FRIDAY.....APRIL 13 1906

Our Representatives.

To the Republican voters of Sherman county and the 28th Representative District of Oregon.

The Republican County Committee of Sherman County, take this method of calling your attention to the candidacy of Hon. B. F. Pike of Sherman county, and Hon. R. N. Donnelly of Wheeler county for the nomination for the office of Joint Representatives for the 28th District.

Both these gentlemen are too well known in their respective counties to need any recommendation from this committee.

Mr. Pike has been a resident of this county for more than 20 years, and is well known as a staunch republican and as a man who stands well in the estimation of the people, he received the unanimous endorsement of the mass meeting of republicans held at Moro on the 4th of April, 1906, in this candidacy.

Mr Donnelly is an old resident of, and heavy taxpayer in Wheeler county, and his popularity there is attested by the fact that he has already served his constituents two terms in the legislature, and now has their support for a third term.

Knowing these gentlemen to be the choice of their respective counties and that no mistake will have been made in their election we take pleasure in recommending them to the voters of the district, and ask that you give them your support, both at the primaries, and at the election on June 4th next.

The Sherman County
Republican Committee.

Comments of the Press of the District.

Sherman County Observer

Hon. R. N. Donnelly has filed his petition with the secretary of state, as a candidate for the republican nomination for joint representative of Wheeler Gilliam and Sherman counties. Our people have reposed confidence in him times before, without disappointment and will do so now. He is handicapped this time by a frightful accident to his hand, which may keep him at home for some time—but the vote of the district is his.

His petition contains the following pledge: "If I am nominated and elected I will, to the best of my ability, faithfully represent the best interests and carry out the wishes of the people of my district, and during my term of office I will vote for that candidate for U.S.Senator in congress who has received the highest number of republican votes for that position at the general election next preceding the election of a senator in congress, without regard to my individual preference, so long as there is a reasonable possibility of electing him."

Mr. Donnelly is a successful farmer and stock raiser, living in the Shoofly section, where he located 25 years ago and where he has made his home continuously since that time. In 1898 Mr. Donnelly was elected to the legislature and during his term of office succeeded in passing the bill creating the county of Wheeler, which was formed of portions of Grant, Crook and Gilliam counties. In 1904 he was again elected to represent the 28th district, and is now put forward for re-election. Mr Donnely is the unanimous choice of the republicans of his county, and should have a generous support in this county, whose candidate, Hon. BF Pike, is assured of a hearty support in the other counties of the district.

Grass Valley Journal.

Hon BF Pike of Moro is a candidate for representative of the 28th district. Mr Pike does not need an introduction to the people of Sherman county, having been a resident here 22 years, for 6 years holding the office of assessor to the satisfaction of all and with credit to himself. He is prominent in the GAR, is a pleasant gentleman, not full of hot air and political buncomb, but a safe, conservative man who makes friends on his merits and will represent his constituents, if elected, in an impartial, fair and painstaking way.

Wasco News.

Hon B F Pike of Moro is out for the republican nomination for joint representative. Mr Pike is an able, straight forward man, above corrupt influences, that have been so dominant in Oregon politics, and is one of those men who need have no fear of his record being attacked on account of past affiliations. We hope he will be nominated and elected. Outside of the representative all other present county officials are ready to go before the primaries, and so far as we know there is no opposition, and likely to be none in the republican party. If the democrats are going to put up a fight they are quiet about it

Kent Recorder.

For joint representative, we can do no better than nominate Hon. B. F. Pike of Sherman county. We have known Mr Pike a number of years, and are convinced that a better man for the place could not be found in the district. An old soldier, a man of ability, honesty and good judgment, and one having had experience in public affairs, what more could we ask? Vote for Hon. B. F. Pike at the primaries the 20th of April, 1906, and you will have nominated a man who cannot be beaten in June, and a man that when elected, will do as much or more, for his constituents than any man in the district.

Fossil Jounal

Col B F Pike of Moro, was in Fossil yesterday interviewing our people with a view to his candidacy for the republican nomination for joint representative of Gilliam, Sherman and Wheeler counties. He met with much encouragement here, and there is little doubt out be will be the choice of Wheeler county for the position, in company with Hon RN Donnelly of this county, who is a candidate for the other republican nomination for joint representative that belong to these three counties. Gilliam has the joint senator (Bowerman), and in order that each county may have a representative in the legislature it is imperative that an agreement be reached on this matter by the dominant party in each county, and as Sherman is solid behind Col Pike, and Wheeler is solid behind Mr Donnelly, they are the logical candidates for our legislative ticket and should be elected with little or no opposition. Col Pike is a veteran of the civil war, was last year commander of the GAR, department of Oregon, served three terms as assessor of Sherman Co. and is a prosperous farmer who is highly respected wherever known for honesty, integrity and ability. Mr Donnely is so well known to our readers that he needs neither introduction nor recommendation at our hands. He has ably represented us twice in the house of representatives and will do better than ever when he goes to Salem next winter

Wheeler County News.

Hon BF Pike of Moro, candidate for nomination on the republican ticket for joint representative of this district is a staunch republican and knows the needs of the district.

Arlington Record.

There is a strong feeling here that Sherman county should have one of the joint representatives in this district and as Gilliam has the joint senator, Hon Jay Bowerman, who holds over, we think Sherman and Wheeler should have the representatives. In this connection the feeling is almost unanimus that Hon BF Pike is the man to represent Sherman county. Mr Pike is a man of ability and one of the oldest settlers; having resided here for more than 20 years, and has served the county as assessor for six years, giving general satisfaction, retiring with the good will of all. If chosen to represent this district in the next assembly no mistake will will have been made.

Condon Globe

Hon. BF Pike, a well known G.A.R man and successful farmer of Sherman county, was in town Wednesday, getting acquainted with the voters of this region. Mr Pike has announced himself as a candidate for representative on the republican ticket. He is a strong and able man put forward by his friends and will make a good run.

Arlington Record.

For joint representative for the Sherman, Gilliam and Wheeler district, Hon BF Pike of Moro asks the nomination on the republican ticket. He is a veteran of the civil war, has been stock raiser and farmer of Sherman county for 22 years, has also been assessor of that county, and is a man of ability, who will make his mark in the assembly. He is highly recommended by all best acquainted with him.

That was a gale of wind March 10th, 11th, 12th, etc. Since then our readers have been re-galed for 5-straight weeks with political breezes. That's all right, too—the polling places belong to the people. Why shouldn't the candidates push The O. Man over and claim the paper?

The primary tickets, to be voted in Oregon next week show up the fool side of the law. In this county there are 47 names on the republican ticket, and 9 on the other. They must be on different colored paper, and, under the law, "of equal size." This is the paper dealer's graft. A part of it.

T. P. Beach, for 20 years secretary of the Eastern Oregon Land Co., died in St. Mary's hospital, San Francisco, on the 3d. Deceased was one of the most remarkable men of Pioneer days, and his history would be the history of California, in railway and steamship matters from the time of Pony express.

Prof. Cordley, of the O. A. C. experiment station, is of the opinion that myriads of San Jose scale were destroyed by the recent cold weather, that any loss of fruit by the freeze will be more than made up by the benefit wrought through the destruction of young scale. But don't let this opinion obstruct your plans for spraying.

Without one dollars' worth of extra expense the city council have placed the business interests of Moro on a business basis with a man behind the desk, Wm. Henriche, who will keep things in order, and up to date for accuracy on the savings side of the ledger. Mr Henriche' past experience as County clerk, and in many other ways, will redound to the benefit of Moro in his new capacity.

ROYAL Baking Powder

Absolutely Pure

A GRAPE CREAM OF TARTAR BAKING POWDER

It makes the most delicious and healthful hot breads, biscuit and cake

FREE FROM ALUM, LIME OR PHOSPHATIC ACID

★ ★ ★ ★ ★ ★ ★ ★ ★

Alum baking powders are unhealthful. Do not use them for raising food under any circumstances. So detrimental are alum baking powders considered, that in most foreign countries their sale is prohibited. In many States in this country the law compels alum powders to be branded to show that they contain this dangerous acid, while in the District of Columbia, Congress has prohibited the sale of all food that contains alum.

Alum baking powders are sold to consumers at from 10 cents a pound to 25 ounces for 25 cents, or 25 cents a pound, and when not branded may generally be distinguished by their price.
