

ONE PRICE TO ALL

No doubt by this time every one that has dealt with us finds this true. One mans money is as good as anothers, if you get goods on 30 days you get them for the same price as if you pay the money over the counter. Why? because 30 days is cash, and I consider it same as cash if I open an account with you.

If you come to our store and are convinced you are not paying any more than the other man you feel satisfied and if you send your children you know the same square deal will be given them, without mistrust or watching.

But this is not all; you will buy as cheap in our store as any store in Oregon. But do not class this store with any Jew shop. We will not Jew. Our goods are the very best we can buy and sell at a reasonable price to our customers. We do not allow any more discounts as we have marked all our goods at the regular selling price.

You will find every thing in our store in the following lines: Dress Goods Notions, Shoes, Hats, Caps, Clothing, Ladies, Misses and Childrens Cloaks, Groceries, Chinaware, Glassware, Silverware, Cut Glass, Hardware, Oils of all kinds, Barb Wire, Gas, Water and Steam Pipe and Fittings.

Any thing we should not have we will be glad to get it for you.

We also take orders for Mens and Boys Clothing. They are made up in the latest styles and all guaranteed to fit.

I want to say if you find any thing misrepresented or any mistakes made come to me and it will be gladly made good. I mean to run a strictly honest business. My motto is Honest Dealing and One Price to All.

I thank you for your patronage of the past. Also welcome you one and all to our store. Yours for honest business,

W. F. Schuller, Moro

The harvest in this county is but little better than half done.

We are going to have deadly collisions just as long as extremes meet.

O A Ramsey has taken a contract to build a residence for E A Cousins in Portland.

J Harvey Smith and Col Fred Krosow were on a flying cruise in Moro Saturday.

Hon C W Moore was a Grass Valley visitor Saturday, returning to the Dalles Sunday.

Mrs Heydt, who was considerably stunned by a fall last week, is able to be about as usual.

Simon Elcooks daughters Minnie, Edna and Nora, are at home now. Mrs Elcock is expected soon.

George Hennings and John Christiansen pull in their combine today after 34 days run in which they cut 1,000 acres.

L V Moore finished harvesting his 800 acres on the 24th day of the run, and housed his combine for the season.

A H Barnum, of the Lone Rock Stock Farm, near this city, has his famous Hereford bull on exhibition at the state fair.

Judge Littlefield, at chambers, heard arguments of counsel on motion Saturday night, in the action pending wherein E O McCoy is plaintiff, and G N Croasfield is defendant. Hon B S Huntington appeared for plaintiff, and Hon J B Hoeford for defendant.

Mrs James Stewart has received a telegram and letters from the folks at home that her father is seriously ill. The letter spoke of another telegram, but the wires are so hampered by the strike that word by telegram cannot be received as to the condition of her father.

Under a new law horses broken down in the service of N Y City are turned over to a society for prevention of cruelty to animals, and sent to a farm to be cared for during the remainder of their days. The old cruel and inhuman way of selling them at auction into hopeless drugery, has been abandoned on the plea for Black Beauty.

Lost and Found.

Lost—between 9:30 p m yesterday and noon today, a billious attack, with nausea and sick headache. This loss was occasioned by finding a box of Dr Kings New Life Pills at Moro Pharmacy, 25c. Guaranteed for biliousness, malaria and jaundice.

Mr and Mrs Judd Fish, formerly of the Unatilla house, will soon leave the Klickitat farm for a home in Portland.

Builders of the Dalles city hall struck a living spring of the purest water in the excavation for the foundation.

Tom W Brannin is nursing a bone felon on his right thumb. It is better than it was a week ago, when Dr Goffin cut it open.

Del Calbreath has discovered a new idea in the combine service. Fertilizing, with the bones of dead animals picked up a-field.

Friends of Robert Belshee were glad to see him in Moro Saturday. He is not able to work any yet, but it does seem good to be about again.

The ring of the school bell is now a regular thing, and the small boy is now confident of the fact that "summer has went."

John Christiansen will change to 40-fold seed, for his wheat sowing this fall, having bought 60 sacks of J W Leonard for the purpose.

Miss Lizzie Paasch of Hood river valley, is the guest of Mrs Rudolf and Mrs Bessie Johnson. It is her first visit, and she is much pleased.

James Mitchell produced a fine crop of pears in his Moro orchard this year. As nice as any ever imported, all by cultivation independent of the water works.

Farmers of the Pacific Northwest are charged by the statistician with pilloining \$45,000,000 for crops this year. "Never," says the headline writer, "in the history of the country, have the farmer reaped such rich rewards." How is it with the hired man?

J H Elliott finished up his harvest and thrashing at noon last Sunday, discharged his cook and run the machine into retirement for another year. He got through the season in good shape, with but one serious mix up, a header scrap that caused the death of one horse.

There is a lot of wheat standing yet in this county, but so far as we are able to learn it is not seriously damaged. Should the weather continue favorable for about four weeks the "agony" were well over with for this year. But the man who has a thousand acres standing today has our sympathy.

The Touch that Heals.

In the touch of Buckles Arnica Salve. Its the happiest combination of Arnica flowers and healing balsams ever compounded. No matter how old the sore or ulcer is, this Salve will cure it. For cuts, burns, scalds, wounds or piles, it has no equal. Guaranteed Moro Pharmacy, 25c.

Reed Hulse has started Moro Dray No. 2.

Postmaster Parry is visiting his Gilliam county farm.

Mr and Mrs J H Landry are expecting to make a trip into Eastern Washington soon.

Elrod & Cochran have business relations with several reputable Portland and valley firms who want to trade or sell valley property.

Just received a big lot of latest style, patterns dress goods, prints, ginghams and outing flannels. Come and see them at Schullers store.

J B Huntington, formerly of the Dalles, becoming a nuisance to his friends and family, was sent out of jail, under promise to leave America forever, and took a liner at Seattle for the Orient.

Have a new suit of clothes made to order. They will come direct from Chicago, the latest styles and patterns. You may have them in about ten days, after ordering them at Schullers store.

Tygh Valley is to be lighted by White river falls electricity. Moro should have it, and pump water too, and run our mills, printing presses. Mr Akers is running the Moro city works as well as possible.

Henry Smith has left with us samples of 2-row barley hard to beat for size of kernel, plumpness and a good healthy appearance. He had 35 acres of it on his Rutledge farm that showed up 16 sacks to the acre.

Mrs Henry Smith spent part of the summer in the Okanagan country with her sons Ross and Arthur, who are in the cattle business there, with headquarters at Riverside. Mrs Smith was delighted with the country, and while there put up a lot of choice fruit for the boys use next winter.

We had the pleasure of dining in the field one evening last week with Mr and Mrs Del Calbreath, and the combine force, a pleasure much enjoyed. Good cooking and good work go hand in hand, and probably that has something to do with Del's crop which grades best in the county for weight and cleanliness, going near 74 lbs per bushel, worth more than a cent a lb at Biggs.

Mr Harriman offered as one reason why he will not build a railroad into Central Oregon—"that they would have to shovel snow several months out of the year." "This," says the Pioneer, "is the first official announcement of the fact that in the future the railroad magnate will confine his operations exclusively to that region where they don't shovel snow."

We can show a list of over 8,000 miserable failures in Oregon of men who have windmills D C Ireland out of small sums of money since 1866, at a time when the list was opened in Oregon city. The O. Mag. has decided to turn the list over to the Oregon Historical Society, when he dies, as an undeniable evidence that honesty is even the best policy.

A Humane Appeal.

UD Williams, a humane citizen of 107 West Main st, Richmond, Ind, says, "I appeal to all persons with weak lungs to take Dr Kings New Discovery, the only remedy that helped me and fully comes up to the proprietors recommendation." It saves more lives than all other throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, croup, whooping cough, quincy, hoarseness, and phthisis, stops hemorrhages of the lungs and builds them up. Guaranteed at the Moro Pharmacy. Price 50c and \$1.00. The annual convention of the Oregon Wool Growers Association will be held in the Dalles Nov. 13. Gifford Pinchot, of the forestry bureau of the government, and A F Patter, chief of the grazing department, will be there and it is expected that the Oregon delegation in congress will attend, making it one of the most representative bodies that has ever yet assembled in the Dalles. It is important that Sherman county should be intelligently represented at this meeting.

Rev Adams returned and officiated at the Presbyterian services Sunday, delivering an inspired gospel sermon in the morning. It is now expected that Mrs Nichols, daughter of Mr and Mrs Adams, will continue to strengthen, and ultimately recover her health, which will be a joy to her parents, shared by hundreds of good, loyal friends, whose tender sympathies have often been awakened at recitals of the sad incidents of affliction in the family of this truly christian man.

Our friends Mr and Mrs B F Pike were 24 hours behind time on arrival at Chicago. The Oregon car on some parts of the line was treated like a coal car at some stations and even an extra engine from one of its sidings, didn't prevent losing time right along. At Colorado Springs some of the party left the car and took the regular train in order to reach Saratoga before the convention adjourned. However, by the 10th everybody had arrived, and after two days the conventions settled down to business. Gov. Hughes welcomed Veterans to the state of New York.

I was so weak from an attack of diarrhoea, says R G Stewart, of Stewart Bros, Greenville, Ala, that I could scarcely attend to my duties, when I took a dose of Chamberlains' Colic, Cholera and Diarrhoea Remedy, which cured me entirely, and I had been taking other medicine for 9 days without relief. I heartily recommend this remedy for bowel complaints. For sale by Moro Pharmacy.

THE OLD remedies are best. Hickory Bark Cough Remedy has been in use for over 100 years by the old Dutch Dunkards of Pennsylvania, and is still in use by all old families of western Pennsylvania. Is absolutely pure, made from the bark of the white or shell-bark hickory tree. Shipped from the east and manufactured in Salem, Oregon. For sale by Moro Pharmacy and all dealers.

Avenarius Carbolineum is a germ destroyer. Decay being a germ, it destroys the cause of decay in poets or timber. The US Government, the ORNCo, Multnomah county, and city of Portland, are making general use of it on bridge timbers, etc. It is the best chicken lice destroyer on the market, and will sweeten and preserve a water trough, pig pen, stable, etc., and keep away flies. It is a guaranteed article. The Observer Book Store is distributor of the pure article in Sherman county.

After the usual summer vacation which it is the practice of exMayor J O Elrod to present himself with annually, he is now again at his office in Moro, in the real estate business at the old stand. Talking with him the other day he expressed surprise that so many people consider that he had "sold out and left the country." His interests are still here, and he has no other office than the one in Moro. True, Mrs Elrod and the children are living in Portland, but J O says it is only another way of being at home when away from home. Before moving the family to Portland Mr Elrod was away from Moro on different business trips over half the time, nearly each trip taking him to Portland. Now he is "at home" when away from home, and the change was made to bring about that result.
