen from the air through the pores of the skin and membranes, which purifies enriches and vitalizes the blood and destroys the germs of disease. It applies to the youngest child or oldest person. The principle upon which it works is such that they could not work at all or do anything in one case that would not apply to all diseases and every ill in the human body. Remember that the Oxygenor cures absolutely, all disease. No matter what your malady, it will bring relief, and in almost all cases entire cure. For further particulars, and instructions, call on or address J.M.Fillcon, Moro, Oregon

W. A. Raymond has just received a new back-ground which sets off the gallery and puts a business like look to his photos.

Warehouse Charges, Wood, Etc.

The Higinbotham Warehouse Company has Well Sustained the Purposes for Which They Were Built.

The Higinbotham Warehouse Co both in Moro and Hay Canyon, lay claim for the fact that it regulated the prices on storage of wheat and caused a reduction of 15 cents on every ton held over a certain number of days. It also regulated the price on wood and didn't make it compulsory on the farmer to haul to its warehouses either.

"Live and let live," is the motto of our company, says Mr. Higinbotham, and we live up to it. But for us that extra 15 cts a ton would be taxed to the farmers, and they would still be paying $6 or $8 per cord for wood. We have all the time given everybody the difference in freight between Hay Canon, Demoss and Moro. Our opponents keep half of the difference themselves. At Rufus and Biggs there is no opposition to our opponents—and no cut in prices, either; a man must be color blind who cannot see the advantage it is to him to haul to the Higinbotham Warehouse Co., without bids for the favor which he bestows upon himself.

On the 10th of December, 1897, Rev.SA.Donahoe,pastor ME.church south,Pt.Pleasant,W.Va.,contracted a severe cold, which was attended from the beginning by violent coughing. He says, "After resorting to a number of so-called specifics, usually kept in the house, to no purpose, I purchased a bottle of Chamberlins' Cough Remedy, which acted like a charm.I most cheerfully recommend it to the public." For sale by Mrs Dora Williams.

During the winter of 1897 James Reed, one of the leading citizens and merchants of Clay, Clay co., W.Va., struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swolen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and 2½ gallons of whisky bathing it, but nothing gave relief until he began using Chamberlains'Pain Balm,this brought almost a complete cure in a weeks' time and he believes that had he not used this remedy his leg would have had to be amputated. Pain Balm is unequaled for sprains, bruises and rheumatism. Sold by Mrs. Dora Williams.
