The New Hotel Albert.

Darnielle Bros., proprietors of the popular Hotel Albert at The Dalles, have now finished their two month's task of remodeling and refurnishing their hotel property.

The first change noticeable is that the hotel lobby has been enlarged by moving back the partition separating the dining room and lobby, making the dining room smaller and more homey, while also providing a private office. For warm weather a new ventilating system has been installed that will keep the dining room and office air changing.

What will particularly please the feminine patrons of the Hotel Albert is a large parlor located on the second floor at the head of the stairs. This room has been newly carpeted and new shades hung at the windows, and is provided with a piano, restful chairs, rugs, couch and writing table. It will prove popular with the feminine guests and travelers, providing a central place at which to meet their friends.

An entirely new annex to the hotel has been built over the old building, making the original building now three stories and a basement. In the new part, as well as all the older rooms, new furniture has been placed including the best of mattresses and bed coverings and appropriate furnishings. The rooms are also supplied with an abundance of steam heat and hot and cold running water as well as a telephone service.

A noticeable difference in the arrangement of the Hotel Albert is that all inner rooms are provided with more light than ordinarily is the case. The well or court providing light and ventilation is covered to exclude rain and snow, but allows free passage of air while the windows opening from the court are provided with fire wire glass.

Another item worthy of mention is the arrangement that provides full ventilation each morning after the rooms are vacated, thus displacing the foul air with a fresh supply. This system applies to all parts of the building.

A large portion of the rooms are provided with private bath and toilet facilities and others are so arranged that rooms can be thrown into suites by use of connecting doors, thus providing for two or more families in one party.

Darnielle Bros. are to be commended for their faith in the future of this section of Oregon as witnessed by their investment of so much ready money in the fittings and furnishings of the hotel and which all tends to the comfort and convenience of their guests and, while an entirely new Hotel Albert now greets the traveler from Sherman county, the rates for service are extremely reasonable, ranging from 50 and 75 cents to $1.50.

Rev. Robertson was out early Monday wanting to know if the water was shut off at the main; last year he fired and thawed his pipes and meter until the meter burst, and then found that the water had been shut off at the main while work was being done at a neighbors. This year the pipes were "truly" frozen.

Sunday School Has Social Evening.

Members of Spaulding Sunday School met at the home of Grant Morgan last Friday, January 14, for their usual social evening, thirty four attending and all report a good time.

Games were played while the taffy was cooking; followed by a program. Hazel Henkle favored those present with a reading; Helen Ritchy a recitation; Mrs. L. D. Day a reading; Lepha McDonald a recitation; John Hasting read a piece. The program closed with a debate between John Hasting and S. J. Ritchy on the question: "Resolved, That a Mule is more useful than a Cow." It was voted that S. J. Ritchy had presented the usefulness of the cow in such a convincing manner that the decision went to him.

On next Friday evening, January 28th, the Spaulding Sunday School will give an oyster supper and also serve other refreshments, including a peanut and candy booth, at the Hay Canyon school house. The proceeds is for the benefit of Spaulding church; everybody is cordially invited; the boys are requested to bring their girls and all join in having a Big Time.

Friday, January 28, the local high school basket ball team will meet the fast Ione team at the Moro opera house. This team defeated the boys on their recent trip by a score of 18 to 20 and the locals expect to turn the tables on their own floor. It will certainly be a fast game and promises to be the best that has been pulled off in Moro since the opening of the season. The same night the Sophomore girls will play the Junior-Senior girls, making a doubleheader for the single admission. The boys are put to considerable expense to put on these contests and deserve a good turn out.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and ¼ oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.
