The New York Herald was Aprilfooled by a Washington city joker who sent it a plausibly written story on the 2d, telling about Mr Lafferty helping a teamster on the avenue to unload a load of lumber 'yesterday.' Teams never haul lumber on the Avenue; the dispatch was published on the 3d, hence 'yesterday' was Sunday, and the incident must have occurred Saturday—all fool's day.

Forest fires will soon be largely reduced if the people will co-operate with the state forester in the administration of the forestry law enacted by the last assembly. One of the most important provisions of the law is making a closed season for burning from June 1st to October 1st, during which period out door fires of all kinds are prohibited except under most stringent regulations and the probability of heavy penalties.

Simultaneously with the announcement of applications by many college students for harvesting work in Kansas fields, comes the one that the green bug has appeared in the wheat fields of that state and threatens the loss of the crop; let the boys remember that the chinch bug has his day early in the season; harvest always comes later.

The season is at hand when owners of dogs should keep careful watch on their canines, lest they form the habit of self-hunting; certainly one of the worst means of destroying our upland birds and is the habit of many dogs unbeknown to their masters. As the nesting season is at hand, it would be a good plan for every person owning a dog which is in the habit of running at large, to see that it is tied up during the season when birds are rearing their young.
