Condensation in its simplest documentary form pleases the country better than simplified spelling.

Gov. Cosgrove died at Paso Robles on the 28th, which makes M. E. Hay governor of Washington.

An insurgent Bryan man would be intelligible; but an insurgent Republican at a time like this! O, what a freak.

Send The Observer to your absent friends. It is better than a letter, and gives all the home news. Four months for 50c.

Portland's new slogan, "500,000 in 1912," indicates that somebody down in Beaverdom is indulging in pleasant dreams.

The kidnapping of Willie Whitt is about to reveal a scandal which will not be relaxed by relatives of the Whitts family.

Uncle Sams appropriation for the navy next year is \$137,000,000 and for the army \$103,000,000; but as a rule preparedness is always cheaper than its opposite.

Having been denied the boon of steeplechase, Arizona and New Mexico will have to take firmer grip of the plow handle and show what they can do as territories.

British pessimists insist that the Cape to Cairo Ry. will never be finished, though half of it is now built. All big national enterprises seem to stir up mosquitoes of the yellow-leg sort.

One hundred and eleven miles more of travel would have taken the British exploring expedition to the south pole, they say. There is still a chance for Peary to win the pennant.

A herd of Yaks, a domestic animal well known in Asia and Northern Europe, is to be imported by the Canadian department of agriculture; the yak is a good producer of steaks, milk and rugs.

Germany's cannon makers keep pace with the development of flying machines. Though accused of talking too much Emperor William has from the first been one of the rulers who does things.

The House of the U. S. Congress is composed of nearly 400 members. Imagine what it would be with a code of rules allowing the minority to run along until tired out with all-night recitations from Persian finance.

The President of Nicaragua says he is shocked by Uncle Sams ultimatum, but promises to give it attention. Central American mischief breeders are quick to notice, when the situation means trouble for them instead of their victims.

"The Emery girl" had to have a husband, says "The Emery woman," even if the sacred Archdeacon has to go alone in his future. What the old woman has to say about the scam of creation doesn't apply to her own divided household, of course not; though it is not the variety of emery that polishes.

Announcement is made that in addition to the \$25 fare from Missouri river points; \$30.50 from St. Louis and \$33 from Chicago, a proportionate rate is good from every point in the United States, to this state, say: From New York \$50; Boston \$49.75; Cleveland \$39.75; Birmingham \$40.25, etc.

Up Before the Bar. N. H. Brown, an attorney of Pittsfield, Vt., writes, "We have used Dr. Kings New Life Pills for years and find them such a good family medicine we would not be without them."

"Something odd and something new, something borrowed." "To what are you alluding?" "A bride's costume."

"Oh, I thought maybe you were giving a recipe for a joke column," said the press humorist wearily.—Louisville Courier-Journal.

"What a frail looking body that poor fry has!" exclaimed the innocent city boarder.

"Don't you fool with that frail body," rejoined the old farmer. "It belongs to a wasp, and if you get familiar you'll find it strong enough in the end."—New York Journal.

For Constipation. L. H. Farnham, a prominent druggist at Spirit Lake, Ia., says, "Chamberlain's Stomach and Liver Tablets are certainly the best thing on the market for constipation."

The Ancient Manufacture of Copper. The ancient Syrians and Phoenicians are well known to have been active traders in copper, and they manufactured their metal into bronze by melting it with tin.

Swept over Niagara. This terrible calamity often occurs because careless boatmen ignore the river warnings, growing ripples and faster current; Nature's warnings are kind.

The heat we receive from the sun annually is sufficient to melt a layer of ice thirty-eight yards in thickness extending over the whole earth.

The paper used for the Sunday issues of about 500 American papers would suffice for 6,000,000 volumes of 500 pages each.

Smith—What did the doctor do for your complaint? Jones—Told me the name of it—Home Magazine.

"I'd Rather Die, Doctor." "Than have my feet out?" said M. L. Bingham of Princeton, Ill., "but you'll die from gangrene, which had eaten 8 toes away; if you don't," said all doctors instead he used Bucklen's Arnica Salve till wholly cured.

L. W. Ross, Wasco, Oregon. Watch Inspector for O. R. N. Co.

Object to Strong Medicines. Many people object to taking strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine out of 10 cases of the disease are of one or the other of these varieties.

Best Treatment for Colds. "Most ordinary colds will yield to the simplest treatment," says the Chicago Tribune, "moderate laxatives, hot foot baths, free perspiration, avoidance of wet and cold exposure after treatment, etc."

Rheumatism. More than nine out of every 10 cases of rheumatism are simply rheumatism of the muscles, due to cold or damp or chronic rheumatism; in such cases no internal treatment is required; the free application of Chamberlain's Liniment is all that is needed and it is certain to give quick relief; give it a trial, see for yourself how quickly it relieves the pain and soreness.

KEEP THE KIDNEYS WELL

Health is Worth Saving; and Some Know How to Save It.

Many More people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health but there is no need of suffering nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills; here is a Moro citizen's recommendation: O. P. Hulse says, "Kidney complaint annoyed me for years. I am obliged to do a great deal of driving and the constant jarring of the wagon and exposure to all kinds of weather, weakened my kidneys. The secretions were scanty at times while at others profuse and occasionally painful in passage. I finally procured Doan's Kidney Pills at Moro Pharmacy, and one box gave me entire freedom from back ache and benefited me in every way."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Dr. J. R. Morgan, Dentist, has arranged his appointments for Wasco for two weeks in each month beginning with the 15th day. The remaining part of each month he will be at his office in Moro.

Words to Freeze the Soul. "Your soul has been consumed; his case is hopeless," are appalling words spoken to Geo. E. Blevins, a leading Springfield, N. C. merchant by two expert doctors, one a lung specialist; then was shown the wonderful power of Dr. King's New Discovery. "After three weeks use," writes Mr. Blevins, "he was as well as ever. I would not take all the money in the world for what it did for my boy." Infallible for coughs and colds, its the safest, surest cure of desperate lung diseases on earth. 50c and \$1.00 at Moro Pharmacy, guaranteed; trial bottle free.

Reason For Worry. "Men worry more than women." "Yes; they not only have everything to worry about that the women have, but they also have the women to worry about too."—Smart Set.
