Woman Active in Politics. Baker.—The "Woman's Booster" club, is the latest suffrage organization in this city, formed primarily to interest women in political affairs and to spur them to desire to take advantage of their right to the ballot.

Game Hearing Asked. Albany.—That a public hearing be held at which the sportsmen of western Oregon may submit evidence to federal authorities looking toward a change in the open season on migratory birds is a suggestion of Albany sportsmen.

An open season from November 15 to February 15 is desired. Local sportsmen assert that under the present regulations the birds do not begin to come into the Upper Willamette valley until the open season is over.

WANT COMPENSATION ACT

Many Who Had Decided Otherwise Change Minds at Time is Near. Salem.—A number of employers, who had filed with the state industrial accident commission notices of their election not to come under the provision of the workmen's compensation law, are now sending in requests to have such notices withdrawn and declaring their intentions to take advantage of the benefits offered by the law according to F. W. Hinsdale, secretary of the commission.

Mr. Hinsdale says this change in opinion among employers is due to the educational work being done by the members of the commission and the inspectors. He said that letters from employers withdrawing their former notices were being received in practically every mail. The insurance feature of the law will become effective July 1.

The Grain Growers Conventions

Are not alone confined to Rural Free Delivery, of mail and the Telephone. There is another convenience which all farmers should have—and many do have—a checking account with a good bank.

The possessor of such an account avoids the risk of having his money on his person or about his home where it is in danger of fire and thieves.

His bills paid by check are not only a valid receipt, but also a convenience in his home transactions where very often the necessary change for concluding settlement is not at hand.
