

ONE PRICE TO ALL

No doubt by this time every one that has dealt with us finds this true. One mans money is as good as anothers, if you get goods on 30 days you get them for the same price as if you pay the money over the counter. Why? because 30 days is cash, and I consider it same as cash if I open an account with you.

If you come to our store and are convinced you are not paying any more than the other man you feel satisfied and if you send your children you know the same square deal will be given them, without mistrust or watching.

But this is not all; you will buy as cheap in our store as any store in Oregon. But do not class this store with any Jew shop. We will not Jew. Our goods are the very best we can buy and sell at a reasonable price to our customers. We do not allow any more discounts as we have marked all our goods at the regular selling price.

You will find every thing in our store in the following lines: Dress Goods Notions, Shoes, Hats, Caps, Clothing, Ladies, Misses and Childrens Cloaks, Groceries, Chinaware, Glassware, Silverware, Cut Glass, Hardware, Oils of all kinds, Barb Wire, Gas, Water and Steam Pipe and Fittings.

Any thing we should not have we will be glad to get it for you.

We also take orders for Mens and Boys Clothing. They are made up in the latest styles and all guaranteed to fit.

I want to say if you find any thing misrepresented or any mistakes made come to me and it will be gladly made good. I mean to run a strictly honest business. My motto is Honest Dealing and One Price to All.

I thank you for your patronage of the past. Also welcome you one and all to our store. Yours for honest business,

W. F. Schuller, Moro

The New York Tribune Farmer.

Horses, cattle, sheep and swine, are heard probably by four-fifths of the readers of The Observer, and all farmers and the man with but one horse or cow, in country or village, would be greatly benefitted by reading from week to week the fine articles on the care and treatment of live stock, by Dr C D Smead, the world famous veterinary writer, in the New York Tribune Farmer. Dr Smead's articles appeal to practical men, and no live stock writer in the United States gives more information of every day actual value, prolonging the usefulness, and saving the lives of valuable animals. These articles, with the other departments, poultry, horticulture, dairy, science mechanics, etc, keep the N. Y. Tribune Farmer in the lead of the Agricultural press of the United States.
