Alex Hunter had a near runaway with a 4-horse hay hauling outfit last Thursday at the Davis farm near Demoss. Mr. Hunter was inside the barn when horses started, but B. F. Peetz caught the outfit within a short distance with no damage done.

Probably for the first time in the history of Sherman county threshing in June with a stationery steam outfit was a fact this year. Saturday, June 27th, T.E.Sink was running his thresher on the old Booth quarter, near Wasco, working on a field of barley that went 16 sks on thirty acres and twenty sacks to the acre for forty acres.

T. E. Sink, at his home place north of Wasco, has made a practice of rotating a crop of barley with a crop of corn and using the corn as hog feed. Last year the corn produced 25 bushel to the acre and after harvest, with no other work, the barley was drilled in the corn stubble and will make 25 sack to the acre. When preparing the land for corn it is plowed and worked in the fall and planted in the spring.

R. D. Jackson and family have vacated the rented residence recently purchased by G. W. Hansell and are located in a tent on the same block. This is one sign of city prosperity when there is not a residence in Moro for rent. Geo. A. DIGESTER TANKAGE

MADE BY THE UNION MEAT CO.
NORTH PORTLAND, ORE.

NOW ON SALE IN MORO

Whether you raise three hogs or three hundred, you cannot afford to overlook this famous hog food. Read what J. M. Fruitts, of Joseph, Oregon says about DIGESTER TANKAGE.

Union Meat Company
North Portland, Ore.

Joseph, Oregon,
March 25th, 1914

Dear Sirs:—
In reference to the results obtained from your Digester Tankage, I have found it to be a profitable and satisfactory feed. It has no superior as a feed for brood sows. Its high percentage of protein makes it a great developer for the unborn pigs. It makes strong boned pigs with nice glossy coats. In the show ring it has no equal to my judgment. During the past winter I have fed tankage to my young pigs and have never met with greater success.

Very truly yours,
(signed) J. M. Fruitts.

DIGESTER TANKAGE is made from fresh, wholesome pieces of meat. It develops bone and muscle and makes pigs GROW. Endorsed by all leading Agricultural Experiment Stations and by the best breeders and feeders in every state. It's a meal in form, fed wet or dry, mixed with other foods.
DIGESTER TANKAGE can be purchased in Moro at our Warehouse. We have purchased this famous hog food in a carload lot and can give you the benefit of this saving in freight. If you want your pigs to grow into fat, healthy hogs, send in your order now to
