The defeat of Sailor Sharkey is the first set-back the navy has received for a long time.

Teachers' examinations this month were suppressed by the late bungle-some assembly.

London has revenged itself good and plenty for the defeat of General White—by burning Oom Paul in effigy.

Now that he is on the pay roll the sultan of Sulu should hasten to get under the protection of the civil-service law.

The road laws were so badly demoralized by the last Oregon assembly that no valid law is now in existence on the subject.

South America must be a delightful place for women. Every one there is eligible to be a daughter of some revolution or other.

Mayor Jones folded his little golden rule and put it in the safe on election day so that he wouldn't be obliged to vote for others as he would have others vote for him.

The young man arrested for the Bake Oven store robbery deserves a better fate than serving a term in the pen—if reports be true he was only a minor putting hidden treasures into circulation.

The McMinnville municipal election last week was an election based wholly upon local issues. The temperance people and democrats combined and 'done up' the insipid don't care a clam republicans.

Uncle Bill Kelsay, Mayor of Shanlko, was a visitor this week en route to feel the pulse of the Dalles. He says the streets that are graded in just look splendid, but the graders run out of dirt and had to quit for a while.

Mrs. Margaret E. Herrin is restoring the home of Mr. Adams, recently destroyed by fire at Sherwood. The Degree of Honor there, is caring for the family and the brotherhood contribute to relief of other wants. This is practical fraternity,

Hank Workins has produced an A No. 1 quality of peanuts in Grant county, this year, producing 100 bu to the acre. In Chicago people are adopting pea nuts as a substitute for meat dishes at the table, and it is appropriate that the country which formerly furnished the beef should now produce the peanuts.

The movement of money towards the coffers of Wall street the past 30 days is only another pointer directing thoughtful people to an understanding of the fact that a crisis approaches. When it comes, in its full force, the biggest of the financial schemes of syndicates and trusts will topple like frail chimneys in an earthquake.

About 21 years ago the wife of an immigrant from the east died when crossing what is now Sherman county, and was buried in a lone grave by the road side near Biggs. Eight years ago the husband appeared and made diligent search for the grave intending to remove the remains to a cemetery near his present home, but his search was unrewarded and he sadly departed, without leaving his address. Last week the grave was uncovered by the wind and the remains discovered were submitted to Dr. Rollins, who happened to be there, and he pronounced deceased a small woman about 20 years of age when she died. One tooth on the left lower side was filled with gold filling. The burial garment had been a dress of sateen, showing texture plainly in the doubled folds. The coffin was of wood foreign to this region, and was probably made from a wagon box or 'bed.' A small skull and some teeth which resemble a cat's, were found also. This is printed in TheObserver with the hope that it may be the medium of restoring the remains to the parties interested.

POLYGAMY WORKING ITS WAY.

It ought not to be necessary to remind members of the congress that is to meet next month that Brigham H. Roberts, elected in Utah, should be prevented from taking a seat in the lower house. The presence there of an open and defiant polygamist would be an affront to decency, and a stain on the name of the United States as a nation holding to civilized ideals.

* * *

It is equally certain that it would be in violation of the spirit of the laws governing the representation of citizenship in congress. The constitution provides that "each house shall be the judge of the elections, returns and qualifications of its own members," and the right of congress to declare that a man guilty of practicing polygamy "is unqualified and unfit for congressional office," is safely established.

The Oxygenor King is an instrument sold for self use. It makes you master of disease. You may thus get well as easy as you get sick. It is for the treatment and cure of all disease without medicine or electricity, with the oxygen of the air. It is to enable mankind to utilize one of the most remarkable and beneficial laws that an all-wise creator has put in operation. A law which is universally active the world around. This instrument causes the body to absorb oxygen from the air through the pores of the skin and membranes, which purifies enriches and vitalizes the blood and destroys the germs of disease. It applies to the youngest child or oldest person. The principle upon which it works is such that they could not work at all or do anything in one case that would not apply to all diseases and every ill in the human body. Remember that the Oxygenor cures absolutely, all disease. No matter what your malady, it will bring relief, and in almost all cases entire cure. For further particulars, and instructions, call on or address J.M.Filloon, Moro, Oregon

Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA

will generally correct this difficulty.

If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.
