

Call For a Republican Assembly.

The several precinct committees regularly elected from the precincts of Sherman county met at Grass Valley July 2d and unanimously adopted a resolution that a precinct assembly be called, to meet at 2 p. m. Saturday July 9th for the purpose of electing delegates to attend the county assembly to be held at Moro, July 16th, 1910, at which time the general interests of the republican party will be fully discussed, and delegates elected to attend the state assembly to meet in Portland July 23d. It was further resolved that special effort be made to have as large attendance at the precinct meetings as possible in order to get at the general wishes of the whole county.

The above is a move in the right direction towards elimination of fighting among republican membership which only tends to gain by outside partisanship. All parties but republicans held county and state assembly last election; nearly all have done the same this year. It is peculiar that those in favor of assembly for their party are so badly frightened at the possible damage that the republicans may do their party by having an assembly.

Sherman County People at Madras.

Assessor Otto Pertz made a business trip to Madras last week. Otto reports seeing a number of former Moro people who are now located in that section of Oregon. Vern Stinton, formerly of Grass Valley, was marshal of the day at the celebration there, with Dave Biggers staff a good assistant. R P Schurer, also late of Grass Valley, has a monopoly on hotel accommodations; John Parry has an interest in a confectionery store; John Carmody is a busy resident of the place while A C Stanford and Wm Hess, both at one time Moro business men, are now located there. Otto says it felt something like home, especially at the hotel.

Home and Farm Hints.

A clean, easy way to wash the table silver is to put it in a wire-dRAINING basket, having a handle. Immerse it in a pan of scalding hot suds and scrub the silver with a hand mop. When washed lift the basket from the pan and place it in the sink. Pour a kettle of boiling water over it and let it drain. Very little labor is required to dry it with a soft cloth.

You will find that a half worn whisk broom makes a good scrubbing brush for enameled ware. When your whisk brooms become worn take them and trim them to a stub; then scald with soap water then with clear water and finally rinse with cold water.

For lovers of beaten biscuits I would suggest that they try my way. I make the dough as usual, and when made I run it through a small clothes wringer which I keep for this purpose. I screw the wringer to the table and run the dough through 12 or 15 times. Try this, and you will be delighted with the ease with which you make excellent biscuits.

A GREAT FAVORITE

We are now selling a hosiery that has proven a great favorite, among all classes of wearers. The secret is its long life. The hosiery is

ARMOR PLATE.

The makers of this hosiery have just perfected a new dyeing process which does not weaken the yarn, a thing heretofore unknown in the hosiery field; that's the secret of the unusually long service its wearer gets.

"Armor Plate" costs no more than the hosiery you've been buying but wears fully twice as long. We KNOW we've been selling hosiery for a long time, and Armor Plate is giving better satisfaction than any we've ever handled.

Suppose you let us explain more about this hosiery, or better still, invest in a pair for the boy or any member of the family and see if our claims are not true. We have all weights from the very finest gauze to the heavy ribbed kind and for all the family. We can save you the usual darning worries as well as a lot of money.
