A. C. Thompson at Monkland and N. W. Thompson at Moro were entertaining an old family friend, last month, in Geo. W. Hansell of Umatilla county. All three men were in the same emigrant party from Iowa to Oregon in 1875. Mr. Hansell had \$35,000 with which to buy a farm in Sherman county, but we understand that values rose too rapidly to enable a deal be closed.

Base ball enthusiasts certainly had a feast last week. The game Sunday, between Moro and the Hood River nines, was a good hard fought game, ending 3 to 1 favor of Moro. The game Saturday, between The Dalles and the Moro nines, was probably the best game of ball ever played in the county, not even the semi professional games of a dozen years ago put up a stunt of fourteen innings being called at dusk with a tie score of three. Our local team is certainly playing some ball this spring.

The second annual commencement of Moro high school was held May 28th in the M.E. church the interior of the edifice being prettily decorated with the locust blossoms. State Superintendent of School Churchill was the speaker of the evening; he said that there were 150 four year and 400 secondary high schools in the state that were teaching their pupils to be hand-minded or the use of tools; commercial-minded or stenography, book keeping, etc; and literary minded or professional. He said that he hoped the Moro schools would, in the future, include the first two.

Big Basket Dinner and Picnic.

You want to be sure and attend the Big Annual Farmers Picnic at Grass Valley on Saturday, June 6th, given under the auspices of the Farmers Educational and Co-operative Union of America of Sherman county. There will be some thing doing all day; in the morning an interesting, instructive program will be given; afternoon will be devoted to sports, a colt show and a base ball game; the evening by a program in the opera house.

The morning program is one out of the ordinary; it is instructive and educational without being dry and booky, and is well worth your time and attention. It will give you a better idea of problems that these days affect the farmers. The evening program is a lecture illustrated with large lantern slides that will easily show all, one of the chief reasons why the farming class receive so small a per cent of the value of their product.

And as to the cost to you, only your time and attendance; every thing is free: sports, program, ball game, and lecture.

A special excursion train has been arranged for; to leave Wasco at 8 a.m. and Moro at 9:15, to return after the evening program and for which the railroad company will sell tickets at reduced rates; the train stopping at all intermediate stations.

The Only Fifth Wheel Farm Wagons on the Market
The International fifth wheel (patent applied for) is worth a trip to town to see. Because it prevents the pulling up or pitching of the front bolster, it is one of the best improvements ever put on the farm wagon. It means no more bent and broken king pins—no more bent and broken circle irons—longer life for the wagon, and easier work for the horses.
