

# SOMETHING always INTERESTING!

## Shoe Department

In this department in addition to what I have heretofore advertised, I have received several new styles in men's and women's dress and working shoes. In men's styles the prices range from \$1 to \$5; in women's styles from \$1.25 to \$4 per pair. I have a fine line of low cut shoes; they are the most comfortable foot wear for ladies and gentlemen during summer. Red Shoes for children are popular this year, and are made in several different styles, which I carry in stock. In all styles and kinds, sizes and widths my stock is complete.

## Cookery and Glassware

Last week received a complete line of full dinner sets, dishes of all sizes, cups and saucers, tureens, bakets, butters, sugar bowls, oyster bowls, oatmeal bowls, soup bowls, finger bowl teapots, covered dishes, covered honey, egg cup sauce boats, Pavia nappies, pickle dishes, cake stands and more too numerous to mention some are hand-painted and all enjoy looking at them.

## Mens' Hats

My stock has been increased during last week with several new styles of mens' and boys' hats and caps and new goods, in sizes to complete lines already in store. Any head can now be fitted; swelled heads or otherwise.

## Millinery Department

My last advertisement was widely read and the ladies profited by it. As hats are being newly trimmed at all times no matter how often you call there is something new to show you. There is in stock all the latest styles in untrimmed hats; which can be bought that way or can be trimmed to the party purchasing.

## Shirt Waists

I mention these goods particularly for the benefit of those who have not seen them; they must be seen to be appreciated. I have them in all colors, styles and sizes. Now is the time to get one. I sell them at prices that cannot be duplicated.

Beware of Ointments for Catarrh that Contain Mercury, as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces.
