The I, O. O. F. program for last Sundays public observance was not carried out, for reasons unknown to the uninitiated.

We appreciate the little drops of water sent upon us this week from the clouds, and much more would be as gratefully accepted.

Wm. Hoggard is laid up in Wasco with sciatic rheumatism. Mrs H. went down Tuesday to be with him. It is his first experience in this line.

The score on base ball games in this county last Sunday were 4 to 9 in favor of Moro v. Wasco, on Moro diamond, and 16 to 0 in favor of Grassvalley v. Antelope, on G.V. diamond.

E. A. Cushman was in part of the earthquake that destroyed San Francisco. He was visiting at Eureka when the quake came and in that town it did as much damage as in San Francisco in propertion, with the exception that there were no fires.

Avenarius Carbolineum is a germ destroyer. Decay being a germ, it destroys the cause of decay in posts or timber. The US.Government, the ORNCo., Multnomah county, and city of Portland, are making general use of it on bridge timbers, etc. It is the best chicken lice destroyer on the market, and will sweeten and preserve a water trough, pig pen, stable, etc., and keep away flies. It is a guaranteed article. The Observer Book Store is distributor of the pure article in Sherman county.

It is said by knowing ones that work will begin May 14th on the railway up DesChutes river. Let 'em come. The laborer is wanted everywhere all at once this spring.

Returns of the primary election in this county show that the democrats cast 53 votes. Chamberlain got 53 for governor, Gearin 48 for U.S. senate, State ticket 49 each.

Mrs Elmira M. West, the new postmaster at Otis, thinks keeping a post office in a little town is a good deal like running a county paper. A sort of thank you job, with "thank-you" often omitted.

We've been having a few "fresh and brisk" gales; predicted this week. With a little rain they'd be more acceptable. Uncle Sam has promised to "tell us what is to come," and say less about has beens.

Mr Pike ran ahead over here because the voter did not understand what he was doing. Evidently he imagined that Mr Donnelly was an opponent, instead of a colleague and the same conditions existed in Wheeler county only vice versa.

Moro M. E. Sunday school is talking of a pic nic at Rohr Villa, DesChutes next Saturday. That is one of the most desirable localities in The Inland Empire for a real jolly good pic nic.

Closing out sales of general merchandise are often more fictitious than real. Not so in case of The O. T. Co. sale now on in Wasco. That is a veritable "Everything goes" fact. See adv.

O. M. Heacock has received his diploma allowing him to practice the profession of an optician. The board informed him that he had the highest average of any that so far have appeared before the examining board. Quite an honor for Moro.

Friends of Moro people are all accounted for, so far as we know. J. J. Thompson and wife, and their daughter Mrs Davis, are in camp at San Jose. They lost all, home, business, everything but are well. Capt. Stanleys' relatives escaped with the clothes they were in at the time. H. S. McDaniels folk are safe, but the old home in Oakland was badly shaken.

Lee Shaw of Klondike was in town Tuesday. He reports that but for the watchfulness of the engineer Monday morning last a C. S. Ry. wreck at Summit would have happened. Some person had placed a 6x6 timber across the track near the switch. When that was removed and the train proceeded about 100 yards farther north another stop was made to take a good sized stick from a cattle guard; it lying in such position as to cause an engine to leave the rails if it had not been seen. It is supposed that whoever is responsible for this, did not do it for deliberate train wrecking purposes.

An impromptu celebration of the 10th wedding day anniversary of Mr and Mrs Geo. T. Parr, brought a jolly crowd of friends together at the hospitable home of the host and hostess in Moro Saturday evening. It almost caused a corner in the tinware market, and it really was surprising that our little city could handle the goods demanded in such elegant shape and excellent style. Although hurriedly prepared, the affair was one of general genial good cheer, and after a most agreeable evening, guests departed with expressions of sincere good will for the happy couple, and many returns of the day. Appropriate tokens were awarded winners at whist, gentlemens first prize, shaving cup, J. F. Moore; consolation prize, insect powder ejector, E. V. Littlefield; ladies first prize, tea pot, Mrs. Laura Ireland; consolation prize, nutmeg grater, Mrs S. S. Hayes.

The highest votes cast for state republican nominees in Sherman county last week were for Hon. Robert Eakin, Justice of the Supreme court, 249. For Prof. J. H. Ackerman, Supt. of Public Instruction, 242 For Hon. O. P. Hoff, Labor Commissioner 238. Capt. Stanley lead off with 266 for county treasurer; H. S. McDanel 264 for clerk; W. B. McCoy 263 for Sheriff; R. W. Logan 259 for coroner. D. Chisholm got the nomination for commissioner by 22, over his competitor H. U. Martin. For representatatives Hon. B. F. Pike and R. N. Donnelly received 230, and 155 votes each. Taking the vote for Capt. Stanley 266, and for Gov. Chamberlain 53, the whole number of votes cast in the county was barely 319, showing that the much lauded primary election law is a flat failure as a vote catcher in this county. For Justice of the peace, Moro and Monkland, Wm. Rudolf, 71; O. W. Axtell, 28. Mr. Rudolf, was also nominated for this position by the democrats. The state tickets as nominated in Oregon, will be found on the 1st page of this paper today.

Wasco News.

A company of local farmers consisting of Fred Blau, Henry Medler, Fred Mathias, A. Buhman, John Walters, Wesley Fuller, A. Happold, W. E. Miller and Henry Myers last week purchased another fine thoroughbred stallion to use in improving the horses of Sherman county. Bellington Royal Harold is a magnificent shire weighing a plump ton. At the age of eight months he was purchased for $4,000. Afterwards he was brought to this country for exhibit where he has always been a favorite at the big fairs; at Chicago taking first prize over all competitors. The price paid by the local company was $5,500.

Madras Pioneer.

Miss Marie Galloway met with a very painful accident last Saturday evening, while on her way from Haycreek to Shaniko on the Prineville stage. When on McPherson hill the stage struck a large rock and was upset, the passengers being thrown out and several of them receiving more or less serious injuries. Miss Galloway received a number of painful injuries, although the first report that her arm was broken is since denied. She continued her journey to Wasco, but she has not yet been able to take up her duties with the O. T. Company.

Never argue with a man just for the purpose of killing time. Learn this one thing early in life, and learn it well, that the man who does not believe as you do is not always a fool. The fact that you hold views not in accord with your neighbor is not proof positive that you are right and he is wrong, nor is it any evidence that your neighbor is insincere. If this were not true, then all smart men would belong to one party and all good men to one church. And if all belonged to one party, and one church, they would break up both party and church.

The total stock of money in gold, silver and uncovered paper in the whole world amounts in round figures to $12,000,000,000. In the United States the total stock of money amounts to about $2,000,000,000. Hence we have in our own purse one-sixth of all the cash of the globe. This gold, this symbol and synonym of wealth, comes, like all things else, from the ground, from mines. Here, again, we lead all nations, for we ourselves produce one-third of all the gold of the earth, as we produce one-third of all the silver. Here is an earnest, sober population, engaged in the business of extracting precious metals from the mountains to the tune, some years, of $25,000,000. So much for the work of man in securing the raw material for money.

Branch House in Wasco.

To Our Patrons in Sherman County.

WALLA WALLA, WASH., April 19, 1906.—For the purpose of promptly taking care of our patrons in that section we have opened up a Branch House in Wasco where we will for the season of 1906 handle our Repairs in Sherman county, and as Mr. Geo. N. Crosfield is familiar with the Extras and Holt Bros. Side Hill Combined Harvester, also the people who are using them, we have placed him in charge of our Branch House in Wasco for this season.

We have on hand in Wasco a better stock of goods than we have ever before carried in Sherman county, and on account of their being handled by us we are sure that our patrons will be better taken care of than ever before, as we are going to make a specialty of this feature in that section.

In a short time we will have from the printer's hands our new and revised Price List of Extras, and you will find many reductions in the cost of Castings, and this will also enable you to check up every bill that you get for Extras and know whether you are overcharged or not. Very often mistakes occur, and overcharges are make, but where you have a list to go by you can detect any error immediately, and we want it understood that all of our patrons are charged for Extras, one and all alike.

Where the Extras are bought at Wasco they will be furnished f.o.b., there; when they are bought direct from us at Walla Walla the freight from Walla Walla to your town will be added, but we would perfer that you order all of your Extras through our Branch House at Wasco, and you will be given very prompt attention. Should you have cause for any complaint as to the treatment received, kindly report the matter to us immediately at Walla Walla and we will see that everything is adjusted without delay, and as it should be.

For the benefit of those living in the southern end of Sherman county, will say that we are contemplating putting in a stock of goods with some reliable firm either in Moro or Grass Valley, or possibly both, but this has not yet been definitely decided on. At any rate you can depend upon it that we are going to arrange to serve our good patrons in that section to the best possible advantage to all concerned, and if you have any suggestions to offer us, we would be pleased to have you advise us what they are and they will be duly considered.

In handling our Repairs our object is to please our patrons and we largely depend upon what your wishes are to guide us.

We would like to have your Order for Repairs as early as possible so that we can get it to you before the rush comes. We enclose and Order ticket on which you can write your order and send it in to either The Holt Manufacturing Co., Wasco or Walla Walla, and when you get our new Harvester Extra Catalogue, examine it closely as the charges therein are to your benefit.

We hope our arrangements work out allright, and by the end of the season we will know just what to figure on for the future.

We thank you for your many past favors, and wish you every success in the future. We beg to remain, Yours very truly,

Home Baking with ROYAL Baking Powder

The United States Agricultural Department has issued (and circulates free) a valuable report giving the results of elaborate experiments made by and under the direction of the Department, which show the great saving from baking at home, as compared with cost of buying at the bakers. All bread, cake, biscuit, crullers, etc., are very much fresher, cleaner, cheaper and more wholesome when made at home with Royal Baking Powder.
