Remembered Diagnosis.

When Sophie was nine years old she was not feeling well and had what she thought a great deal of pain. The doctor was called and he said: "Oh, you're all right; those pains are just growing pains." A few days later a friend of the family called and inquired of Sophie how she was feeling. "Oh," she said, "I am better, but still growing."

Science Foretells Cyclones.

Cyclones may be anywhere from 50 to 500 miles in diameter, and may travel over a path 5,000 miles in extent. Within a few years modern science has done much to increase our knowledge of cyclones and the sailor of today knows not only in what region to expect them, but he has also learned the path in which they move and direction of the wind.

Going to Grass.

In Spain there are shoes made of grass, and they will wear for 25 years. But we'd as soon eat grass as rely on it for footwear, and who wants to wear a pair of shoes 25 years, anyhow? —Buffalo Times.

Reward for Return

Or for any information that will lead to the recovery of light-weight, slim built black 3-year-old mare mule that left my place some time last week. Collar marked; no visible brands; plain scar on hind heel.
