Severe Attack of Colic Cured.
E. E. Cross, who travels in Virginia and
other Southern States, was taken suddenly
and severely ill with colic. At the first store
he came to the merchant recommended
Chamberlain's Colic, Cholera and Diarrhoea
Remedy. Two doses of it cured him. No
one should leave home on a journey without a
bottle of this preparation. For sale by all
dealers.—Advertisement.

Collins springs hotel is being
torn down and the furnishings has
been moved to The Dalles and
stored for private sale. Thus
passes one of the best known
health resorts in the Pacific north
west; it was financed, created and
made successful by Moro people.
Its end was made certain by in-
judicious claims in a law-suit by its
last owner, F. A. Young.

Cured of Indigestion.
Mrs. Sadie P. Clawson, Indiana, Pa., was
bothered one night and day, she writes. "I
would feel bloated and have headache
and beching after eating. I also suffered from
constipation. My daughter had used Cham-
berlain's Tablets and they did her so much
good that she gave me a few doses of them
and insisted on my trying them. They
helped me as nothing else has done." For
sale by all dealers.—Advertisement.

Born to Mr. and Mrs. G. E.
Lewellen Saturday, October 24th,
at the Dr. Poley sanitarium, a
daughter. It is a coincidence that
the birthday of both children is
the same.

Interest in the Presbyterian Sun-
day school is materially increas-
ing, which can also be said of the
church work in general. There
were 120 in attendance at Sunday
school last Sabbath.

It is not exactly the right thing
to accuse a fellow townsman, but
we have authentic information that
A. M. Wright, former county
commissioner for Sherman county
"took in" O. C. Eakin and wife
Monday evening as they were re-
turning to their home at Philo-
math after visiting with their son
near Rutledge. A.M. said they
all had a pleasant evening visit in
recalling events of other days.

Recently, while opening a gate,
W. C. Todd had a wire barb stick
the ball of his right thumb. As it
caused no pain and seemed to
heal at once, no more thought
was given the hurt until the thumb
began to be painful. Saturday
Dr. C. L. Poley lanced the thumb
and reduced the effects of the
blood poisoning, but the poison
had permeated the system and it
is causing the family considerable
worry.

We acknowledge a pleasant call
Wednesday from Rev. W. B.
Lamb and Rev. U. S. Crowder
and son Raymond of Wasco M. E.
church and field. Rev. Crowder
was called to Omaha last month
by the serious illness of his son,
who returned to Oregon with
him. While on the return trip
Rev. Crowder caught his right
thumb in a car door, as the train
rounded a curve, and the thumb
was squeezed flat.

An Ancient Leg of Mutton.
There is a genuine antique leg of
mutton to be seen in Bourne, in Lin-
colnshire. More than half a century
ago a visitor called at a butcher's shop
there and purchased a leg of mutton,
saying he would take it away later.
But the customer never returned, and
year after year the joint has awaited
him until, hanging from one of the
rafters of the quaint old shop, it has
become one of the fixtures and has
passed with the business from one pro-
prietor to another. During the more
than fifty years of waiting for its pur-
chaser the leg has withered away and
is now shrunk to the semblance of a
club of knotted wood.—London Tatler.

A Doleful Mood.
The proprietor of a Paris cafe no-
ticed that after he had refused to give
his pianist an increase of salary the
number of his customers dwindled
rapidly. It was only when all but
one diner had deserted him that he
discovered that the pianist had been
inflicting Chopin's "Funeral March"
on the audience nightly. The pianist,
who was proceeded against in the law
courts and was fined 5 francs, pleaded
that he played according to the mood
he felt in after his request had been
refused.

Best Diarrhoea Remedy.
If you have ever used Chamberlain's Colic,
Cholera and Diarrhoea Remedy you know
that it is a success. Sam F. Guin, What-
ley, Ala., writes, "I had measles and got
caught out in the rain, and it settled in my
stomach and bowels. I had an awful time,
and had it not been for Chamberlain's Colic,
Cholera and Diarrhoea Remedy I could not
possibly have lived but a few hours longer,
but thanks to this remedy, I am now well
and strong." For sale by all dealers.—Ad-
vertisement.

To the "wet" Voters we Would
Present the Following
Interrogations.

Paid advertisement, Local Committee of
Anti-Saloon League, Moro, Oregon,
J. E. Coleman, secretary.

Will you vote wet because you
want to use the liquor yourself?
Do you expect it to better your
condition in health, wealth or
happiness?

Will the use of liquor help your
credit at the bank, at the store, or
make you a better citizen?

Do you want liquor for your
wife and children?

If your boy is leaving home to
attend school or engage in some
employment, would you advise a
saloon town?

Would you want him to tend
bar?

Do you want your daughter to
marry a man that drinks?

Are you one that thinks tempta-
tions strengthens character?

Would you seek to live in an
immoral or vile locality in order
to have your daughter grow up a
strumpet woman?

Do you know of any one that
are low down in poverty and
wretchedness of whom you could
truthfully say they would have
been better off if they had patron-
ized the saloon?

Wise men change their minds.
Had you not better change yours
and place an X after 332?

If booze has benefited you or
yours, vote to retain it if not vote
332 X Yes.

Wet voter, why does the saloon
keeper like you, cater to you, treat
you so amiably? When your
money is all gone to him will he
be the same to you?

It is so hard for a common per-
son to understand why the liquor
interests are working so hard to
defeat the amendment, if prohibi-
tion does not prohibit.

Did you ever think in your life?
if so think about the liquor traffic.
Study it out from start to finish.
Learn all you can about it. Please
do. Then from a reasonable
standpoint draw reasonable con-
clusions.

The law says that each industry
shall provide funds for their in-
jured servants and for the families of
their killed employees. Legalized
saloons should be made to do the
same.

The town gets the license mon-
ey. The saloon produces the
criminals. The county pays the
cost of prosecution. The state
takes care of the convicts. The
taxpayers foot the bill.

The brewers are pouring out
their money like water to defeat
the prohibition amendment.
They think the question impor-
tant. Do you? If you think they
are wrong be a live wire, get out
and vote dry.

Nineteen hundred years ago
Jesus Christ was spoken of as a
wine bibber. The liquor advoc-
ates with the same perversion of
truth refer to Him, along with
bishops and right reverend clergy-
men, as supporters of their traffic.
Jesus Christ said "I came to de-
stroy the works of the devil."
Perhaps he would like you to help
by voting 332 X Yes.

The readers of this paper will be
pleased to learn that there is at least one
dreaded disease that science has been
able to cure in all its stages, and that is
Catarrh. Hall's Catarrh Cure is the only
positive cure now known to the medical
fraternity. Catarrh being a constitutional
disease, requires a constitutional treat-
ment. Hall's Catarrh Cure is taken in-
ternally, acting directly upon the blood
and mucous surfaces of the system, there-
by destroying the foundation of the dis-
ease, and giving the patient strength by
building up the constitution and assisting
nature in doing its work. The proprietors
have so much faith in its curative pow-
ers that they offer One Hundred Dollars
for any case that it fails to cure. Send

THE DENTISTRY BILL.

A personal grievance bill. Regardless of
merit, it is not properly a subject for initiative
action, but rather for legislative consideration.
—The Morning Oregonian

DEFEAT THE DENTISTRY BILL

VOTE 341 X NO

Paid advertisement, Oregon Society for Dental Education,
M. C. Raymond, secretary, 538 Morgan Building, Portland

Vote to save Industrial Oregon.

Vote "no" 329 and "no" 331

The very life of the future manufacturing and industrial progress of
Oregon hinges upon the defeat of the so-called "water front" bills, to be voted
on Tuesday, November 3d. So cunningly and adroitly are these bills worded
there is grave danger that many people will be deceived.

If these measures become laws the result will be that the state will take
title to the tidelands and submerged lands and will be prohibited from selling
any of these lands. They can only be leased for docks. No more ship yards
saw mills, canneries, or other plants requiring access to deep water—nothing
but docks, docks, docks.

Every citizen of Oregon—wage earner, farmer, business man or woman,
wants to prosper. These measures if enacted will throttle progress at the gate.
Investors will shun Oregon. This means no work for the wage earner, nothing
to pay the store keeper with and therefore nothing to pass on to the farmer or
producer. Let no one think these bills do not concern him.

Before you go into the booth to vote, read 329 and 331 carefully. Talk to
your neighbors about them. Oregon is rich in natural resources, but poor in
development. What the state needs above everything else is outside money to
come in and develop its resources. That means good wages, plenty of work,
good prices and good times.

This is not a political question; it concerns only the prosperity of Oregon
and of you. Give Progress and Good Times a helping hand by voting "no"
329 and "no" 331.
