Editor Ireland and wife and W. C. Bryant, wife and daughter Lois, made an auto party visiting in the Klondike and Biglow country Sunday afternoon. South of Klondike we found the lanes full of rank growth of mustard with clean fields of wheat and summer fallow, generally, on each side; nearer Klondike the mustard had been cut with mowers, and north of Klondike and near Biglow the roads had been seeded to wheat and pastured with sheep and stock. The last made better roads and tended to better farming. From J. T. Johnson's into Wasco by way of J. G. Medler's farm some one must have decided to start a glass factory and lost the seed on the way home; every little while we would pass over patches of glass, varying from a few feet to several yards, in various degrees of pulverized, powdered, broken and otherwise.

At Moro Theatre next Tuesday, the 20th, an exceptionally fine program is offered. In addition to the regular installment of the picture story "The Goddess" will be shown four reels of wild animal life, scenic views, and 85 stereopticon pictures taken by Owen Thompson in his four trips across the American continent. The two famous Shetland ponies, Dixie and Trixie, will be on the stage and do stunts to amuse the little people as well as many older ones. Mr. Thompson has numerous relatives and friends in Sherman county and is visiting in the county on his way to Yellowstone park and Canada for more scenic wonders to conquer. Admission for the evening will be 15 and 25 cents.

Eastern Jubilee Quartet.

From the Ukiah Times.

Nearly five hundred persons were present to hear and enjoy the concert given by the Eastern Jubilee Quartet at the Victory theater Monday evening. The musicians rendered one of the finest programs ever heard in Ukiah and every number was heartily enjoyed by the audience as was evident by the demonstrative applause which greeted each selection. The quartet is indeed a versatile combination. The readings by Mr. Hill showed rare training. Mr. Stewart's piano playing was the work of a painstaking artist, and Mr. Lewis' violin selections were exquisite. The vocal solos and quartets were all rendered with the verve of the colored race. The Epworth Leagues of the two Methodist churches are to be congratulated on their success in furnishing the citizens of Ukiah with a first-class entertainment and the manifest appreciation of their undertaking by the public.

At the school meeting Monday evening it was voted to indefinitely postpone any idea of improving the present school house. Quite a representative gathering of taxpayers were present and several speeches were made against the proposition, the most lengthy one being by Senator Ragsdale. We believe the action was taken without mature thought as it will mean a curtailing of revenue for the next school year of approximately \$1400 which would pay interest on bonds for some time and, without the present building being improved, it will probably mean this district might lose its rating as a standard high school.

Truman Strong and Miss Ethel Rasch were married Wednesday at the home of the brides parents in Cottage Grove. They will be at home to their many friends at the Strong farm north of Moro after June 20th. Mr. and Mrs. H. W. Strong and family will move to their farm south of Grass Valley for the summer and later in the fall will trade farms with Truman and wife, who will be in charge of that farm during the winter.

U. S. Crowder and company of Boy Scouts passed through Moro Tuesday, homeward bound from a three weeks outing to the Warm Springs Indian reservation. Each boy was allowed to ride four miles and walk 22 each day they were on the hike. As a memento of their trip they had a 15-day-old gray eagle they had captured in an eagle's nest.

YOU CAN AFFORD TO BUILD NOW!

We Save You 25 to 30 Per-Cent of the Cost.

It Costs Less to Build Now Than Ten Years Ago

The Tum-A-Lum method makes lumber lower today than it was ten years ago—better in quality—and you can buy it as cheaply right here in your own town as you can buy it anywhere in the world. Your farm lands have DOUBLED and TREBLED in value, you get TWICE as much for your grain, but it costs you LESS to build NOW than it did TEN YEARS AGO. You can now put up the buildings you have needed, but which you could not afford because lumber was so high.

Build Better Buildings for Much Less Money

You pay the lowest possible price for honest building material when you build by the Tum-A-Lum Method, and in addition you get the services of our building experts who show you how to make every cent do the most work. These men have made building their life work—they KNOW their business and will help you save 25% to 30% on the cost of your building, just as they have done for thousands of other people.

Our Building Experts Will Show You How

Our building experts have prepared a book of plans of buildings erected here in the Northwest. These designs embody many exclusive features that go to make the best possible building for the least cost. No matter what kind of a building you contemplate building, you want to see this book. Our local sales manager will show it to you and will gladly quote you the complete price. No extras guaranteed for any design shown.

No Extras--Money Refunded for Unused Material

There are no extras to pay for when you build by the Tum-A-Lum Method—we furnish ALL the building material necessary to complete the building. We tell you EXACTLY how much your building will cost before you spend one cent. We furnish blue prints and material list showing where every piece of material belongs. THERE IS NO WASTE—Every piece is figured so that it cuts exactly—no guess work about the complete cost. Should any material be left when building is up, you can bring it back and we will refund your money.

Only the One Right Price to EVERYBODY!

Everybody pays the SAME price at our yards. You do not have to pay for the man who doesn't pay his bills, or make up the difference for the man who gets a special price; you pay the actual cost of the lumber delivered and ONE fair profit. You pay the RIGHT PRICE—nobody can buy for any less.

The Tuxedo Hour

by Walt Mason

Tuxedo's bully all the time; it makes the passing hours sublime, and by its soft and gracious curves it soothes the soul and rests the nerves, and fills my bosom, once again, with peace on earth, good will to men. But best I like it when I've fed this face of mine with jam and bread. When I have dined on Irish stew and beans and boiled potatoes, too, and pie and eggs and cheese and tripe, 'tis then I best enjoy my pipe. When from the table I withdraw, I grip my briar with my jaw, and fill it with Tuxedo mild—the pure Tuxedo undefiled—and smoke away in perfect bliss; no pleasure can compare with this. And in the curling smoke I see a world that seemeth good to me. A world that's debonair and gay, its woes and worries done away. The plans that seemed foredoomed to fail, the work that seemed of no avail, now wear the rosy glow of hope, and I endorse all sunshine dope. 'Tis thus in my Tuxedo hour: the world that seemed so dark and dour, is blooming like a rose of spring, and I'm in mood to laugh and sing.
