### To all Whom it May Concern:

Notice is hereby given that the Tomlin Weeder Co., of Moro, Sherman county, Oregon, is the lawful and exclusive owners of Letters Patent of the United States numbered 1152574, dated September 7th, 1915, covering an invention known as a **Weed Remover** and that by virtue thereof the said Tomlin Weeder Co. has the sole and exclusive right to manufacture and sell the said **Weed Remover** throughout the United States.

Now, therefore, this is to notify all persons making, using, or selling, said or any **Weed Remover** in violation of the rights vested in the said Tomlin Weeder Co. by virtue of the said Letters Patent, that the said company is about to institute such legal proceedings as may be necessary and proper to restrain such persons from so wrongfully making, using, or selling, said **Weed Remover** and to recover damages from any and all persons guilty of the unlawful manufacture, use, or sale, thereof.

All persons concerned are hereby requested to take notice hereof and to govern themselves accordingly.

Dated at Moro, Oregon, this 5th day of July, 1916.

TOMLIN WEEDER CO.

### Notice to the Public.

The Rotary Rod Weeder & Manufacturing Co., of Cheney, Wash., wishes it understood by the farming public of Sherman county that the notice of infringement of patent rights published in the Observer by the Tomlin Weeder Co., does not apply to them or their weeder. Under date of July 10th they write this office from their home office at Cheney, Wash. as follows: "It is possible that as a result of the notice given by the Tomlin Weeder Co. last week, that some of the farmers of your vicinity will not understand the situation and may think that the Tomlin Weeder Co. is threatening us with prosecution. While this is a far fetched situation, we ask you to print a notice in your next issue to the effect that the legal notice mentioned did not in any way refer to our company and that the Tomlin Weeder Co. does not consider our machine as an infringement on their patents. Our machine was patented January 10, 1911, and this is asked by way of precaution and not because we believe the Tomlin Weeder Co. has taken this method of trying to discredit the Rotary Rod Weeder & Manufacturing Co."

The Observer understands that there are a number of persons in Sherman county and elsewhere who are making the Tomlin Weeder for their individual use and also that there are others who are making these machines for sale and use by others, to the loss of the Tomlin Weeder Co. The notice in last weeks' Observer and reprinted in this issue is a wrrning to these people to stop the practice and settle with the Tomlin Weeder Co. before something harder than a printed warning comes to their attention.

Call and see the Blue Beauty Universal cooking range, guaranteed in every respect, made with polished steel top and enameled steel sides, needing no effort to keep clean. We also have the Majestic cooking range, with or without reservoir. Ginn, Coleman & Co.

### Local Church Announcements for Sunday, July 16.

Methodist church:

Sunday School at 10:00 a. m.

Preaching service in Spaulding at 12 (noon) and in Moro at 8:00 p. m.

Evening subject: "The Hands of Christ."

Everybody welcome.

John Robertson, pastor.

### Railroads Arranging for Bulk Wheat.

In anticipation of the grain crop of the Pacific Northwest having to move to the Atlantic seaboard the coming season almost entirely by rail, because of the lack of ocean carriers to transport cargoes from Pacific ports to Europe, the Union Pacific system, including the O.-W. R. R. & N. Co., is arranging to equip 5000 closed cars with inside doors. When this is done it will be feasible to handle grain in bulk and eliminate the necessity of shipping grain in sacks.

### Henry Smith Passes.

One of the few remaining actual pioneers of Sherman county passed away at his home in Moro during the early morning hours of July 11th, Henry Smith at the age of 70 years. Funeral services were held from the Moro M. E. church Thursday afternoon, the sermon being preached by Rev. Robertson; interment in the family plot in Moro cemetery.

Thirty or more years ago a large part of the United States was unknown country. Then it was that the word pioneer meant measurably more than it does today when the hardships that accompanied those who best understood the meaning of the word accompanied the explorers of a new country. Pioneer to some means the life of the early trapper and hunter, but in later years it is best understood as a term to describe the labor and financial loss incurred in trying to learn the secrets necessary to become a successful farmer in a new section. Of this last Henry Smith was one. He was born in Marion county, Iowa, April 25th, 1846, was married to Isabelle H. Ramsey March 17th, 1867, who survives him. To this union was born eight children, two girls and six boys, all of whom are now living; Iva L. Bates of Wellston, Iowa, Myrtle L. Wells of Independence, Oregon, Wm. Lloyd Smith of Kingsley, Oregon, Orville G., Roscoe, and Hubert Smith of Riverside, Wash., Clyde E. and Arthur Smith living in this county; he also leaves one sister, Mary Mills of Donna, Texas. Mr. Smith held a birthright in the Friends church, and after the family came to Oregon, in 1888, he united with the United Brethren church.

### Card of Thanks.

We desire to thank our friends and neighbors of Moro for their many kindness in offers of sympathy and assistance during the sickness and death ot our dear husband and father. May God's richest blessings be with you all.

Isabelle H. Smith and family.

### A Pioneer Passes.

Nathan W. Silver, former Sherman county resident died in Portland June 27th last, was born in Wayne county, Ind., Sept. 26, 1847, and served as a private in the civil war in Co. C, 11th Kansas cavalry. He was married to Juliet A. Heath of Salt Marsh, Kan., Nov. 14, 1867, and to this union were born five children—Nanna J., Eva E., Fannie P., Winnie E. and Chester G, all of whom survive.

In March, 1875, deceased came to Oregon, settling near Turner where he resided until 1904, moving then to Moro, where he was occupied in farming until 1911, in which year he moved to Portland where he resided until his demise at the age of 68 years, 9 months and 1 day. The remains were taken to Turner and intered under Masonic auspices, of which order he had been a member for many years.

### Card of Thanks.

We wish to return our heartfelt thanks to the many friends and especially to the Masonic and Eastern Star lodges for the kindly sympathy and many favors shown us at the time of the death and burial of our husband and father. Mr. J. A. Silver and Children.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The county court of Sherman county has asked for an expression of sentiment regarding the Miller bridge situation at the mouth of Des Chutes river. Petitions are being circulated in the county and quite generally signed, asking the Sherman county court to take action. It is understood that a special term of the Sherman county court will be held August 2d to receive the petitions and then they will be taken to The Dalles the same day and presented to the Wasco county court for their action. All interested parties are requested to make the trip to The Dalles that day with the committee to see that it may be demonstrated that Sherman county desires action on this matter of a safe bridge at that place.

John Philip Sousa
by Walt Mason

The March King's stately name is known wherever music holds its own, wherever drums and cymbals throb, and orchestras hold down their job. A Sousa march—just mention that, and mark how people smile thereat; they know what Sousa's music is; it's melody without the fizz; it's full of energy and pep, and makes old graybeards dance a step; they hear the sound of marching men, of chargers trotting down the glen, the shock of battle and the roar, and billows beating on the shore. And Sousa, when he would compose that music which the whole world knows, fills up his pipe with good old "Tux" (name t'other brands, and he says, "Shucks!"). Tuxedo is the smoke of men who do big things with lyre or pen, who make the old world's wheels go round, whose names will down the ages sound.

JOHN PHILIP SOUSA
And His Band, Says
"All the vim, energy and enthusiasm we put into the playing of 'The Stars and Stripes Forever' we find in the ready use of Tuxedo."
