Sherman County Tractor School

The Oregon Agricultural College is considering the advisability of holding tractor schools in counties most interested in the same a little later in the season. Whether Sherman county gets one or not depends upon the demand for the same made by those interested, through the County Agent. Such schools will be conducted by Prof. W. J. Gilmore, professor of Farm Mechanics, who is a very able man. The subjects dealt with will be made to fit the county conditions in every case and should be very helpful. We will try and get in touch with tractor owners by letter, soon. If you are interested and do not own a tractor let it be known so that your name can be placed on the list.

Wild Animal Shipments. Yellowstone National park is growing in importance as a propagating and distributing center for certain kinds of wild animals. During February last 25 elk, 18 of which were bulls, were shipped to points in four states—Idaho, Illinois, Texas and Minnesota. The Yellowstone contains more wild animals in a state of nature than any other preserve in the world. It is the policy of the department of the interior to pass with supervision all male buffalo, beaver and bear to federal, state, county and municipal authorities, for exhibition and propagation, where laws exist which will properly protect them.

Tea Dealer's Troubles. Tea dealers claim that since the beginning of the war their profits have dwindled considerably. Since 1914 ocean freights have increased more than 800 per cent, and in addition to the increase in freight rates there is a high rate of war insurance quite apart from marine insurance. The cost of tea at the gardens in Ceylon and India has also increased, principally because the British government takes a large part of the output. A Canadian tea dealer said lately that tea consumers in Canada were better served in quality for prices than any other country in the world.

Bees Now Sugary. In this year of war, with a shortage of sugar, more farmers will find it profitable to keep bees, and the man who now keeps bees will find it profitable to give them better care, says Farm and Fireside, adding: "Tons of honey go to waste every year through lack of bees and through failure to care for bees in the most all-around way. One this year is no year for waste."

MISUNDERSTANDING CLEARED UP

A misunderstanding relative to the canteen work of the Y. M. C. A. has been cleared up by the War Department, which issued the following: "Water of prices asked by Young Men's Christian Association for its articles sold in canteens overseas already investigated by war department and condition is being remedied. The Young Men's Christian Association was originally asked by General Pershing to run the canteens for the army on a cost basis, in order to do this it had to reckon in price fixing such overhead charges as transportation charges and marine insurance so that prices were much higher than in this country. The Young Men's Christian Association made up profits, but lost thousands of dollars. Arrangements now made will enable them to obtain supplies from sources that will reduce overhead charges and keep prices down."

UNITED WAR WORK OFFICERS

State committee officers for the United War Work Campaign are: W. E. Ladd, chairman; G. W. Davidson, director; John W. Kelley, and Mrs. William H. Marshall, associates; director publicity, Ira E. Powers; speakers and entertainers' bureau, J. W. Day; students, John H. Rudd; victory boys and girls' feature, Walter A. Gess. Chairman of the seven allied organizations:

Y. M. C. A., Mr. Ladd; Y. W. C. A., Mrs. William MacMasters; War Camp Community Service, Emory Olmstead; American Library Association, W. L. Brewster; Knights of Columbus, Frank J. Lonergan; Postmaster, Jewish Welfare Board, Ben Sellins.

John R. Mott, of New York, is director-in-chief and Lyman L. Pierce, of San Francisco, is director of the Western Department, embracing eight states, including Oregon.

Huts for Nurses

Huts for nurses are maintained by the Y. W. C. A. at the base hospitals in France. To extend this work a portion of the United War Work funds to be raised in November will be used.

PERSHING'S "DO WITHOUT IT" CLUBS

Organization of "do without it" clubs in America, as a means of aiding the United War Work campaign, which opens November 11, was recommended by James F. Pershing, brother of General Pershing, in an address delivered recently in Portland in behalf of the drive. He urged the American people to make some sacrifices in order to help "carry on" the great undertaking that is to furnish money for war work in the battle zone during the coming year. A great percentage of American people, he said, do not know from any sacrifices made thus far, that a war is in progress. Realization of activities because of peace propaganda, he declared, should not be tolerated, and asked people of the country to throw their whole energy and co-operation behind this latest drive for securing funds for the seven big war-working agencies consolidated in the campaign.

What the Burns News said of Governor Withycombe in the primary campaign is equally true today: "The many level-headed actions of Governor Withycombe, coupled with his undoubted and unquestioned patriotism, with his tenacity of purpose to assist Oregon, and its citizens in the fullest efficiency in domestic, commercial and military affairs, entitle him to the endorsement of the electorate of Oregon."

REPAIRMENT is the magic word today. It is on every tongue. Are you prepared for sickness or business misfortune? Have you enough cash to tide you over? If you haven't a bank account make up your mind to open one today. If you have an account decide to increase it. The man with the substantial bank account can look the world in the face. A good balance in bank begets confidence. It makes for independence. The business man with a good balance in bank always is prepared to take advantage of an opportunity to buy cheaply for ready cash. BE PREPARED WITH A BANK BOOK FOR ANY EMERGENCY.
