MORO, OREGON.

Entered as second class matter at the post office at Moro, Oregon, July 25, 1931.

FRIDAY.....November 14, 1931

C. L. IRELAND.....Manager.

"My Country 'Tis of Thee, Sweet of Liberty."

Official Paper for Sherman County.

Remember Mullikin, the harness man, is now at Wasco. Call and see him.

Shrine of a Fallen Idol

It is comparatively easy to kill men; but their foolish ideas die hard. There are still Germans who believe in that absurdity called the divine right of kings. The important question, for the future of the German people, is how many of them still subscribe to that discredited myth. The Preussische Zeitung of Berlin editorializes to the effect that "the old conception of the monarchy which places the king above the judgment of men still holds good." The strong men of Germany would like to keep this faith alive in the people, because then the people would continue to be their willing tools. Wilhelm, as a man or as a king, is now thoroughly discredited, says Binghamton Press. But it is still possible to make a martyr of him. Convinced by an international tribunal, and put out of the way in some quiet corner of the world, the former kaiser may be a more potent influence with his besotted people than he was in the days of his power.

Moisture Precipitation Compilations

Given a good precipitation properly distributed throughout the crop year and we can bank on a good wheat yield over the county. For that reason the following information, compiled by D. E. Stephens, superintendent of the Experiment Station, will be of interest to many:

	Crop Year	14 Year
	1918-19	1919-20
September	1.03	1.83
October	1.58	1.04
November	1.00	*1.25
December	.91	1.61
January	2.19	1.60
February	1.48	1.04
March	.83	.83
April	1.00	.63
May	.18	1.23
June	.07	.85
July	.08	.19
August	.17	.24
*to date		
Total	10.47	4.12

Notice how near the precipitation for the last crop year was above the monthly average of the past 14 years and then notice the drop to below the normal in the most vital and important months of May and June.

Notice also that the average for the present crop year is again similar to that of the previous crop year.

Lost Baggage of A. E. F.

Mrs. L. V. Moore, chairman of the Home Service Section, Red Cross, has asked publication of the following:

There are at present approximately 150,000 pieces of lost baggage belonging to members of the A. E. F. on the government docks at Hoboken, N. J., made up of trunk lockers, bedrolls, suitcases and barracks bags which have come from overseas and remain unclaimed by their owners.

Much of this baggage is marked with names only and cannot be forwarded to the owners. In all cases a new shipping address is required. All who are owners of lost baggage should address their claims to Lost Baggage Branch, pier No. 2, Hoboken, N. J., and give an accurate description of the missing piece of property.

Be sure to give last military address, correct home address and any other identifying information that might be helpful. A complete card index permits prompt identification and the baggage will be forwarded by express at government expense if on hand at Hoboken. The Red Cross desires to assist each man from overseas to recover his lost property.

Bargains in Farm Property

I am offering some extra good values in south Wasco county farm property. These are all priced at a conservative figure and will sell quickly to discriminating buyers. Prices are not mentioned because other factors must be considered as well as the quality of the land. Stock, equipment, location, and some times lease on joining lands have a value to the purchaser more than to the seller.

No. 1. 450 acres on 15 mile creek, about 4 mile from Dufur. Stock, machinery, and cattle goes with the place. Fair buildings.

No. 3. 425 acres on 15 mile creek, 1 mile from Boyd and only 2 1/2 mile from Dufur High School. 160 acres in fall grain. 14 acres sowed to alfalfa and more could be. Good buildings.

No. 4. 1100 acres near Maupin. Ditch water right paid on 60 acres. 225 acres in fall wheat. All stock, including 27 head of cattle, 16 head of colts and horses, and 25 head of hogs, and the machinery can go with place. Plenty of water, fair buildings. A mighty fine bunch of all year pasture goes with this place. Easy terms.

For terms and prices write to W. C. Hanna, Dufur, Oregon.

The officers of the Pacific International Livestock Exposition have appropriated \$500 to pay the expenses of boy stock judging teams of the northwest to visit the exposition next week. Teams are made up of three boys from standard livestock clubs, which in turn is composed of not less than five boys who are taking the same club project, 75 per cent of them must finish. Sherman county has just one club, located at Grass Valley, four members having finished their projects. At a tryout last week the judges selected Dick O'Brien, Don O'Leary, and Arthur Bucholtz, with Albert Folda named as alternate. The boys will leave on the 16th.

Centralia, Wash., was the scene of a murderous attack by I. W. W. on an unarmed parade of returned soldiers celebrating Armistice Day. Four men were shot to death from buildings as the parade paused to allow the rear to close up with those in front. When murderers, such as these, are not given advantage of all the devious delays of the law and men everywhere realize that it is not a question of labor, unions, or capital; that it is a deliberate attack on our future liberty; that it has been culminating for years; the shoe shift given these scoundrels will be of wholesome benefit to the country in which we live.

Wait for Dr. Freeze, if you need eye services. Trips each month to Moro and other towns.

The public is cordially invited to attend the church services and visit the reading room.

There are 1,250,000 dependent wage earners in the United States because they could not or would not save during their working days. The support of these costs \$220,000,000 a year. Save.

Patriotism without common sense amounts to nothing. So it is well enough for Uncle Sam to be always on guard against the fools who love him well but not wisely.

Ten thousand Yanks have taken French girls as brides. Will our American girls please restrain themselves from making catty remarks?

Clemenceau may retire from the sight of men but the memory of him and his work will be forever green.

Before taking an airplane ride, better take a liberal dose of "safety first."

"Hop-off" is now a legitimate noun in the English language.
