My Hair Ran Away

Don't have a falling out with your hair. It might leave you! Then what? That would mean thin, scraggly, uneven, rough hair. Keep your hair at home! Fasten it tightly to your scalp! You can easily do it with Ayer's Hair Vigor. It is something more than a simple hair dressing. It is a hair medicine, a hair tonic, a hair food.

The best kind of a testimonial—"Sold for over sixty years."

The W W M Co's base ball team played Moro team in this city on the 24th, taking the cake, 13 to 6. Blue Barn teams hauled them up from Grants, and "after the ball was over" delivered them in the Dalles.

This year The Dalles has undertaken a celebration that has never been equalled in the state of Oregon and will, we believe, excel any celebration ever given there. More than $2000, with all incomes, will be used to make this a celebration never to be forgotten.

A rush of work this week incident to the 4th of July, compels us reluctantly to lay aside a good base ball article, prepared by our worthy friend Dr Goffin, on the record made by the Moro team last Saturday afternoon in a return contest with Goldendale in this city. Moro has reasons for being proud of her energetic good natured base ball boys, players for love of the game, and a team who work nearly as hard to lose a contest as they do to win. They don't play to win the earth, are willing others shall enjoy victories, and do most certainly rank as the best amateur players on the Pacific Northwest diamond.

If old Alick Dowie is a reincarnation of Elijah, as he pretends to be, why doesn't he declare a drought and famine on his enemies, as his predecessor did to Jezebel and her bawling Balaamites, and starve 'em all out of Zion city. The impression is growing that Alick is the rankest kind of a fake.

The county road between Moro and Rohr Villa should not be permitted to remain in its present dangerous condition another day longer. Merchants and business men of this city owe it to themselves to see that this matter is not neglected, if they would reap any benefits from 30 or 40 miles of railroad work now beginning at DesChutes en route to Madras. A word to the wise is sufficient.

Gasolene Engines. Prices to close them out. O. T. Store, Wasco. Receivers sale.

James J Hill, president of the Great Northern railroad, is attempting to promote scientific farming in Minnesota and the Dakotas by offering prizes aggregating nearly $7,000. The only condition in connection with the competition for prizes is that the farmers must keep two kinds of live stock in connection with their crop farming. The first prize is $300, the second $150 and the third $75. Judges will visit the farms and make their awards upon the system of rotation of crops, the character of cultivation, cleanliness, crop yield and the number and character of live stock.

The descriptive pamphlet of Oregoon, Washington and Idaho, for 1906, by Rinaldo M. Hall, of the advertising department of the O.R. and N. Co., is by far the best publication of the kind that we have ever seen in the Pacific Northwest, and we have been here 45 years—nearly long enough to become a pioneer. The book is elegantly illustrated, and gives much information of value concerning the regions of country reached by the Harriman lines, which will be found to be of inestimable benefit to the man seeking a home here. Copies will be furnished free by sending 4 cents in stamps for postage to the General Passenger Agent, O. R. N. Co., Portland, Oregon.

Bad Stomach Makes Bad Blood.

You can not make sweet butter in a foul, unclean churn. The stomach serves as a churn in which to agitate, work up and disintegrate our food as it is being digested. If it be weak, sluggish and foul the result will be torpid, sluggish liver and bad, impure blood.

The ingredients of Dr. Pierce's Golden Medical Discovery are just such as best serve to correct and cure all such derangements. It is made up without a drop of alcohol in its composition; chemically pure, triple-refined glycerine being used instead of the commonly employed alcohol. Now this glycerine is of itself a valuable medicine, instead of a deleterious agent like alcohol, especially in the cure of weak stomach, dyspepsia and the various forms of indigestion. Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of it:

"In dyspepsia it serves an excellent purpose. * * * It is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs; especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric acidity. It is useful in chronic intestinal dyspepsia, especially the flatulent variety, and in certain forms of chronic constipation, stimulating the secretory and excretory functions of the intestinal glands."

When combined, in just the right proportions, with Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot and Mandrake root, or the extracts of these, as in Dr. Pierce's Golden Medical Discovery, there can be no doubt of its great efficacy in the cure of all stomach, liver and intestinal disorders and derangements. These several ingredients have the strongest endorsement in all such cases of such eminent medical leaders as Prof. R. Bartholow, M. D., of Jefferson Medical College, Chicago; Prof. Hobart A. Hare, M. D., of Medical Department, University of Pa.; Prof. Laurence Johnson, M. D., Medical Department, University of New York; Prof. Edwin M. Hale, M. D., Hahnemann Medical College, Chicago; Prof. John M. Scudder, M. D. and Prof. John King, M. D., Authors of the American Dispensatory, and scores of others among the leading medical men of our land.

Who can doubt the curative virtues of a medicine the ingredients of which have such a *professional* endorsement?

Constipation cured by Doctor Pierce's Pleasant Pellets. One or two a dose.

Grading camps have been established near the mouth of DesChutes river, on the west bank, and pretty soon laborers will be within hearing of Moro, with their blasting noises which are preventing hens from batching on north bank.

It is rumored that Mr. Miller secured $1,500 from the O R N Co, for right of way through his place, at the mouth of DesChutes river, and the price was not considered too high. The railroad folk on both sides mean business this time.

The government crop of reports for this month give wheat the high general average of 91 out of a possible 100, which would seem to indicate a fine yield for the states as a whole and, barring later accidents, perhaps a record-breaking yield.

The jury in a civil suit between C R Belshee and G A Meloy, were discharged by Judge Rudolf Tuesday. The suit was over a machine deal, and was sharply contested by Ragsdale & Meindl appearing for the complainant and Attorney Littlefield for the defendant.

The Dalles is after business these days, and her enterprising people are learning how to get it. We need but refer to the 1st and 4th pages of The Observer today to confirm this statement. The Celebration Sale, by A M Williams & Co., is one of the drawing cards in the Dalles next week. Read and be convinced.
