Friday, March 24th; students of the Grammar grades and High School organized the School Industrial-Club. Margaret Morrison was elected president; Lillian Morrison, vice president; Mary Kunsman, secretary-treasurer.

The new School Industrial Club was organized as a result of the interesting lectures given here by Prof. Harrington and State Supt. Churchill in regards to the industrial work of Sherman county. The club does not have a large enrollment, but those who belong mean business and a lively race is assured as to whom will go to the state fair.

THE BEST PLOW
IS FOR SALE BY
GINN, COLEMAN & CO.

We have the best full chilled plow on the market and invite inspection at our sales room.

We sold four in Sherman county last year and could have sold more if we could have gotten them.

Every man that had the handling of this plow last year said it was the easiest to handle that he had ever used.

It is adjustable to 12-inch, 14-inch, and 16-inch; comes in two or three bottom and can be added to or reduced as wanted.

The plow share has the usual smooth cutting edge in front and also a patented corrugated bottom on the shear; this permits of cleaner and better cutting with less pull on the horses.

It is built high; has good clearance; and will not choke in stubble and scours extra well.

It can be raised and lowered while the team is going and in every way can be considered a first-class, number one plow.
