Before coming to the city to trade readers are requested to examine The Observer advertising columns. Its active, wide-awake business man who advertises, consequently he is the most economical advertiser, sells the cheapest, and deals the most liberally in every way.

We will not be responsible for the neglect of subscribers to notify us of changes in their address. Nor will the notification of a Postmaster that the subscriber has "Removed" settle the bill of a delinquent.

Send for advertising rates.

One way of insuring against burglars is not to have anything they can steal.

Col. Watterson is trying to explain the November insurability of the June inevitableness.

Now the cracker box authorities have begun fixing up President Taft's cabinet appointments for him.

The battleship North Dakota, our nation's biggest fighter, said to be bigger than Tillman or La Follette, is now afloat.

It is hoped the warden of the federal prison will see to it that the walls are so strong that no drafts can reach banker Morse.

Now that the dinner pail is to be full four years more, schemers are devoting much time to seeing that the growler gets its share.

America hears a good deal of rich stag affairs in New York and Pittsburg, but over in Berlin richstag affairs are the principal topic.

The best Thanksgiving item we have to offer today is the promise of our national manufacturers, of work for 1,500,000 men before the New Year.

Among the wreckage of the campaign there is nothing more striking than the difference between the votes Gompers delivered and those he thought he controlled.

The United States, a nation built upon the corner stone of freedom, should not be slow in recognizing the freedom of a new nation that has made for freedom such sacrifices as Bulgaria.

The Boston Herald is the first Sunday paper to abandon the comic supplement disgrace, which has had its day. The comic supplement has never been worthy of its place and though gradual has sunk into obscurity complete; as a vulgar, tawdry colored, meaningless thing, of low ideals, with not a semblance of art in them, nor anything whatever commendable.

Mount McCulloch, which last year thrust its head up from the center of Boguslov island, 60 mi. w. of Uualaska, has disappeared in the throes of another volcanic change. In its place is a land locked bay, three miles wide, which the cutter Rosh sailed into, and made soundings of.

Money alone is responsible for the attempted assassination of Heney in a San Francisco court room, and the suicide of Haag, the criminal, in jail. The courts of the bay city have brought shame upon their judges, and disgrace to the nation, by their thousand contrivances to defeat the ends of justice in the notorious Abe Renf trials.

Mary Garden who is firing hearts around the world just now, is an American girl of the most fascinating ways. The Laird of Skibo, with his \$300,000,000 linked his arm within that of Mary, as they landed from a liner in New York to her day, and was snap shotted for the World. Mrs. Carnegie and their daughter Marguerite, were on board.

Deaths of Emperor Kuang Hsu, and the dowager Empress Tsu Tai An, has awakened new interest in China. The Empress lived just long enough after the death of the Emperor to commend the new dowager Empress, Yehonala, to the confidence of the new heir presumptive. The new China move is strengthened by the old woman's death. Prince Ching, who will rule until his son, Fu Wei, now five years old, attains his majority, is a man of advanced ideas.

DeMOSS SPRINGS

DeMoss Springs has a very interesting school of 22 pupils, and a gifted teacher.

The Basket Social, held in the new school building for the purpose of raising funds with which to purchase a bell for the building, was a grand success. D McGregor acted as auctioneer, and the sales netted \$37.65.

Mr. C B Davis, and her little grand daughter Arvilla, left this morning for Vancouver, where they will visit relatives.

Mr and Mrs Talmage O Davis left this morning for Portland.

Henry S DeMoss is visiting his children at Forest Grove.

Rev John Tonkins is helping Mr Walker, of the ridge, tear down the old school building, which is now disappearing by the wagon load.

Prof J M DeMoss has returned for a few days.

Albert Pentecost and family have moved into DeMoss, for the purpose of educating the children.

Say, Albert, how was that basket? Cheap, was it not? How lucky some people are. There is talk of having you for janitor. How do you think you would like the job?

Get in quick if you want one of those houses J O Eirod advertises today. They will sell quick.

BLOCKADED.

Every Household in the City of Moro Should Know How to Resist It.

The back aches because the kidneys are blocked. Help the kidneys with their work. The back will ache no more. Lots of proof that Doan's Kidney Pills do this. G J Farley, retired, 516 East Third at The Dalles, Oregon, says, "I suffer red for some time with back ache and pain in my loins, which would be very severe if I contracted a slight cold. My kidneys were in a very disordered condition when I procured Doan's Kidney Pills and began using them. It was not long before I obtained relief from the use of this remedy, and the pain and symptoms gradually disappeared. It is some time now since I was cured by Doan's Kidney Pills and I have had no return of the trouble. I can recommend Doan's Kidney Pills as a remedy of great merit."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

A Golden Wedding.

Mr and Mrs P P DeMoss will celebrate their Golden Wedding anniversary in this city Thanksgiving day, November 26th, 1908. They will be pleased to receive their friends during the afternoon, from 2 to 5 o'clock.

Send The Observer to your absent friends. It is better than a letter, and gives all the home news. Four months for 50c.
