

ONE PRICE TO ALL

No doubt by this time every one that has dealt with us finds this true. One mans money is as good as anothers, if you get goods on 30 days you get them for the same price as if you pay the money over the counter. Why? because 30 days is cash, and I consider it same as cash if I open an account with you.

If you come to our store and are convinced you are not paying any more than the other man you feel satisfied and if you send your children you know the same square deal will be given them, without mistrust or watching.

But this is not all; you will buy as cheap in our store as any store in Oregon. But do not class this store with any Jew shop. We will not Jew. Our goods are the very best we can buy and sell at a reasonable price to our customers. We do not allow any more discounts as we have marked all our goods at the regular selling price.

You will find every thing in our store in the following lines: Dress Goods Notions, Shoes, Hats, Caps, Clothing, Ladies, Misses and Childrens Cloaks, Groceries, Chinaware, Glassware, Silverware, Cut Glass, Hardware, Oils of all kinds, Barb Wire, Gas, Water and Steam Pipe and Fittings.

Any thing we should not have we will be glad to get it for you.

We also take orders for Mens and Boys Clothing. They are made up in the latest styles and all guaranteed to fit.

I want to say if you find any thing misrepresented or any mistakes made come to me and it will be gladly made good. I mean to run a strictly honest business. My motto is Honest Dealing and One Price to All.

I thank you for your patronage of the past. Also welcome you one and all to our store. Yours for honest business,

W. F. Schuller, Moro

There is just as much money in the country as ever there was; just as much property; the land and mines are as productive as ever; on the whole, there were never before so many people free from debt. Half mankind belongs to the migratory animal class. Home and duty is all right ten of 12 months of the year, but with the coming of the crispness in the air, when the sky begins to get purple through the blown branches, when the birds chatter and chatter, and finally circle and soar away after the sun-shine; then something happens to the blood and the system and the heart goes flying after the little fluttering feathered clouds and it is "O, that I had the wings of a dove!" Kipling has described it gloriously, but in this country some of us get those wild joys in autumn, rather than in spring time.

That is the secret of their exquisite Flavor. Preferred Stock Pineapple, for instance, is grown, ripened and canned all under the sunny skies of Hawaii. Pineapples brought to this country and then canned must be picked before fully ripe—or they won't keep—and the flavor is flat. Hawaiian Pineapple is the best grown. Every morning, the ones ripened to their "spicy best" are gathered, taken into the cannery, close at hand, peeled and cored by special cutters operated by bright, tidy Hawaiian girls. All the tough, fibrous center is removed, and the sun-gold slices from the best part of the pineapple are then packed into Preferred Stock cans.
