The First Cold Day

We dread it as much as you do, for we are up against a worse proposition. You COULD get along without TUM-A-LUMP for a day or so and then things would run smoothly again for you. But we, handicapped by a big lot of orders all at once, run the grave risk of delayed or non-deliveries, dissatisfaction, lost customers. Now you will want TUM-A-LUMP this winter and we want you to have it—and it would be best for both of us for us to get your coal in the bin RIGHT AWAY. Let us start deliveries NOW—TODAY—and then neither of us will have have cause to worry over that

Vote 307-No.

Single tax will once more appear upon the ballot in November for the voters of the state to consider. This will make the third time Mr. U'Ren has asked voters of Oregon to pass judgment upon this question. The people have said positively and overwhelmingly, twice, that they wanted none of this, but he is not yet satisfied. He has used all his ingenuity in the way of dressing up his idol so as to make a plausible appearance, but his attempted deception fools nobody but himself. As he admits, his proposal really means confiscation of real property by the state and destruction of private ownership of land.

O. G. Says is driving a new six-cylinder Studebaker.

A. C. Thompson has bought a new six-cylinder Studebaker.

See Mullikin "the harness maker" at Wasco, Oregon.

Additional interesting locals will be found on pages one and four.

Two keys, on a string, has been found and left at this office for the owner.

I. N. Lemon was an interested visitor this week at the Portland horse show.

The little daughter of Mr. and Mrs. G. A. Simon is reported on the sick list.

This is now November and threshing is still going on in the county in the Kent district.

Dave Maxwell is now driving a Chalmers six; D. H. Wright buying Mr. Maxwell's Hup.

Robt. Urquhart is the owner of a new Studebaker six cylinder, which he drives like a veteran.

Hayden Brisbin has sold his farm outfit and lease to A. L. Barzee, a nephew of E. E. Barzee.

Large shipments of spruce for building air ships by the allies is now being made by Oregon millmen.

A. H. Barnum now drives a Saxon Six, purchased through the Walther-Williams Co. at The Dalles.

Frank C. Carey, representing the Walther-Williams Co., has sold to Wm. Henrichs a Studebaker six roadster.

If you are contemplating purchasing a light car, write to Walther-Williams Co. at The Dalles for literature about the Dodge Bros. automobile. It's the best value for the money.

If you believe that a person who has bought land should have the right to use it, then vote 307 No on the Full Rental Land Tax bill.

Dr. Freeze the Eye
Specialist will make regular trips to Moro each month during 1916. Call Moro Hotel.

Al Kirtley is a visitor this week at Portland, where he attended the horse show, going from there by way of Vancouver, Wash., where he has farm interests.

Dodge cars are built honestly and, in the light car field, are the best values in the automobile market. Walther-Williams at The Dalles sells them.

L. H. Martin has rented 800 acres of his farm to Robt. Belshee, retaining the home buildings and about 400 acres with which to keep himself busy.

The school children of the grade divisions of the Moro schools had a reception at the opera house for their parents Monday evening preceding Halloween.

Leon Strong was a visitor this week from Seattle at the home of his brother Truman near Grass Valley, and his parents, Mr. and Mrs. H. W. Strong, near Moro.

Mr. and Mrs. Roy Powell wish to thank their kind neighbors and many friends for kindnesses received at the time of their loss of property when their farm home and its entire contents burned.

Mrs. Wm. Shearer of Shedd is a visitor at Moro, arriving Tuesday evening with her father, Jas. Tomlin, who has been a Willamette valley visitor for the last five weeks.

Mrs. T. R. McGinnis left this week for her home at Corvallis. She has just returned from a visit with relatives at Lone, and stopped to visit with Sherman county relatives on her way home.

J. R. Kaseberg was in town for a short time Tuesday afternoon. He reports the sale of two more Super-Six Hudsons; one to Arthur Sargent and one to Mr. McQuelland, delivery at Wasco.

Dewey Thompson has become one of the farmers of Sherman county on his personal account. Among his first purchases was four set of work harness from J. F. Belshee, proprietor of the Moro harness shop.

A recent three-corner auto deal was the trading by C. G. Silver of his new chocolate Chalmers for a new six-cylinder Studebaker and the trading by W. C. Todd of his Dodge car to the Walther-Williams Co. as part payment on the same Chalmers.

The concrete walks fronting the property of Isaac Thompson, C. G. Huls, C. E. Sheets and O. B. Messenger are completed. It is now up to the city to recognize the work done by providing crosswalks that will connect the new walks with the business part of the city.

Through the agency of Alex Hunter a deal was recently put through by which Elmer Armstrong sold his residence property on Main street to J. P. Morris of Cottage Grove. The house is now occupied by S. H. Arbuthnot, who gives possession next March. Mr. Morris was here recently looking for a suitable location for a small hospital.

Under the proposed single tax Full Rental Value Land bill, in order to use the land you now own, you must pay the state every year its full cash rent value as fixed by appraisers working for the state, people who don't know you and don't care for you. The present owner has one small advantage over any other farmer, he has the first right to become the state's tenant.

C. C. Callaway and family left last week for southern Oregon by auto, intending to cross into western Oregon below Crater Lake.

The sale of farm goods held by Mr. Callaway was well attended and the total amount realized was nearly \$1000 more than was expected, for which Mr. Callaway gives the Observer system of advertising a sale of farm goods a large part of the credit in the securing of a large attendance.

Manufacturers of the Hudson Super-Six have notified John R. Kaseberg, their agent for Sherman county, that the price for this automobile will be advanced \$175 December 1st. This is the same model that will be sold next spring and those who purchase now will save the \$175.

Mr. and Mrs. C. L. Ireland left Monday of last week for a short auto trip through central Oregon, going as far as Redmond by way of Antelope, Madras and Terrebonne, arriving back home Thursday afternoon. They found the roads very dusty from excessive wheat hauling, but the return was by way of LaMonta and Hay Creek over exceptionally fine roads.

M. D. Shanks, republican nominee for State Senator from this district, was a visitor in the county this week. Mr. Shanks is a man of ability for the position in question and, among other qualifications, has had eight years professional experience as an attorney as well as 15 years experience as a farmer, having been born on a farm and spent close to 25 years on one. He is familiar with farming problems and is strongly in favor of rural credits and similar legislation, which his active farming experience would materially aid in the enactment of laws governing such matters. As this is a republican year and Mr. Shanks has the ability to do and the interests of the district are his own, there is every reason why he should receive the full support of republican of the district.

RECENT statistics show that the number of women bank depositors is steadily increasing. It is a healthy sign of business conditions. There was a time when the number of women depositors was practically nil. With the advent in the business world of so many women it was assured that the number of female depositors would show an increase. Women are inclined to be more thrifty than men. Thrift and banking go hand in hand. Many women in this community have bank accounts. To those who have not this appeal is made, Open a bank account today. Once having opened it, add to it. Watch it grow. You'll like the experience.

WE'LL BE GLAD TO EXPLAIN OUR BANKING SYSTEM.
