When arranging for the erec-
tion of a building of any kind it is
cheaper and best to use plans
formulated by an experienced
architect. These generally cost
money and sometimes cost more
if you don't have them, altho it is
seldom that this is apparent. The
Tumalum Lumber Co. supplies
this need without cost to you.

L. Belshee is one of their free

when they prescribe glasses it is
with positive assurance that they
are the best and only suited to
your eyes. Their glasses are guar-
anteed to give satisfaction wheth-
er they cost \$2 or more. One
charge covers the entire cost of
examination, frames and lenses.
