## A Beautiful Home for the Only Girl---It's a Duty

When you own your own home you know you have a refuge at all times. You take a pride in beautifying YOUR dwelling. Your children instinctively turn towards HOME against outside attractions.

Your merchant looks on you with favor, because he knows that a HOME-OWNER is permanent; that he will strive to keep his bills paid and his credit good; that his example will induce others to do likewise, thereby insuring greater communal permanence and stability.

Should reasons of business or health necessitate a change of location, you have a bankable resource to secure needed funds, which rent receipts, no matter how numerous, can never afford.

In your OWN HOME you can live as you want to without interference from anyone, and without considering the whims of an owner who might have very different ideas from your own.

You are your own master—you are free to do as you will—and this very independence of material conditions gives you an independence of thought that makes you a better father or mother, and a better citizen.

Two hundred designs of Modern, Convenient, Moderate-priced, Beautiful Homes ready for your inspection, together with interesting information on Home Building.

This means no obligation on your part.
