

A GREAT FAVORITE

We are now selling a hosiery that has proven a great favorite, among all classes of wearers. The secret is its long life. The hosiery is

ARMOR PLATE.

The makers of this hosiery have just perfected a new dyeing process which does not weaken the yarn, a thing heretofore unknown in the hosiery field; that's the secret of the unusually long service its wearer gets.

"Armor Plate" costs no more than the hosiery you've been buying but wears fully twice as long. We KNOW we've been selling hosiery for a long time, and Armor Plate is giving better satisfaction than any we've ever handled.

Suppose you let us explain more about this hosiery, or better still, invest in a pair for the boy or any member of the family and see if our claims are not true. We have all weights from the very finest gauze to the heavy ribbed kind and for all the family. We can save you the usual darning worries as well as a lot of money.

Look for red-snappers in John Day river this year. They are as gamey and as edible as trout; though our mind serves us aright; though it is a long time since we have seen a live trout rise to a fly or lie upon our plate for breakfast. Red Snappers, from the Gulf of Mexico, were transplanted in the waters of the Columbia several years ago, and their presence in the river was forgotten and the experiment conceded to be a failure until last month when several were caught in John Day river.

We notice that people attending public entertainments have no hesitation in taking front seats, in fact there is generally a rush for them at a higher price willingly paid for the privilege. We also notice in church the custom is the reverse of this, and everybody crowds into the back seats; and if there are any empty pews they are always between the pulpit and the people, and the glad tidings of salvation lose half their charm in having to bounce over empty benches to reach the audience. Why this should be the custom is not clear to us, unless in the latter instance position is taken according to scripture: "The lowest place first in order to be invited higher.
