A Bayword for First, Last and All IS
Good Lumber the Time. Good Fuel

There's More to the Retail Lumber Business Than Just "Selling Wood."

Our business policy is to help you to buy what you want. If you're satisfied you'll come back, and we'll be saved just so much expense in trying to sell. This saving we put into better service, which helps to better satisfy you next time. It's very simple—it's right—it's good business. We lose no time "explaining or apologizing or trying to smooth things"—we don't have to!

We Are in Business to Supply Your Wants in the Building Material Line.

To do that properly requires a fund of expert information that raises this business to the dignity of a profession. We are proud of our business and we'll take great pleasure in helping you to solve any and all building problems. And this does not obligate you in any way—we'll be glad to do it.

Moro High School Notes.

After a successful and eventful vacation M. H. S. is again in full swing.

The enrollment this year is not as large as that of last year, but more are expected. The freshman class leads the school in numbers, there being 13 of the green ones.

The course of study this year consists of English, Foreign Language, Mathematics, Science and History, a course which is satisfactory to all.

A student body was organized Tuesday, Sept. 26, and officers elected as follows: President, Lee Stewart; Vice-President, Carlton Ross; Secretary, Mary Kunsman; Treasurer, Collis Moore; Sergeant-at-Arms, Seral Searcy.

A literary society was also organized and we are going to make it the best ever. Officers are: President, Lee Stewart; Vice-President, Pearl Hennagin; Secretary, Mary Kunsman; Treasurer, Bessie Anderson.

Debating is going to be a feature in M. H. S. again this year and several have stated their willingness to try out and help make it successful. If we don't win this year most of those who are going to try will be back next year with experience to show their ability.

There will be no fall athletics this year, the whole school interests being centered on basket ball during the winter. The boys team will consist of last year's second team with the exception of Seral Searcy of last year's first team. The team will be light, but all have some experience and are going to do their best to make a fast team. The girls will have three of last year's first team and a number of others who look very promising for stars.

A few M. H. S. students and part of the faculty spent a very enjoyable evening playing cards at the home of the Searcy boys Friday evening.

The play ground apparatus has been completed and the recesses are spent very enjoyably by the students and faculty.

Rufus Items.

The fair is now over—a big dance and then the election.

Mrs. Leslie Payne spent the first part of the week in The Dalles.

Rev. Lamb will fill his regular appointment at the church Sunday afternoon.

Harold Marsh of this village had the misfortune of getting an arm broken last week.

Mr. Moreland, who has been on the sick list for the past two weeks is again able to work.

The biggest dance of the season will be held at Deyo's hall on the evening of Saturday, the 21st. The public is invited.

The old Wallis ice house was torn down last week. The razing of this structure marks the passing of another of the "Garden City's" familiar landmarks.

SCHOOL NOTES.

Pupils winning prizes at the fair last week were: Ronald Payne, Joe Mee, Harold Payne, Beulah Brown, Kenneth Payne and Irene Deyo.

Pearle Pyburn gave an interesting talk on London Wednesday morning.

None of the seventh grade pupils missed any words in spelling last week.

The ninth grade class is fairly bubbling over with algebraic expressions.

To celebrate the standardization of the school, the teachers and pupils are preparing an interesting program for the evening of Nov. 3d, to which the general public is invited.

Gasoline tractors, having seven or eight wagons and handling from 20 to 30 tons of freight, will ply between Walla Walla and Wallula regularly next year to connect with Columbia river steamers and make use of the river feasible for Walla Walla shipments.

THERE is an economy wave over the land. American people are beginning to realize that they are living too fast, beyond their means. It has been the rule that the man with \$20,000 a year as well as the man with \$2,000 a year lives up to every penny of his income. Slowly but surely this order of things is changing. The era of extravagance and waste in business and personal expenses is nearing an end. Efficiency and economy is the order of the day. Bank deposits are growing.

It is up to every one to economize. The best and surest way to do so is to place your surplus in the bank. If you already have a bank account make it a point from today on to increase it. Add to it weekly, daily if possible.

IF YOU HAVEN'T A BANK ACCOUNT DECIDE TO OPEN ONE TODAY.
