

The Observer.

MORO, OREGON.

Official Paper for Sherman County.

FRIDAY, December 17, 1915

Entered as second class matter at the post office at Moro, Oregon, July 25, 1891.

C. L. IRELAND, Manager.

If you do not read The Observer, why not?

We would like to have you take it, and we know it would be profitable to you to become a subscriber. We send it two years for \$2.50; one year \$1.50; 12¢ a month in advance. Try it. Order by postal card, and pay for it when you can.

We will not be responsible for the neglect of subscribers to notify us of changes in their address. Nor will the notification of a Postmaster that the subscriber has "Removed" settle the bill of a delinquent.

Church and Society notices FREE, except when for money making purposes. Such notices at regular rates at the option of the publishers.

At any time when requested to do so, the paper will be discontinued. But we expect that all arrears will be paid before such request is made. It is our policy to render at any time.

Experiments by German scientists have shown that excellent pulp for paper manufacture can be obtained from hop vines.

A proposal has been made that rates for hauling mail be referred to the Interstate Commerce Commission. Freight, passenger, express and all other railroad service charges are now regulated by the commission. Mail pay should be no different from pay for carrying freight, passengers or express matter, except that there is but one party shipping mail and that is the postoffice department.

Two cows in a Wasco county herd look much alike. The one that it cost \$64.15 a year to feed produced about \$10 a year more than the cost. The other, which cost 25 cents a year more to feed, returned five times the income of the other above the cost of the feed. Not even the dairy expert could have guessed that. The way they found out was by weighing and testing the milk.

Fred R. Messinger was in town Monday, from Grass Valley, canvassing the situation as to his candidacy for the republican nomination for sheriff at the republican primary. Mr. Messinger was formerly a merchant in this city and has quite an extended business experience.

To repair spokes, tongues, and reaches of broken wagons, the blacksmiths and wheelwrights of the towns and cities of Oregon and Washington used over 400,000 board feet of oak, ash and hickory this year. The average cost per thousand board feet of this raw material was over one hundred dollars.

A boy was born December 6th at Springfield, Mass., without arms or stumps for arms and one leg, only as long as the knee of the other. The parents are not able to raise a child that has no prospects of ever being able to help himself or walk, although very bright mentally.

The most elusive things in the world are thousands of good words in the dictionary that you would like to use in polishing your language, but which you can't recall at the instant you need them.

The best orators are those who can't help it; others may be content to wait for inspiration. Next year is political year and time for street corner arguments.

Next Easter will fall on April 23. Only once again in this century will it be so late, 1943, when the date will be April 25, the latest that is possible.

There is good in everything; fifty-four newspaper writers are able to take a trip to Europe, thanks to Mr. Ford's generosity.

So long as there is work to be done at Panama General Goethals will have a hand in the pie. At present it looks like mud pie.

Physical courage must pay better than moral courage; Jess Willard has made \$200,000 since the Jack Johnson encounter.

Coal too green to burn has been found at the bottom of Lake Nokomis in Minnesota.

The Philippine Islands produce nearly ten million gallons of alcohol yearly.

To lovers of the art Terpsichore it will be pleasing to know that the opera house management will give a dance Christmas eve and also New Year's eve. All know the pleasures attending dancing on a hard wood floor.

To some people fear of foreign invasion is greatly modified by the conviction that within forty-eight hours after an enemy's landing American ingenuity would have invented dozens of contraptions to demolish the foe.

Sam Hill bought a 1520 pound Durham steer, paying 35 cents a pound on foot, at the Live Stock Show last week. The animal was the grand champion steer, a yearling, and brought the highest price of any animal sold.

Moro Rod and Gun Club met Saturday evening and divided the membership into two sides for the annual rabbit hunt. One side is captained by L. Barnum with 68 and the other by Dr. C. L. Poley with 69. It is the intention to ship the rabbits to Portland for distribution by the Muts.

With this issue of the Observer the announcement is given to the voters of the candidacy of Otto Peetz for the nomination as assessor at the republican primary. Without a doubt Otto will again be given the nomination for assessor; he has never yet had an assessment questioned before the board of equalization by a resident of Sherman county.

J. A. Ellis was up this week from Wasco, putting lineolium on the floors of the various offices and halls at the county court house, using about 300 yards. The sheriff's side of the court house, the hall, clerk's office and county court room down stairs, and the county school superintendent's office on the upper floor, received a new covering.

Three of our Moro residents, C. W. Mason, Wm. H. Turner, and J. A. Armstrong, are leaving this week for Goldendale, Wash., Baker and Condon, Ore., respectively to represent the Heath Manufacturing company, of Portland, as salesmen for the Heath Deflector. We wish them the success which they anticipate. O. T. Burnett of Moro has the agency for the same company in Sherman county.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.
