

THERE is an economy wave over the land. American people are beginning to realize that they are living too fast, beyond their means. It has been the rule that the man with \$20,000 a year as well as the man with \$2,000 a year lives up to every penny of his income. Slowly but surely this order of things is changing. The era of extravagance and waste in business and personal expenses is nearing an end. Efficiency and economy is the order of the day. Bank deposits are growing.

It is up to every one to economize. The best and surest way to do so is to place your surplus in the bank. If you already have a bank account make it a point from today on to increase it. Add to it weekly, daily if possible.

IF YOU HAVEN'T A BANK ACCOUNT DECIDE TO OPEN ONE TODAY.

Where Diamonds Come From.
In the great diamond fields of South Africa the stones are found in what are called "pipes," round or oval stems of a peculiar sort of rock, several acres in extent at the top and running down to unknown depths. Near the surface this rock, rich in iron, is disintegrated by exposure to the weather and assumes a yellowish color. The precious gems are readily extracted from the friable rock.

James S. Stewart

Republican Candidate for Representative

28th District, including the counties of Sherman, Gilliam and Wheeler

Mr. Stewart is Wheeler county's only candidate for Representative and in common fairness each of the three counties in the district is entitled to direct representation at Salem. He served in the 1915 session as a member of the Legislature and at the 1917 session as Legislative Committeeman of the Oregon State Grange and invites inspection of his record in both capacities.

PROMINENT PROGRESSIVES IN OREGON ENDORSE COMMITTEEMAN

Portland, Oregon, April 23, 1918.

To the Republican Voters of Oregon:

We, the undersigned, all formerly Progressives and now registered Republicans, wish to add our endorsement to the candidacy of Ralph E. Williams, of Portland, for re-election on May 17 to the position of Republican National Committeeman. We endorse his candidacy for the following definite reasons:

In the first place, if Mr. Williams had not invited and encouraged the Progressives to join with the Republicans of this State in 1916, there would have been no active co-operation between the two forces and Oregon would have been lost to the Republican cause. Mr. Williams advocated the adoption by the Republican National Committee of a similar program of amalgamation and co-operative action in the other States. If his suggestions concerning California and Washington had been followed, those two States would also have been found in the Republican column after the national election.

Mr. Williams' attitude of friendliness toward Colonel Roosevelt is generally known to Republican leaders throughout this country and State. The same spirit of unity which Mr. Williams was so largely instrumental in effecting in Oregon in 1916, he also strove successfully to bring about at the recent meeting of the Republican National Committee at St. Louis.

The new chairman of the Republican National Committee, Will H. Hays, who was elected at the St. Louis meeting, has joined with George W. Perkins, chairman of the Executive Committee of the former Progressive party, in commending Mr. Williams' efforts to achieve harmony at St. Louis. On the occasion of his recent visit to Portland, Mr. Hays called attention to the splendid spirit of harmony which now prevails among all elements of the Republican party in Oregon and earnestly urged that it be maintained.

Mr. Williams' record as an earnest supporter of the Government in the energetic conduct of the war, is widely known, owing to the aid he has given all war activities.

We believe in all fairness that Mr. Williams' services as outlined above, entitle him to re-election. We also believe that you are entitled to know where we stand with regard to his candidacy and for that reason, we have addressed this statement to you.

HENRY WALDO COE,
Progressive National Committeeman for Oregon.

THOMAS B. NEUHAUSEN,
Ex-Chairman of State Progressive Party.

Cannot Grow Coffee in Europe.

Attempts were made by the Dutch to introduce coffee cultivation in Europe, but without success, as the climatic conditions were not favorable. A number of plants were raised in the hothouses of the botanical gardens at Amsterdam, and the mayor of that city sent some of these plants as a present to King Louis XIV of France, who had them cared for in the hothouses of the "Jardine des Plantes" in Paris, where they yielded several crops.
