## Examination for Postmaster at Kent

The United States civil service commission has announced an examination to be held at Kent, Oregon, on November 21st, 1919, for the position of postmaster at that place. The compensation of the postmaster at this office was \$531 for the last fiscal year. To be eligible for this examination an applicant must be a citizen of the United States, must actually reside within the delivery of the office, and have so resided at the time the present vacancy occurred. Applicants must have reached their 21st birthday, if a man, or their 18th birthday, if a woman, on the day of the examination.

Full information concerning the requirements of the examination may be secured from the postmaster at the place of vacancy, or from the civil service commission, Washington, D.C. Applications should be properly executed and filed with the commission at Washington, D.C. in time to arrange for the examination of the applicant.

## DeMoss is Still on the Map

Friday night the pupils and teacher, Mrs. Lola E. Harris, of the DeMoss school gave a Halloween party for the parents. About 45 were present, all having a good time playing games with plenty of jack-o'-lanterns, ghosts, and witches. Elsie Ogle very nicely took the part of a gypsy, telling all their fortunes. Refreshments consisting of hot baked beans, ginger bread, pumpkin pie, and cider were served.

Before the party closed it was voted to meet again in the school house Sunday at 10 a.m. and organize a Sunday School. Sunday morning most of the people of the community met and elected the following officers: Superintendent, R. C. Byers. Secretary, William McKinney. Assistant Secretary, Elmer Newton. Music Director, G. G. DeMoss. Teachers and other officers are to be elected next Sunday. The first Sunday's collection was \$4.16. An orchestra is to be organized and music will start at 9:45. Every body is welcome to our Sunday School.

In its ninth year of growing success the Pacific International Livestock Exposition will be given at Portland, Oregon, the week of November 17 to 22 under the roof of a new pavilion covering 7 1/2 acres and representing an investment of nearly half a million dollars. Three thousand pure bred animals in the cattle, horses, sheep, swine, and goat classes have been entered. Eleven states are represented in the exhibits. Coincident with the Exposition will be held the extensive exhibits and practical educational program of the Western Dairy Products Show. The annual convention of the Western Dairy Inspectors' Association will also be held in conjunction.

R. S. Goff reports two Fordson tractor sales this week that are of more than usual importance. One was a Fordson to Roy Barnett, of Kent, who takes a disc, plow, and Fordson with electric light equipment. The other sale was to Guy Hoskinson, also at Kent, who takes a plow and Fordson equipped with fenders and top. All machinery mentioned are of Fordson manufacture and built to operate with Fordson tractor. A man can buy rubber tires for his Fordson wheels for use when trucking on the road and can also buy a sickle bar that will fit mechanisms built in the machine that changes the tractor to a self propelled mowing machine.

Is the doughnut to be the enduring symbol of the great war? That may well happen. Symbolism is often accidental and unconscious. A comparatively trivial episode may crystallize the imagination and provide the enduring record, says Philadelphia Inquirer. Why should not the doughnut have this honorable office as well as any other implement? By all accounts it played a high part at the front. The figure of the Salvation Army girl frying doughnuts might well stand in the most conspicuous niche of the new temple of fame.

Profiteers and manipulators of corners in the necessities of life have no philanthropy. They will sell abroad if selling abroad is more profitable than the domestic markets, says Baltimore American. But the time is at hand when Americans are entitled to consideration in return for the unselfishness and sacrifice which they practiced during the war. Otherwise conditions will become intolerable.

In English law, the deceased wife's sister can be married, but not the deceased husband's brother. If the latter is confronted with the long and hard legal battle which the former had to carry on for her marital rights, he will probably quit the contest in disgust and rest satisfied with marrying out of the family.

Judging from the casualties reported among enthusiastic scientists who are seeking to evolve their own intoxicants the price of stomach pumps is due for a horizontal increase.
