Proclaimer: The Ions brass band, the best band in the county, marched down the freshly sprinkled Main street Monday evening, under the glare of the electric street lights, playing some of their select music. Our visit to Portland would have been incomplete without taking in the new bank of W. H. Moore and associates, which is beyond doubt the finest banking institution on the Pacific coast. Portland should be proud of it.

A smoker burned his wagon and a load of juniper on Agency plains last week. He laid his pipe down on the wood while he watered his team, and the fire got the best of him. He "enjoyed his smoke" before he laid the pipe aside however.

Saturday, May 12th the Erkinville school hoisted their new flag. The pupils all took their parts well and Supt. Bryant made a very interesting and instructive address. This being the last day of school exercises, the pupils presented their teacher with a handsome toilet case. The school board hope to secure the services of Mrs Deems again, for next year.

Sunday, May 27th, there will be an anniversary celebration of the dedication of Wasco Catholic church. It required great energy and perseverance in Rev. Father Hickey to accomplish all that he has in Wasco and all the people in Sherman Co. may feel justly proud of the pretty and substantial Catholic church erected in the county. Father Hickey is organizing a fine choir and intends astonishing his friends. In our next issue we are promised further details as to the religious celebration and the program of services for the 27th.

Farmer John R. Martin was in Moro Tuesday attending to business affairs. Father Martin is one of the most foremost pioneers of this county. He never knew the meaning of the word failure, nor was he ever on speaking terms with discouragement. Hard winters, backward springs nor dry summers, with consequent loss to the farmer, never disconcerted him. Like all true western pioneers, his word is as true as his bond, and his republican sentiment is pure gold.

A vagrant cat displayed his sagacity by concealing himself in the elegant new bank in Portland, of which Hon. W. H. Moore is president, at the close of the grand opening. After everybody had left the cat became lonesome and jumped upon the president's desk, where he could obtain a better view of the never ending parade on Washington street, breaking a beautiful vase, destroying a handsome bouquet and saturating books and papers. Growing hungry towards morning he proceeded to masticate a few choice Panama hats. When the janitor arrived he found a crowd in front of the bank watching the cat pick straws from its teeth. Now Bro. Moore despises the hull goll durned race of cats.

Hay canyon and Moro played a pretty game on Moro field Saturday afternoon, 5 to 10 in favor of the Hay canyon boys. Next Sunday Wasco play Moro in this city. We found our old-time friend Hurlbert, manager of O.W.P. affairs in Portland, up to his eyes in business on our recent visit, which occurred on the day of the consolidation \$30,000,000 deal, and of course could only extend congratulations to our busy friend and wish him God speed in future. He is happy in the consummation of duties performed but really has less time for personal pleasures than the tenant and toiler of daily life in a newspaper office. Indeed we believe we would rather fill this chair in this old shack than exchange places with Bro. Hurlbert, even if qualified to do so.

The road north of Moro now runs between the fence of Horace Strong and the railway. The road crossings over the railway, one near the Horace Strong house, and the other near the Hockman farm, have been taken up. It is now one of the most dangerous pieces of road in the county for a skittish horse to travel, the railway track being so near. It doesn't pay to tax ourselves heavy to keep up a city, and to provide amusements for folks who visit us, when the merchants complacently sit down and let one of the main arteries of trade be closed as this has been, by the railway company.

He has 1000 acres in cross this spring of which 320 acres was sown last fall; it was killed back, but is now jointing and is a fine looking field of grain. Mr S. says that the only reason it was not sown over was the fact that he had too much to do, besides he does not believe in snap judgments in a freeze out spring.
