A Girl With Grit

Will "go" until she drops, and think she's doing rather a fine thing. Very often the future shows her that she was laying the foundation for years of unhappiness. When the back aches, when there is irregularity or any other womanly ill, then the first duty a woman owes to herself is to find a cure for her ailments.

The use of Dr. Pierce's Favorite Prescription in cases of womanly disease never fails to bring restoration to sound health. It regulates the periods, stops weakly drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong, sick women well.

Sick women are invited to consult Dr. Pierce, by letter, *free* of charge. All correspondence absolutely private and confidential. In his thirty years and over of medical practice Dr. Pierce, assisted by a staff of nearly a score of physicians, has treated and cured more than half a million women. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I will drop you a few lines to-day to let you know that I am feeling well now," writes Miss Annie Stephens, of Belleville, Wood Co., West Va. "I feel like a new woman. I took several bottles of 'Favorite Prescription' and of the 'Golden Medical Discovery.' I have no headache now, and no more pain in my side; no bearing-down pain any more. I think that there is no medicine like Dr. Pierce's medicine."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent *free* on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

The Game Laws.

It will be some time before any state in this free country will be able to enforce any law prohibiting a farmer from carrying a gun out of season on his own farm. If the game on the farm belongs to the state and is to be preserved solely for the benefit of so-called sportsmen, who, by the way, are of no particular benefit to the country, it would at least be necessary for the state to pay the board bill and the damage caused by the game. Some states have laws protecting rabbits, and yet the damage done to trees and other plants by these animals on a farm is often ten times as great as the value of all the game on the place. Note this: If laws are to be respected they should first be respectable.

There is a law in Illinois which is intended to protect the so-called song birds. Some of these protected birds, as the grape oriole and cedar bird, do injury to the fruit-growers which amounts to perhaps $500,000 yearly. Is this respectable law? Does not the right of self-defense override all laws? Farmers have not big mouths, but big mouths are what influence the law makers. But farmers do have an inbred sense of justice and also a boorish determination to have it in some shape. "Pot hunter!" which is the better man, he who kills game for the practical use there is in it or he who slaughters for fun? The first question that should be studied when a new law is proposed is "Does it interfere with personal liberty and justice?" The only question usually asked is "How does it affect my business?" It seems to be the occupation of some persons to try to make criminals and lawbreakers out of good, honest citizens.

Dr. Davenport, dentist, has left Moro, and is now in Tillamook.

LK. Moore, of the MMCo., paid Portland a hasty business visit last week.

Mr. Porter, the John Day mill man and orchardist, was our guest on the 17th.

AC. Tompson of Monkland has a few more blooded barred Plymouth Rock Cockerels for sale.

The 3d winter this winter broke upon Sherman county Sunday afternoon. It was a brief one.

Call at the MMCo's Moro store and examine our goods at your leisure. Buy at your pleasure.

Miss Maude B. Belshee is attending Tuatatin Acsdemy, at Forest Grove. Miss Nellie has accepted a position and is training as a nurse in The Portland sanitarium. They met their mother by appointment, in Portland last week, on her first visit in 18 years.

There will be a meeting of the qualified voters of Moro school District, held at the school house January 29th, at 2 pm., for purpose of voting a special tax for paying interest on bonds, and for running expenses of the school additional to the county and state appropriation.

A six mile flume from Quincy to Meservy's, in Columbia county, was finished last week and the entire camp outfit was transferred back over the line in just 15 minutes by boats made v-shape. The boys say this is the quickset moving of camp they have ever witnessed. The flume is one of the largest in Oregon capable of floating a 3½ foot log 60 feet in length.

City Recorder JM. Parry has resigned that position in consequence of extra duties imposed upon him through taking the Moro Post Office. His successor, appointed at the last meeting of the city council, will be Mine Host FitzMaurice of the City Hotel. Mr. Parry gave the very best satisfaction to all during his incumbency, and Mr. FitzMaurice will wear the ermine of that judicial position with like becoming dignity and honors. So mote it be.

John Paschek, the leading Tailor in the Dalles, has from 60 to 75 men and women at call working on clothing. There is no better fitting garments in the world than those cut and finished to his order. Call and select your goods and leave the measure and Paschek will do the rest in a highly satisfactory manner Washington street, opposite Glenn & Co., the Dalles, Oregon.

QUEEN VICTORIA DEAD.

It seems almost certain that Queen Victoria is in the throes of her last illness. The vitality which has withstood the storms of over 80 years is gradually yielding to the strain, and at any moment the thread may snap. Later—It is reported that the Queen is dead.

To Subscribers.

After you have finished reading The Observer, what do you do with it? Do you give it to your neighbor, who ought to be a subscriber? Or perhaps you use it to cover shelves or to wrap up bundles with. If you use The Observer for any such purpose you ought to discontinue doing so at once, for the following reasons:

1. We are inserting in each issue many items of information, any one of which is worth many times more than the price of one year's subscription, and you will greatly need that information some time during the year. The Observer, besides furnishing the news of the world, is a valuable encyclopedia of home and farm matters, and ought to be preserved for future reference.

2. When you first read The Observer you will be interested in an article, and perhaps months afterward you will need to utilize the information, and you will wish you had preserved the copy of the paper containing it. Then you will write to the editor and ask him to reproduce the article, and in order to accommodate you and to recover what you have lost by carelessness he will have to use perhaps several dollars' worth of time in looking over the files to find the article, and to republish it space which if filled with an advertisement would be worth from $10 to $20 will have to be given. Any reasonable person will freely admit that this is asking far too much.

The remedy for this is plain and easy. Put every copy of The Observer on file, and never allow that file to be broken up. You can sew together in book form the papers of each month, and put them in a safe place, and thus preserve something of value for which you will have constant use and save the editor a great amount of labor and The Observer expense altogether unnecessary.

The Equitable Savings and Loan Association of Portland, Oregon, Charles E. Ladd, president, will loan money on city property in Moro, Grass Valley and Wasco. Write for prospectus and particulars, to their agent, M. Fitzmaurice, Moro, Oregon.

When the Hair Falls Out

accompanied by mucous patches in the mouth, eruptions on the skin, sore throat, copper colored splotches, swollen glands, aching muscles and bones, the disease is making rapid headway, and far worse symptoms will follow unless the blood is promptly and effectually cleansed of this violent destructive poison.

S. S. S. is the only safe and infallible cure for this disease, the only antidote for this specific poison. It cures the worst cases thoroughly and permanently.

My Condition Could Have Been No Worse.

In the fall of 1897 I contracted Blood Poison. I tried three doctors, but their treatment did me no good; I was getting worse all the time; my hair came out, ulcers appeared in my throat and mouth, my body was almost covered with copper colored splotches and offensive sores. I suffered severely from rheumatic pains in my shoulders and arms. My condition could have been no worse; only those afflicted as I was can understand my sufferings. I had about lost all hope of ever being well again when I decided to try S. S. S., but must confess I had little faith left in any medicine. After taking the third bottle I noticed a change in my condition. This was truly encouraging, and I determined to give S. S. S. a thorough trial. From that time on the improvement was rapid; S. S. S. secured to have the disease completely under control; the sores and ulcers healed and I was soon free from all signs of the disorder; I have been strong and healthy ever since.

L. W. SMITH, Lock Box 611, Noblesville, Ind.

SSS is the only purely vegetable blood purifier known. $1,000 is offered for proof that it contains a particle of mercury, potash or other mineral poison.

Send for our free book on Blood Poison; it contains valuable information about this disease, with full directions for self treatment. We charge nothing for medical advice; cure yourself at home.

Frank Sayers is feeling like a millionaire. It's a grand daughter at Dick Morgan's.

Don't forget the band entertainment in Moro Opera House to-night (Friday, January 25th.)

It is well to take a good look at winter now, for you may not see it again until next summer.

The Band Boys have an excellent program for to-night, (Friday, January 25th), and deserve your patronage.

Misses and children's jackets reduced half till February 1st, at the MM.Co.Store, Moro. See ad.

Jack Thompson came up from his Hood river valley home this week to see his grandson. Last week our informant had it granddaughter, and gave Grandpa Frank Belshee special honors. This places the matter right.

County Extension.

After looking into the matter thoroughly, it seems to us that it would be a good thing for all concerned to annex that part of Wasco county east of the DesChutes river to Sherman county. It is true that Sherman county would have to take an indebtedness of about $8000, but they would get $350,000 taxable property, and while that part is expensive for Wasco county to handle, it would not be so much so for Sherman county, as our county seat is nearly 50 miles nearer to them than the Dalles, and for this same reason it would be much less expensive for the parties living in that part to be annexed to Sherman county. We know it has been the ambition of that part of the country to get into a new county, but until it is more thickly settled it would be very expensive for them to keep up a county, and they being annexed to Sherman county would not keep them from getting a new county in the future, if they felt they needed and wanted one.

Church Notices.

Rev. CC. Bell, UB. Presiding Elder, will preach at DeMoss Springs Monday evening, January 28, and at Klondyke the following evening.

Preaching every evening this week and next at the Presbyterian church. Rev. Harper of Prineville, will assist in these special services. All are cordially invited to attend these services.

Morning and evening on Sunday, Jan. 27th.

The Methodists will unite with the Presbyterians during their revival meeting. Only Sunday school at 10 am. and Epworth League meeting 6 45 pm.

The Methodist people at Grass Valley are prepared now to build a $1,500 or $2,000 church building in our sister city.

In the Hotel Corridors.

NP. Hanson, A. Dillinger and PW. McDonald of Monkland, HS. McCormick, of Portland registered Friday.

Leo. Gottlieb, representing Philadelphia trade, Sundayed at the New Moro.

Save the Manure.

The waste of manure from Moro barns is shameful. Waiving all points of value manure is just what these gulches need to prevent washings by rivulets. Save the manure for filling. Too many farmers hold to the mistaken notion that spreading manure upon the snow is a wasteful practice, and that much of its value is lost by leaching and running over the surface in the spring. They point to darkened snows, high-colored waters and greener meadows at the base of the hillsides as proof of this. Some loss occurs in this way, but it is less than is commonly supposed. The loss from manure as ordinarily kept in barn cellars or in heaps outside the barn is much more than when spread in the field. Fermentation is much less outdoors than indoors. It is better for the manure to leach on the soil that is meant to fertilize than in proximity to the barn and family well. Experiment and experience alike show that housing manure in winter for spring hauling is seldom better and generally worse than spreading it as fast as made. Some will be lost if spread, but more will be lost if kept in the barn, and the spring's work will be just so much hindered. While it may not be advisable to spread manure on a steep hillside in winter, yet on moderate slopes and level places, if not too leachy land, it may safely be spread any day in the year.

STUNTED HAIR

Does your hair split at the end? Can you pull out a handful by running your fingers through it? Does it seem dry and lifeless?

Give your hair a chance. Feed it. The roots are not dead; they are weak because they are starved—that's all.

The best hair food is—

Ayer's Hair Vigor

If you don't want your hair to die use Ayer's Hair Vigor once a day. It makes the hair grow, stops falling, and cures dandruff.

It always restores color to gray or faded hair; it never fails.

$1.00 a bottle. All druggists.

"One bottle of Ayer's Hair Vigor stopped my hair from falling out, and started it to grow again nicely." JULIUS WITT, March 28, 1899. Canova, S. Dak.

"Ayer's Hair Vigor completely cured me from dandruff, with which I was greatly afflicted. The growth of my hair since its use has been something wonderful." LENA G. GREENE, April 12, 1898. New York, N.Y.

If you do not obtain all the benefits you expected from the use of the Hair Vigor, write the Doctor about it. Dr. J. C. AYER, Lowell, Mass.

Home Made Soap.

"I read something in The Observer recently about bad soaps," remarked a farmer in this office last week, "and I want to say that every family in Sherman county has all the materials at hand to make all the soap they can use, if disposed to do so; and here is the recipe to make it: Take one bucket of rain water and 8 pounds of meat scraps, and one can of Lewis' lye and place in an iron kettle; let stand for two weeks; stir it once a day during the time; then at the end of two weeks boil two hours, and you will have a good, hard soap, for I have tried it several times and never failed."

Time Extended 60 Days.

The price of The Observer is $1.50 per year. 75 cents for six months, 50 cents for four months—but if paid in advance we accept $1.00 in full for one year. Shorter terms than one year 12½ cents per month.

After March 1st there will be no more Dollar a Year in Advance price for The Observer. If you want it for One Dollar a Year in Advance you must walk up and pay up before February 28, 1901. The price to all after that day will be $1.50 per year in advance, and Oregonian and Observer $2 25. Don't forget this.

KEEP your blood pure and your stomach and digestive organs in a healthy condition by taking Hood's Sarsaparilla and you will be WELL.

A Steam Heater.

It has been decided to heat the New Observer Building entirely with steam, and apply the same to power to drive the newspaper and job presses. Maier & Benton will place the plant, which is known as The Royal Heating System. It is a perfect net of tubing surrounding the furnace, and every particle of heat generated is utilized, which is an economy of fuel; and the boiler being compact requires not much more space than a large heating stove. The system is complete throughout, reaching every room on three floors of the building. The heater and piping will be put in under the supervision of Mr. Benton, who is acknowledged to be one of the most expert plumbers in the state. The time of completion depends upon prompt payments of balances long due this office.

Time to Oil Up.

Like every other complex machine, the human body has its periods for repair. Sleep is Nature's time for rest, when the repair shops of the brain make good the damage of the waking hours. The man who cannot sleep, or who suffers from headache, nervousness, lost appetite, indigestion, heart trouble or pain, is running with a hot box. Give the tired brain and worn-out nerves a chance to rest. Stop! It is time to oil up.

"LaGrippe left me with shattered nerves and a weakened heart. I was short of breath, my heart fluttered and I was so nervous and irritable that I could not sleep. The first two doses of Dr. Miles' Nervine brought me relief. Five bottles invigorated my whole system and cured me. Although I am 88 years old I am as strong and hearty to-day as most men are at 60."
