DIGESTER TANKAGE

MADE BY THE UNION MEAT CO.
NORTH PORTLAND, ORE.

NOW ON SALE IN MORO

Whether you raise three hogs or three hundred, you cannot afford to overlook this famous hog food. Read what J. M. Fruits, of Joseph, Oregon says about DIGESTER TANKAGE.

Union Meat Company North Portland, Ore. Dear Sirs:—

Joseph, Oregon, March 25th, 1914

In reference to the results obtained from your Digester Tankage, I have found it to be a profitable and satisfactory feed. It has no superior as a feed for brood sows. Its high percentage of protein makes it a great developer for the unborn pig. It makes strong headed pigs with nice glossy coats. In the show ring it has no equal to my judgment. During the past winter I have fed tankage to my young pigs and have never met with greater success.

Very truly yours,
(signed) J. M. Fruits.

DIGESTER TANKAGE is made from fresh, wholesome pieces of meat. It develops bone and muscle and makes pigs GROW. Endorsed by all leading Agricultural Experiment Stations and by the best breeders and feeders in every state. It's a meal in form, fed wet or dry, mixed with other foods. DIGESTER TANKAGE can be purchased in Moro at our Warehouse. We have purchased this famous hog food in a carload lot and can give you the benefit of this saving in freight. If you want your pigs to grow into fat, healthy hogs, send in your order now to
