We appreciate your compliments Brother, and are happy in the thought that we are able to accomplish so much; happy in our cheerful good home; and though the revenues of the business do not justify investments in Tom Lawson's national stock, we're a stomach, and an appetite for sleep, that J Pierp and Jawn D would give all they possess in the world could they enjoy what we do.

War has begun on the rat tribe in this city. The pest began here three years ago and has spread to the suburbs. A S Johnson, J H Landry, Geo W Berrian and others, have applied the right apparatus, catch 'em alive for extinction. Mr Landry caught one three times with a snap trap in two years. One cougar has killed a dozen colts at the Millican rancho above Bend; and other domestic animals in and about Pine mountain. The Prineville Journal says this cougar has for a long time made life miserable for stockmen and ranchers of that vicinity, and many efforts have been made to track him down and shoot him. His lair has been discovered but it evidently was one of several dens, as the cougar refrained from returning to it while the hunters were watching for him.

Tuesday Rev John Tonkins met with a serious accident at the railway crossing above the station.
