

THERE is an economy wave over the land. American people are beginning to realize that they are living too fast, beyond their means. It has been the rule that the man with \$20,000 a year as well as the man with \$2,000 a year lives up to every penny of his income. Slowly but surely this order of things is changing. The era of extravagance and waste in business and personal expenses is nearing an end. Efficiency and economy is the order of the day. Bank deposits are growing.

It is up to every one to economize. The best and surest way to do so is to place your surplus in the bank. If you already have a bank account make it a point from today on to increase it. Add to it weekly, daily if possible.

IF YOU HAVEN'T A BANK ACCOUNT DECIDE TO OPEN ONE TODAY.

Probably a dozen cars were hung up on the ten mile stretch of road between Grass Valley and Moro Friday from midnight on, because of tire trouble and too fast and careless driving.

The state Honor Flag won by Grass Valley by reason of being the first city in Oregon to complete their quota of subscriptions for the Third Liberty Loan will be dedicated at that place Thursday of this week.

Friday evening, when driving to Grass Valley for the declamatory contest, Al Kirtley turned out too far while passing a car just this side of F. L. Kee's with the result that the edge of the grade gave way and let his Studebaker anchor itself until morning. One passenger received a few cuts on the face from the wind shield when the car made its sudden stop.

A large number of presents were received by the graduating class of Moro High School commencement week, but probably the one coming the longest distance was a copy of "Nations at War" by William Curtis Abbott sent by H. W. Jones of Minneapolis to his nephew, Lee Stewart. Mr. Jones is an architect by profession, and is a great-grand-son of the author who wrote the nation's widely known song "America."

Harvey Wells, state fire marshal, and Major Richard Deich, commander of the Oregon Military Police, were in Sherman county last week consulting with the county authorities as to plans for fire prevention during the summer. The plans discussed included field and threshing machine fires, as well as warehouse and elevator. They were giving particular attention to having all warehouses completely enclosed by tight boarding under the buildings.

The eternal proposition of giving your best girl a treat semi-occasionally, preferably on Sunday afternoon, is yet in vogue, but the method varies with the circumstances of the case. Two young men of Moro took their young lady friends for an auto ride last Sunday and when the question of treats came to the fore, it was discovered that they had providentially equipped the party with a bucket of nice fresh lettuce and several bunches of radish. Names not published, but it is a good way to start Hooverizeism right from the start. Write to box 191 or phone 3F24 Wasco.
