THE BEST PLOW

IS FOR SALE BY

GINN, COLEMAN & CO.

We have the best full chilled plow on the market and in-
vite inspection at our sales room.

We sold four in Sherman county last year and could
have sold more if we could have gotten them.

Every man that had the handling of this plow last year
said it was the easiest to handle that he had ever used.

It is adjustable to 12-inch, 14-inch, and 16-inch; comes in
two or three bottom and can be added to or reduced as
wanted.

The plow share has the usual smooth cutting edge in front
and also a patented corrugated bottom on the shear;
this permits of cleaner and better cutting with less pull on
the horses.

It is built high; has good clearance; and will not choke
in stubble and scours extra well.

It can be raised and lowered while the team is going and
in every way can be considered a first-class, number
one plow.
