FRIDAY, DECEMBER 20, 1901

The great things in life are things a man is going to do tomorrow.

Exercise discretion in turning down a poor man—he may be rich some day.

If a man worked as hard to get to heaven as he does to get an office, he'd have a cinch on the glorious hereafter.

We need the Danish islands in the business of building and owning the Nicaragua canal. And there are other reasons.

We are bothered to understand how Bro. Johns got time and money enough together to leave The Record for a pleasure jaunt to the states. He is now in Michigan.

Some are advocating a trip by Aguinaldo to Washington city "and the balance of the United States." Why, of course; send him along. Let him see what he has been up against all this time.

Russia is endeavoring to supply England with fresh meats. It is believed Russian products can compete with America if the proper methods of butchering, cooling and shipping are employed.

The 3d-assistant postmaster general states that the loss on 2d-class mail matter nearly equals the sum appropriated to support the legislative, executive and judicial departments of the government. A leak that must be plugged.

Hon. Jay P. Lucas, register of the U.S. land office in the Dalles, and Mrs. Olivia Morgan will be married January 1st. They are now receiving congratulations in advance through the local press, by which both are very favorably known.

Those brigands are complaining that their prisoner, Miss Stone, is attempting to convert them to Christianity, and gives them no peace. Wouldn't it be a surprise if she were to bring them in yet to be baptised—and hanged? "God moves in mysterious ways," etc.

Rear Admiral Schley will not say that any further proceedings should be taken in regard to his conduct. He is willing to stand by the verdict of the American people and the statement of Admiral Dewey, the only other man besides himself that has commanded a fleet of United States war vessels in an actual engagement.

We are pleased to learn that the recently bankrupt iron works of the late Wolf & Zwicker firm is to start anew early in 1902, but under a new name. If any of our personal friends are concerned in it we hope they will waive patriotic pride of town to business in their contracts. Loyalty to one's own is essential to any establishment first.

That Cough Hangs On

You have used all sorts of cough remedies but it does not yield; it is too deep seated. It may wear itself out in time, but it is more liable to produce la grippe, pneumonia or a serious throat affection. You need something that will give you strength and build up the body.

SCOTT'S EMULSION

will do this when everything else fails. There is no doubt about it. It nourishes, strengthens, builds up and makes the body strong and healthy, not only to throw off this hard cough, but to fortify the system against further attacks. If you are run down or emaciated you should certainly take this nourishing food medicine.

See and get it on all druggists. SCOTT & BOWNE, Chemists, New York.

A DAILY OBSERVATION.

That hundreds of people never have studied themselves, is evident to those who look about them. They are on every hand that fail because they undertake to do something for which they are not fitted. There is no business or profession that is not weighted with those who have engaged in some line of work without first learning whether they have any of the qualities of success in it. Because a man is what the world calls smart, is not a proof that he can be successful in any business he may select to enter. He may become successful as a lawyer and yet fail as a minister. He might be a good lecturer though a poor professor. He might win honor as a political speaker, yet fail as a campaign manager. Thousands of men are dabbling in politics, "sleeping with their friends," who could have homes of their own if they would go to farming. It is better to be a well fed farmer than a hungry politician. In their desire to get an easy job many men drag themselves and their families into poverty. Wife and children go hungry and half clad because the husband imagined himself too smart to earn bread by the sweat of his brow.

Probably no story ever printed has attracted more attention than the serial now running—"The Doctors' Dilemma." A reader writes, "The 'to-be-continued' part of that story is getting very old. I wish you would run in the last of it next week—I don't care who the doctor marries—and if it is found that Olivia is really dead, it is all the same to me. Have Foster die and let the doctor marry Mrs. Foster, if he has to be applied before the story ends. Let Jack and Julia get married and have the doctors' father chided out too—I don't like him. Perhaps if the old man is to die it would be better to have the doctor marry his stepmother, and instead of Foster dying let it be Mrs. Foster, and let Olivia return to her husband."

The grand lodge, AOUW, is now making preparation for the reception of the supreme lodge which is to meet in Portland June 10th. In connection with the supreme lodge will be the superior lodge of Ladies' Auxiliary. There will be about 400 delegates, many of whom will bring their families, and swell the number of visitors to at least 1500, representative people of their respective communities. The AOUW was organized October 27, 1878. The organization now numbers 420,000 members in 40 jurisdictions, embracing all the states of the union, and all of the provinces of Canada.

Be prepared to catch your wind, this is all one person—Arthur James Plunkett, Baron-Killenee of Killenee, of Killeen Castle, county Meath in the peerage of Ireland, and Baron-Fingall of Wool Hampton lodge, county Berks, in the peerage of the United Kingdom, who is a member of the British Remount Commission maintained in this country by the English government for the purchase of horses for use in South Africa, was inspecting Oregon horses last week. We offered our buggy team but Chubb would not let Betty escaped the ordeal of shipment.

This is a day in history of our Nation, to be known as Louisiana Purchase Flag Day. Gov. Geer invites the people of Oregon to observe the anniversary by the display of the National colors, and in such other manner as they may see fit.

It was the negro "detective" Kidd who, according to his own confession, put the burr on the rail that wrecked the train that killed Engineer Cavanaugh, near Celilo December 4th. Our African fellow citizens are rising in the scale of modern "civilization." From diamond robberies and train-wrecking they should soon rise to the full Anglo-Saxon dignity of high way murder.

Catarh Cannot be Cured

With LOCAL APPLICATIONS as they cannot reach the seat of the disease, Catarh is a blood or constitutional disease and in order to cure it you must take internal remedies. Hall's Catarh Cure is taken internally and acts directly on the blood and mucous surfaces—Hall's Catarh Cure is not a quack medicine—it was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known combined with the best blood purifiers acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarh—see for testimonials, free F. J. CHENEY & CO., Props, Toledo, Ohio—sold by druggists, 75c. Hall's Family Pills are the best.

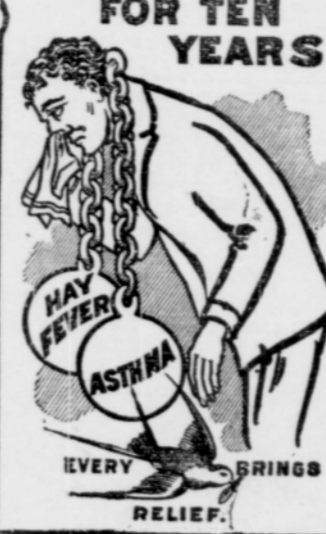

ASTHMA CURE FREE!

Asthmalene Brings Instant and Permanent Cure in all Cases.

SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL CARD

Write Your Name and Address Plainly.

CHAINED FOR TEN YEARS

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures where all else fails.

Rev. C. F. Wells of Villa Ridge, Ill., says "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with painful sore throat and being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overlooked yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full sized bottle."

Rev. Dr. Morris Wechsler, Editor of the Cong. Rec. New York, Jan. 3, 1901. Dr. Taft Bros. Medicine Co., Gentlemen—Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is a tonifying and wonderful. After having it carefully analyzed, we can state that Asthmalene contains iron, morphine, chloroform or ether. Very truly yours, Rev. Dr. Morris Wechsler

Dr. Taft Bros. Medicine Co., Gentlemen—I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 130th street near about the first of November. I very soon noticed a radical improvement. After using one bottle Asthma has disappeared and she is entirely free from all symptoms. This distressing disease.

Dr. Taft Bros. Medicine Co., Gentlemen—I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with it. I found relief at once. I have since purchased your full size bottle, and with it I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit. Home address, 235 Livingston street, Avon Springs, N. Y., Feb. 1, 1901. Very respectfully, O. D. PHELPS, M. D.

Trial bottle sent absolutely free on receipt of postal card

Do not delay. Write at once addressing DR. TAFT BROS. MEDICINE CO. 79 East 130th St., N. Y. City.
