A large amount of routine business, such as appointment of county officers and the selection of judges and clerks for the elections scheduled for this year, took up the greater part of the time of the county court at this session.

The Observer is in receipt of a personal letter from two Sherman county soldier boys at Camp Lewis, American Lake, in which they say "We wish to thank the friends who remembered us at Christmas time with gifts of candy and cigarettes." The letter was signed by Corporal F. B. Schamel and Corporal A. C. Buckley. We are glad to know that the gifts arrived in time and are as much pleased to note the promotion of two of our Sherman county boys.

The announcement that the Moro Theatre this Saturday will present Ibsen's "Doll's House" will be of signal interest to devotees of the screen who like best the standard work done into purposeful plays for their entertainment. The part of Nora Helmer has been played by Mrs. Fiske, Nazimova, Eleanor Duse and other famous stars of the stage, but Dorothy Phillips will now present the character for the first time up on the screen. Lon Chaney and Wm. Stowell will lead Miss Phillips' supporting company.

Clare Axtell has a new method to clean the surplus grease off the engine of his Ford car. It works fine, but is advisable only in cold weather. Saturday evening he met up with Dayton Henricks assisting Dell Benson out of a mud hole close to his place and let his engine run idle to supply light with which to work. After the work was finished and going back to his car he found the fan belt gone and that pre-ignition had caused his engine to "see red" and the steam was boiling something fierce. Shutting off the gas supply while Dayton passed the mud hole was long enough to cool the mechanism and he then chased Dayton's car as far as his home with no damage done except to the surplus grease on the engine.

There will surely be held at the DeMoss park next summer, most likely 4th of July week, a regular full course 6-day Chautauqua. A subscription list for advance ticket sales shows now more than 225 sold. Under the contract with the Chautauqua management when 450 tickets are sold the price must advance. Any one wanting to subscribe for tickets now, at practically half price, can do so by notifying E. A. Medler at Wasco, J. P. Strahl at DeMoss, the Observer at Moro. The tickets now sell at \$2.50 for adults, \$1.50 for high school and \$1 for grammar school pupils, admitting to 12 entertainments. That is about 20c an entertainment as against 35c to 75c if you are not one of the first 450. The first 450 have first choice of reserved seats, an item worth considering.

A well equipt elevator today returns the greatest revenue of any structure of storage character. This is proven by the entrance of private capital into the field.

Farmers' unions have developed farmers' conditions into the high plane we see them today and now, farmers, do not let your grain handling slip back into private hands.

Our Elevator Department with skilled Architects, Engineers, Millwrights, and Mechanics, is daily solving many Elevator problems for customers.
