We will not be responsible for the neglect of subscribers to notify of changes in their address. Nor will the notification of a Postmaster that the subscriber has "Removed" settle the bill of a delinquent.

Church and Society notices FREE, except when for money making purposes. Such notices at regular rates at the option of the publishers.

At any time when requested to do so, the paper will be discontinued. But we expect that all arrears will be paid before such request is made. It is easy to ask us for a statement, which will be cheerfully rendered at any time.

Attorney E. V. Littlefield, now residing in Portland, is mentioned as a possible candidate for Congress from the 3rd Oregon district. Mr. Littlefield was the first judge of the present judicial district, comprising Sherman, Gilliam and Wheeler counties; he has served the public in several different capacities and always made good and he would do so again if he were a member of Congress from Oregon.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.

Get a Heath Deflector Fuel Saver

For your Heating Stove in office, store or home. It deflects the flame back upon itself where the temperature is high enough for complete combustion; thus burning a large portion of the best part of the fuel that is now going up the flue in smoke and invisible gases.

On the average it will give you one-third more heat with one-third less fuel, either wood or coal.

You cannot afford to be without it unless you have "money to burn."

It's a Long Road.

Peace on earth, good will to men, is not an idea that has faded from the earth, except temporarily in a number of what were formerly called the most enlightened nations. How these countries, once resenting any thought of defective civilization, can go through this Christmas season and feel comfortable, can not easily be comprehended. One way exists, but the Christian peoples, armed to the teeth and lunging ferociously at each other, give it scant notice. Their days are given to slaughter and their nights to planning destruction. No doubt it is true that in the present stage of world's development a millennial peace is but a vision of the dim future, but at the end of eighteen months of war the fighting along continental-wide lines is still inconclusive. The sword is not cutting the knots. Tens of thousands are slain monthly, treasure runs to waste by billions, and the end seems no nearer than ever. Problems exist, a fact denied by nobody. But the frightful means chosen to settle them make no headway.

The combatants are unable or unwilling to say clearly what they want. Originally, they thought to overpower each other, to exert a final cry of defeat and surrender. It was a miscalculation. Not one of the nations engaged is out of men or money. None is suffering for food or employment. Yet bloodshed and devastation darken many lands. It is a blind struggle, though the most colossal in history. As another year draws near, these salient truths should not be denied the rights of a still, small voice. Our planet, though one of the least that circles round the sun, is yet much too large to be the plaything of a conqueror, or a single nation or race. Dreams of ruthless conquest have never been anything but a miasm fatal to those who yield to the spell.

Night Force Necessary.

Because of the rush of business in the automobile department, due to the end of the year, Secretary of State Olcott has found it necessary to put on a night force of clerks. Applications for licenses are coming in at the rate of 500 and 600 daily. The extra force will be continued until the rush is over.

New Year Greetings.

To my patients and friends in Moro and vicinity I send best wishes for a happy and prosperous 1916. Thanking you for liberal patronage during the year just closed, I am, sincerely,

Dr. Harvey W. Freeze,
Merchants' Trust Bldg.

Moro high basket ball team added another to their string of victories by defeating Dufur easily by a score of 11 to 36. The visitors passed the ball well but were weak on throwing baskets. The feature of the game was the scoring of Captain Tomlin, he making 28 of Moro's points. All the local boys played a good game. The line-up follows: Dufur—Hendrix and Bolton, forwards; Smith, center; Ward and Johnston, guards. Moro—Tomlin and Sayrs, forwards; Barzee, center; Searcy and Morrison, guards. Referee, Curtis Johnson.

Wm. Oehman and Arnold Buhman, at Biggs Wednesday between trains decided to initiate a new fence idea for Sherman county. They will use 1 1/2 inch black gas pipe for woven wire fence posts; driving the posts into the ground and hanging the fence to them with baling wire suspended from the top and tied at right distances apart. Such a fence would last for years and weeds could be burned at any time with no danger of the posts being destroyed and having to be replaced.

All having cash sales tickets issued during December by the Moro Hardware & Implement Co. are requested to bring them in and secure tickets on the fine large robe they are giving away. Juddie, youngest son of Mr. and Mrs. Lee S. Hines, died at the family home in Wasco Tuesday from an aggravated attack of pneumonia. Funeral services were held Thursday, interment being in Wasco cemetery. Mr. Hines and family have had, this fall, their full share of sickness, it being but a few days since Mr. Hines was able to leave his bed himself.

W. B. Knox and family returned Monday from a visit to The Dalles. Mr. Knox brought with him two pair of Belgian hares which he will raise as pets.

Chas. Willard and wife, who have lately been living at Salem where he is a plasterer, was at the family home at Biggs for Christmas.

W. H. Bennett of Kent was a passenger on the train Monday for White Salmon, where his mother is reported to be ill.

Mrs. Chas. Hule and son Clarence returned Thursday from a visit at Wasco with her daughter Mrs. H. T. Peugh.

Harold Fish, farming what is known as the White place at Biggs, was papa Sunday to a 9-lb boy.

Blaine Hansell arrived home Thursday from a visit with relatives in Umatilla county.

H. E. Peugh is building a new porch onto his farm residence west of Wasco.

Ray Hansell and father, G. W., are visitors this week in Portland.

Little Girl Has Odd Dream.

Little 5-year old Cecil Cothran, daughter of J. R. Cothran, who is farming L. J. Pape's Monkland farm, had a most peculiar dream recently about God, the Earth and Heaven. She dreamed that a little box was nailed to a post and by the post was a ladder leading from Earth to Heaven and God came down the ladder and turned a crank in the little box and it made the wind blow and the Earth turn over and over and over.

LOCAL DRUGGIST

MAKES A STATEMENT

We always advise people who have stomach or bowel trouble to see a doctor. But to those who do not wish to do this we will say: try the mixture of simple buckwheat bark, glycerine, etc. known as Adler-Lax. This simple new remedy is so powerful that JUST ONE DOSE relieves your stomach, gas on the stomach and constipation. INSTANTLY. People who try Adler-Lax are surprised at its QUICK action.
