The Pasteur Institute of Paris has conferred another blessing upon the land in devising a remedy for field mice, which have multiplied at such a terrific rate in the Charentes as to do an immense harm. The Danvez viris, as it is called, if properly distributed, kills 98 percent of the mice in two weeks. It causes a contagious disease resembling typhoid, which is innocuous to all living beings except mice and rats.

A Milton man has some young almond trees on his place which give promise of becoming prolific producers. They are but 3 years old, and last year he gathered one bushel of fine nuts from the only tree that bore. This year they are all bearing and the nuts are the largest ever seen in Unatilla county. One sample measured 2 1/2 from end to end of shell, and the kernel 1 1/4 inches.

It is a well known fact that trees along the highways, trees in town and city, in groves amid agricultural regions, render the atmosphere purer. By their foliage they absorb harmful gasses which would otherwise be breathed by the inhabitants of thickly populated sections, thereby modifying diseases, lessening the dangers of epidemic and in other and many ways improving the healthfulness of communities. By all means protect the trees you have and plant more. Locust is the tree for Moro.

Man to make visits to his only daughter.

We hope that Roosevelt and G. V. Chamberlain will not be seriously offended because The Old Reliable has proclaimed Thursday, Nov 26th a day of Thanksgiving and praise to Almighty God for the many blessings bestowed upon us as a people. There is no sense in being always like a dog's tail in such matters, up to date is the modern style.

The contagion of lawlessness known as night riding is spreading. It began in Kentucky and was confined to the tobacco growing region. Now it has reached the cotton growing states, and even to Moro. Our quiet little city was visited in the early hours of last Sunday, to the infinite disgust of every good citizen.

Such doings are nothing more nor less than mobocracy, and whether practiced by trades unions in the manufacturing centers, or in places like this by bands of whisky soaked outlaws, it has as its basis contempt of law and order; in short, it is the fiercest enemies of liberty.

Mr Boeson lost a horse and he came straight to The Old Reliable to advertise it, but W. B. Johnston was ahead of him, having advertised it as an stray last week. Mr B thus found his lost horse and further advertising was unnecessary. Mr Johnston had also canceled an ad for one of his own horses gone astray, as he was notified that the animal was safe at the farm of Ora Elliott. These three incidents, occurring in The Observer office in one day, illustrates the advantages of an advertisement in The Old Reliable, a news paper that every body reads. One not so fortunate was that cow, advertised by Roy Belshee. The cow died.

WHY SO WEAK?

Kidney Troubles May be Sapping Your Life Away. Moro People Have Learned This Fact.

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well. Here is Moro testimony to prove it.

OP Hulse, living in Moro, says, "Kidney complaint annoyed me for years. In my occupation I am required to do a great deal of driving, and the constant jarring of the wagon, and exposure to all kinds of weather, greatly weakened my back. The secretions were too frequent in action, being so at times while at others too profuse and occasionally attended with pain in passage. I finally procured Doan's Kidney Pills at Moro Pharmacy, and the use of one box gave me entire freedom from back ache, and I was benefitted in every way. I hold a very high opinion of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doans—and take no other.
